Blackboard Learn is Hamilton's course management system. Almost every course section at Hamilton will have a corresponding Blackboard course space, which is easily accessible on- or off-campus via My Hamilton (<http://my.hamilton.edu>). The following pages contain Hamilton-specific information, solutions to common problems, and links to tutorials produced by other institutions. The best sources for information on specific features in Blackboard are the [Users' Manual](#) (Tools page of any course space, "[Blackboard Help for Students](#)") and the [Instructors' Manual](#) (Control Panel of any course space, Help section, "[Blackboard Help for Instructors](#)"). For further information, please call 859-4877 or email [blackboard@hamilton.edu](mailto:blackboard@hamilton.edu).
