Press 5 personal pass code

Change Greeting:

Press 4 personal options

Press 3 greetings

Press 1 personal greeting

Troubleshooting and Repair

For Trouble Accessing Your Voice Mail Box:

Call your phone number from another phone to make sure you have set up your voice mailbox on

the correct extension.

Make sure your phone is set to tone and not pulse (look for a small slide or switch on your phone or base)

For Trouble Dialing Off Campus:

If making regional or long distance calls, make sure your pre-paid phone card or calling card is active

Make sure your phone is set to tone and not pulse (look for a small slide or switch on your phone or base)

Stutter Dial Tone: indicates a voice mail message

For Static or Noise: Call 4160 or e-mail: telephone@hamilton.edu

For No Dial Tone:

Check all connections

Make sure you are plugged into the voice jack and not the network jack

Try another phone in the jack to make sure it is not your phone. Remember cordless phones need to be charged and have batteries that need replacing
