Message from the Director of Campus Safety

Hamilton College attracts the nation’s most talented students and scholars. College Hill is truly a special place, yet in today’s society, the Hamilton College Campus Safety Department faces the same challenges as other schools across the country. Campus Safety is committed to providing a safe and secure learning and working environment for every student, faculty member, staff and visitor to Hamilton. Safety and well-being is our highest priority and my primary concern.

Campus Safety’s dedicated and experienced staff is ready to assist the Hamilton community at all times. The security of our campus is a joint effort that involves us all. Your thoughts and ideas are important to the continuous advancement of our safe learning, working and living environment. By cooperating with each other, exercising good judgment and using basic crime prevention safety measures we can all be assured of the safest possible experience.

This handbook is designed to inform the Hamilton community of the programs and services Campus Safety will provide. In 1990, Congress enacted the Crime Awareness and Campus Security Act of 1990 (Title II of public Law 101-542), which amended the Higher Education Act of 1965 (HEA). This act required all postsecondary institutions participating in HEA’s Title IV student financial assistance programs to disclose campus crime statistics and security information. It is generally referred to as the Clery Act. We also hope it will influence and encourage safe behavior and inspire and invite others to partner with us in our mission to reduce criminal activity on and near our campus. The procedures for preparing the annual disclosure of crime statistics including reporting statistics to the campus community are obtained from the following sources: Campus Safety, law enforcement, and non-police officials. For statistical purposes, crime statistics reporting to any of these sources are recorded in the calendar year the crime was reported. In addition, a written request for statistical information is made on an annual basis to all campus security authorities.

All statistics gathered are compiled and reported to the campus community via this report, published by Campus Safety. Campus Safety submits the annual crime statistics published in this report to the Department of Education. The statistical information obtained by the Department of Education is available to the public through the DoE website.

Cooperation is critical to the success of our mission. I ask all members of the Hamilton community to make responsible choices, discourage careless behavior, and to promptly report any suspicious activity. It is my pleasure to work with everyone collaboratively as we strive to achieve our goals.

Francis A. Manfredo
Director of Campus Safety
Campus Safety: Educators and Protectors

The Department of Campus Safety is dedicated to providing the highest quality of public safety services to the college community in support the College’s academic mission.

Every encounter between a Hamilton community member and a Campus Safety officer is an educational opportunity. We strive to make all encounters positive, but confrontations are inevitable. By explaining the nature of campus policies and referring infractions to College administrators for follow-up discussions, Campus Safety officers attempt to make confrontations beneficial.

Campus Safety officers derive their authority from Article 7-A of the New York State General Business Law. Our personnel are officials of the College with specific responsibilities for safety, security and traffic control enforcement. Officers completing The Enhanced Security Officer Training Course also derive limited law enforcement authority from Article 129-A, sub-section 6435 of the New York State Education Law. Enhanced officers are authorized by state law to make arrests. Campus Safety officer’s jurisdiction is confined to the geographical boundaries of all properties owned by Hamilton College. The officers of the Department work closely with the Town of Kirkland Police Department in criminal cases and situations where arrests may be warranted.

The Department takes pride in its strong working relationship with the Town of Kirkland Police Department, as well as state and federal law enforcement agencies. We communicate directly with each other and cooperate in many investigations.

The Department of Campus Safety is located in the ranch-style building south of Dunham Residence Hall. The office is open daily from 7:00 a.m. – 11:00 p.m. At all other times, the communications center on the first floor of Bristol Campus Center is open. Campus Safety personnel are always on duty, 24 hours per day.

This handbook is produced in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. It outlines the Department’s services and resources that are available to everyone on College Hill. Hamilton College’s crime stats are made available electronically on the Campus Safety webpage and in written form upon request.

Campus Security Authorities

Campus officials that have a significant responsibility for student and campus activities are considered to be Campus Security Authorities as defined by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998. The following list denotes the Campus Security Authorities for Hamilton College:

Clery Policy Statement Addressing Counselors

Campus “Pastoral Counselors” and Campus “Professional Counselors”, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary (not confidential) basis for inclusion into the annual crime statistics.

Counselors are defined as:

- Pastoral Counselor is an employee of an institution, who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as pastoral counselor.
- Professional Counselor is an employee of an institution whose official responsibilities including providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Anthony is a graduate of the Mohawk Valley Community College earning an associate degree in Criminal Justice. In addition, Anthony is a level 1 Fire Investigator, certified instructor and holds numerous certifications from NYS OFPC and FEMA. Anthony will be responsible investigating all serious incidents occurring on campus.

Security Awareness Programs Education and Outreach

The Department of Campus Safety promotes personal safety and responsibility and proactively deters crime on campus through the following campus outreach programs.

Rape Aggression Defense

This nationally-recognized basic self-defense class for women is offered through the Department of Campus Safety in collaboration with the Office of the President and the Harassment Grievance Board. Participants learn physical techniques for defending themselves against aggressors and participate in the culminating simulation experience where they can apply and hone their skills. This twelve-hour course is typically offered once or twice per year. While enrollment preference is given to students, all Hamilton women are able to participate in this program free of charge.

Basic Self-Defense

This class is offered to both men and women, and participants learn the same physical techniques as RAD for defending themselves against aggressors and participate in the culminating simulation experience where they can apply and hone their skills. This twelve-hour course is typically offered twice per year.

Fatal Vision

Using unique and specialized eyewear, Campus Safety instructors are able to simulate the disabling effects of alcohol consumption for student participants in this program. The students are asked to complete simple tasks while wearing the specialized eyewear that simulate varying levels of intoxication. This very popular program lasts about one hour and is offered in Hamilton’s residence halls in cooperation with the Department of Residential Life and their staff of Resident Advisors (RAs). This program is offered at the beginning of the fall semester for presentation to all students. In addition, Fatal Vision can be presented at anytime, throughout the school year, for any community member interested in the program.

During the 2012-2013 academic year Hamilton College offered four security awareness programs to the campus community. The common theme throughout these programs is to encourage students and employees to be responsible for their own safety and security as well as the safety and security of others.

Crime Prevention and Fire Safety

Campus Safety officers are available to assist RAs with residence hall programming about personal safety issues and fire hazards. These programs are also offered in non-residential settings and are available to any member of the community. These programs are typically offered at the beginning of the fall semester but are available for presentation to any community member throughout the school year.
In addition to offering programs, the Department of Campus Safety takes an active role in assisting with the fire safety and inspection programs mandated by the State of New York. These mandates include performing fire drills, performing fire inspections of all college owned property, and actively monitoring conditions to prevent any potentially dangerous conditions that could lead to a fire.

The State of New York requires that four fire drills be performed, in every college owned building that is used as a residence hall, during the course of the school year. This is divided so that two drills are performed in the fall semester and two drills are performed in the spring semester. The drills are designed to give the building’s occupants a sense of familiarity with procedures in the event of a real fire or emergency.

Academic and Administrative buildings have three fire drills, per year, performed to assist the occupants with gaining familiarity with emergency procedures. These fire drills are spread out over the course of the academic year.

**Reporting Emergencies, Crimes and Policy Violations (x4141 non-emergency, x4000 emergency)**

Despite Campus Safety’s best efforts, crimes and policy violations do occur on College Hill. Community members should promptly report all crimes, emergencies, policy violations, and any suspicious behavior that they witness. Campus Safety will investigate all reports and activate the appropriate College judicial procedures. A dispatcher is always on duty to answer calls from concerned members of the Hamilton community. Campus Safety is ready to respond to all situations on campus and will coordinate with local agencies to ensure that the proper resources are available. Campus Safety incident reports are forwarded to the Dean of Students Office for review and referral to the Judicial Affairs for potential disciplinary action. A Campus Safety Investigator will investigate a report when it is deemed appropriate. Additional information obtained through the investigation is also forwarded to Judicial Affairs. If assistance is required from the local police department or the local fire department Campus Safety will contact the appropriate authority. In the event a sexual assault is reported staff on the scene, including Campus Safety, will offer the victim a wide variety of services. All emergencies should be reported to the Department of Campus Safety; persons who dial 911 on a campus phone will be connected to Campus Safety. All members of the campus community are strongly encouraged to promptly and accurately report any suspicious behavior or activity, crime, acts of violence against themselves or another or any circumstances that require attention. These reports should be made to Campus Safety so they can be assessed for issuance of a timely warning notice. A timely warning notice will be issued if there is a serious or continuing threat to the campus and for inclusion in the annual disclosure of crime statistics. Members of the Hamilton community should report crimes to any member of the Campus Safety Department, any Dean within the Dean of Students Office, or any Campus Security Authority (CSA). When the victim of a crime elects to file a police report, or is physically or mentally unable to make such report, the college will notify law enforcement on behalf of the victim. Campus Safety cannot guarantee the confidentiality of any reporting party and therefore does not have any procedures for voluntary, confidential reporting of crimes for inclusion in the annual disclosure of crime statistics.

Anonymous reporting by voicemail, text or e-mail message - Tipnow (315) 282-5426

Hamilton College has contracted with/TipNow/http://tipnow.com/ to allow individuals (students, faculty and staff) the opportunity to anonymously report suspicious or criminal activity or forward information to the Department of Campus Safety. Individuals can text, email, or leave a voice-mail from their cell phone or computer regarding the activity they have observed. The user’s identity remains completely anonymous as the TipNow system changes all user information to an alpha-numeric code before the message is delivered to Campus Safety. The information sent by the user is delivered to Campus Safety computers and cell phones and can be immediately acted upon by members of Campus Safety. TipNow insures that all user information remains completely anonymous.
It is important to remember that if a situation needs immediate attention, such as a fire or medical emergency, community members should dial 4000 and report the situation in person. Emergencies often require additional information that cannot be quickly or easily obtained from the TipNow system.

**Blue Light Emergency Phones**

Several call box telephones are installed across campus and are indicated with signage and/or blue lights. These phones are directly connected to the Campus Safety dispatcher and are intended for emergency use only. Community members are strongly encouraged to utilize these emergency phones anytime they feel uncomfortable in a situation or require immediate assistance from the department.

There are ten blue light emergency phones located throughout the campus. They are located in the following areas:

- North Lot
- Woolcott House (Front)
- Bristol Campus Center (Rear)
- Martin’s Way Bridge (South Entrance)
- Major/McIntosh/Minor
- Fieldhouse Lot
- New Lot
- The Little Pub
- Root Extension Lot

**Available Resources**

Many Hamilton offices and local agencies are available to assist members of the community in emergency and crisis situations.

**Administrator on Call (dispatched through Campus Safety X4000)**

An administrator from the Division of Student Life will be informed of all serious situations that occur on campus and will respond, when necessary, to emergency situations.

**HCEMS (dispatched through Campus Safety X4000)**

A squad of certified student Emergency Medical Technicians responds to all on-campus medical emergencies. This service is overseen by the Department of Student Health Services and maintains a strong working relationship with area EMS agencies such as Clinton Fire Rescue and Central Oneida County Volunteer Ambulance Corps.

**Counselor on Call (dispatched through Campus Safety X4000)** a professional counselor from Hamilton’s Department of Counseling and Psychological Services is always available for emergency consultations. Non-emergency counseling is available to all students by contacting the Counseling Center (x4340) during business hours. Conversations with Hamilton’s counselors are free of charge and confidential. During non-business hours a counselor can be contacted confidentially by first contacting the Department of Campus Safety dispatcher. The dispatcher will arrange for the counselor on call to contact the individual directly. All information will remain strictly confidential.

**Kirkland Police Department (853-2924 non-emergency)**

Informational questions about local laws or reports of civil crimes can be directed to the Town of Kirkland Police Department by telephone. KPD will not respond to a campus call without informing the Department of Campus Safety. Campus Safety officers may request additional support from KPD. As the local police authority, KPD is the contact agency for questions relating to our local sex offender registry. Community members may also access the New York State Sexual Offender Registry at the following web address:

http://criminaljustice.state.ny.us/SomsSUBDirectory/search_index.jsp
The Hamilton College Department of Campus Safety (HCS) maintains a close working relationship with the Kirkland Police Department, the New York State Police, and the Oneida County Sheriff’s Office. Meetings are held between the leaders of these agencies on both a formal and informal basis. The Officers of HCS and KPD communicate regularly on the scene of incidents that occur in and around the campus area. Hamilton College Campus Safety Investigator works closely with these agencies when incidents arise that require joint investigative efforts, resources, crime related reports and exchanges of information. Hamilton College has signed Memorandums of Understanding (MOU’s) with the New York State Police and the Oneida County Sheriff’s Office regarding the investigation of all missing students and violent felonies.

Daily Crime Log

Campus Safety maintains a daily crime log, which is available to the public. The crime log is maintained at the Campus Safety Office and is available during normal business hours.

Planning & Preparedness

Hamilton College routinely operates in a manner which avoids emergencies. However, the College is not immune to critical incidents, and strives to plan and prepare for them through written plans and protocols, training, effective communication strategies, and regular meetings of the Hamilton Emergency Response Team (HERT). The HERT members are:

- Jeffrey Landry (Chair), Associate Dean of Students
- Fran Manfredo, Director of Campus Safety
- Steve Bellona, Associate Vice President for Facilities & Planning
- Mike Debraggio, Assistant Vice President for Communications
- Brian Hansen, Director of Environmental Protection, Safety & Sustainability
- Karen Leach, Vice President for Administration & Finance
- Dave Smallen, Vice President for Information Technology
- Steve Stemkoski, Director of Human Resources
- Nancy Thompson, Dean of Students
- Debby Quayle, Director, Help Desk and Training Services
- Vige Barrie, Senior Director of Media Relations
- Timothy O’Keefe, Senior Director of Interactive Media

Emergency Notification Systems and Procedures

In the event of a serious incident which poses an immediate threat to members of the Hamilton College community, the college has various systems in place for communicating information quickly to those individuals. The campus emergency alert system is composed of a siren based warning system in conjunction with a reverse 911-type system, Blackboard Connect. The sirens issue a warning to provide notice to the community of a pending emergency. Upon confirmation by
the Department of Campus Safety or a member of the HERT, of a significant emergency or dangerous situation involving an immediate threat to the health or safety of the students or employees occurring on campus an immediate notification will be sent using some or all of these methods of communication. These methods of communications may include activating Blackboard Connect, an emergency notification system utilizing email, text messaging and telephone voice messaging. Phone numbers and email addresses of parents or other persons identified by students or employees in official college registrar or employee records as emergency contact persons will be included in the Blackboard Connect system and they may receive emergency messages as well. Members of the larger community, such as campus neighbors, may tune into local media or check the Hamilton College web-site for updates and information about emergencies on campus.

Serious threats of this nature may involve weather, health, or personal safety situations. Based on the nature of the emergency the responsibility for assessing the severity of the threat begins with the HERT. Upon a determination by the Hamilton Emergency Response Team, that a significant threat exists, a member(s) of HERT will promptly make a decision regarding emergency notification and determine the appropriate segment(s) to receive the message if the emergency is isolated to a particular section of campus. Staff from the Office of Communications and Development will generally have the responsibility for preparing and disseminating emergency messages and updates. In the event of confirmation of a threat involving imminent risk to personal safety any member of the HERT may develop a message and activate Blackboard Connect immediately, prior to notifying the entire Hamilton Emergency Response Team.

Many factors are considered when assessing a situation to determine whether to activate one or more of the emergency communications systems and if so, the content of the message and whether to send the emergency message to all or some of the campus community. Among the factors to be considered is the nature and anticipated duration of the emergency situation and whether the emergency applies to a particular building or segment of the population or to the entire campus. The Hamilton Emergency Response Team will make a decision without delay, taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The HERT will provide regular updates to the Hamilton community as they become available through the Blackboard Connect system. The Hamilton Emergency Response Team plans, publicizes and conducts a test of the emergency response and notification system at least semi-annually and maintains a record documenting each test, including a description of the exercise, the date, time and whether it was announced or unannounced.

Timely Warnings

In the event of an incident which poses a serious or ongoing threat to members of the Hamilton College community, the college has various systems in place for communicating information quickly to those individuals. Timely warnings are typically issued for the following Uniform Crime Reporting crime classifications: major incidents of arson, aggravated assault, criminal homicide, robbery, and sex offenses. Cases of aggravated assault and sex offense are considered on a case by case basis, depending on the facts of the case and the information known by Campus Safety. Blackboard Connect is an emergency notification system utilizing email, text messaging and telephone voice messaging for immediate notification. Any individual member of the Hamilton Emergency Response Team may develop the content and issue a timely warning to the Hamilton College Community. Phone numbers and email addresses of parents or other persons identified by students or employees in official college registrar or employee records as emergency contact persons will be included in the Blackboard Connect system and they may receive emergency messages as well.

Evacuation Procedures

Initial Gathering Points
- All routinely occupied College facilities have an initial gathering point, which is a location selected by designated Building Coordinators and/or RA’s where occupants should gather immediately following an evacuation signal (fire alarm) to await further instructions. Please contact your designated Building Coordinator or RA if you have not been advised of your building’s initial gathering point.

Assembly Points
• All routinely occupied College facilities also have primary and alternate assembly points, which are secure locations of assembly and head-counting in the event of actual emergencies that necessitate building evacuations. Should such an incident occur, individuals should proceed from their initial gathering point to their primary assembly point (or alternate assembly point if the primary point is also affected by the incident), until either the emergency is terminated or further direction is provided. See the last section of this document for your building’s primary and alternate assembly points.

Lockdown/Shelter-In-Place Procedures
In some emergency situations, evacuating the building/facility is not desired, and lockdown/shelter-in-place procedures are the best courses of action. A lockdown would typically be called for when some criminal element is threatening the campus, such as an active shooter, hostile intruder, or fugitive from justice. Shelter-in-place procedures would typically be called when some environmental element is threatening the campus, such as an airborne chemical plume or weather related event (like a tornado or ice storm). Despite these technical differences, the actions that personnel should take essentially remain the same. Once a lockdown or shelter-in-place command has been ordered, take the following actions:

• Stay inside the building you are in, even if you do not normally work or reside in that building.
• If you are in an outdoor location, proceed to the nearest building or other source of shelter.
• Close and lock exterior and interior doors to the greatest extent possible to maximize security. Also, close windows, blinds and drapes, and stay away from any objects that could fall or otherwise become projectiles.
• Terminate any on-going teaching activities (instruction, lab experiments, studio work, etc.), and turn off all local ventilation, fans, fume hoods, window air conditioners, etc.
• Be prepared to go to more secure locations, as directed by College personnel, and do not leave the building or secured area until and unless told to do so.

Community Services

Security of and Access to Campus Facilities
Access to campus administrative and academic buildings and grounds is available during normal business hours to students, faculty members, staff members, and guests. With the exception of the residence halls, which are locked at all times, most campus facilities are normally open when classes are in session, or by special request coordinated with the Department of Campus Safety. When class is not in session and when the campus is officially closed, all buildings are secured and only faculty, staff and students with proper authorization are allowed access. The general public may attend cultural and recreational events on campus, however access is limited to the facility in which the event is being held. Officers’ conduct routine security patrols of academic and administrative buildings to monitor activity.

Authorization for use of the campus grounds for assembly purposes must be obtained in advance from the Office of Student Activities or the Office of Summer Programs/Conference Services.

Residence Halls are locked at all times and access is restricted to building residents and their authorized guests. Resident Advisors routinely monitor safety and security concerns inside residence halls and, if necessary, report security concerns to Campus Safety.

Escorts
Campus Safety will escort any student from one campus location to another if they contact the office and report feeling unsafe between the hours of dusk and dawn. These escorts may be given in a Campus Safety vehicle or on foot, by Campus Safety officers or student employees. The Department will provide vehicular escorts between campus locations to those physically disabled students whose disabilities have been certified by the Department of Student Health Services. Medical escorts are given at all times of day.
Lockouts

Students are strongly encouraged to lock their rooms at all times. If a student is accidentally locked out of their room, Campus Safety personnel will grant them admittance after checking their official room assignment and photo identification. After the first lockout call, a student will be charged $10 per lockout. Students who lose their room keys should report the loss to the Department of Residential Life (x4023) so that their locks can be changed.

Deliveries

Off-campus delivery services are not permitted to enter any College buildings. All deliveries must be received at the Campus Safety office.

Campus Safety’s Routine Responsibilities

Monitoring and Recording Off-Campus Crimes

Local law enforcement agencies regularly notify Campus Safety of off-campus crimes that involve members of the Hamilton community, particularly those involving students engaged at off-campus locations to include off-campus housing. The Department’s role in off-campus investigations is limited, but information is often shared and cooperative work regularly takes place. The Hamilton College Code of Conduct prohibits violations of local, state, and federal laws; the College may take disciplinary action, independent of civil authorities, for activities that take place off-campus when the interests of the College are adversely affected. In instances where crime reporting is necessary in Hamilton overseas locations those statistics will also be reported in compliance with the Jeanne Clery Act.

Building Check and Maintenance of Campus Facilities

Hamilton College is maintained in a manner that minimizes hazardous conditions. Prior to securing a building at night, Campus Safety officers will visually inspect its exterior, making note of any damage. Officers will also conduct an interior walk-through of all buildings in their entirety, ensuring that doors are secured, that fire safety equipment is present and in working order, and that there are no apparent safety, fire, or health hazards. This walk through includes mechanical rooms and a basic check of the building’s heating and electrical systems.

All hazards and physical problems are referred to the Department of Physical Plant for action during the next business day. Physical Plant personnel can be called in after hours to address serious situations.

Parking and Traffic Enforcement

The Department of Campus Safety is responsible for regulating all vehicular traffic and parking on campus. Detailed information about the Department’s current policies is available from the Campus Safety office or electronically on their website. All vehicles, including those belonging to temporary visitors, must be registered with the Department of Campus Safety.

Closed Circuit Video Monitoring System

Hamilton has installed an IP-based closed circuit television system in North and Root campus parking areas. The cameras record activity in the parking lots; activity is not monitored in real time. The purpose of this system is to deter crime and assist in the apprehension of people who commit vandalism or other criminal acts in these lots. Campus Safety personnel have received training to ensure that the system is utilized in a professional, ethical and legal manner consistent with the best practices.
MISSING PERSON POLICY

<table>
<thead>
<tr>
<th>Designated Contact Person</th>
</tr>
</thead>
<tbody>
<tr>
<td>Students have the option to register a confidential contact person to be notified in the case that the student is determined to be missing. Students may register a confidential missing person contact at the following link: <a href="https://my.hamilton.edu/registrar/personal-evacuation-form">https://my.hamilton.edu/registrar/personal-evacuation-form</a>. The student may indicate that person to be a parent, guardian or another person if they choose. The contact information will be registered confidentially and this information will only be accessible to authorized campus and law enforcement officials and may not be disclosed outside of a missing person investigation.</td>
</tr>
</tbody>
</table>

In the case that a designated contact person is not registered the missing persons emergency contact information will be used.

Persons reporting missing students may make their first contact with the Department of Campus Safety, the Office of Residential Life, or the Office of the Dean of Students. Said reports may come from parents, fellow students, professors, Resident Advisors, or others. Regardless of the source or the office contacted first, the Department of Campus Safety will be immediately notified of all missing-student reports.

Upon receiving such notification, the dispatcher, with direction from a supervisor, will report via phone to the Kirkland Police Department that a student has been reported missing. Initially, however, the Department of Campus Safety will be fully responsible for the investigation.

If the student resides in an on-campus student housing facility and is determined missing for 24 hours, the following steps will be taken immediately:

- If the student has designated a missing person contact, notifying that contact person within 24 hours
- If the student is under 18 years of age and is not emancipated, notifying the student’s custodial parent or guardian and any other designated contact person within 24 hours
- Regardless of whether the student has identified a contact person, is above the age of 18, or is emancipated minor, informing the local law enforcement agency that has jurisdiction in the area that the student is missing within 24 hours.

Department personnel will interview any members of the Hamilton community who might have information about the missing student’s whereabouts. Such interviewee’s may include, but will not be limited to, Resident Advisors, faculty and staff members, roommates, friends, and family members. Particular attention will be given to possible locations of the missing student and his/her most recent mental state and/or personal problems. The Department of Campus Safety has the right to enter student rooms in search of missing persons.

Campus Safety personnel will contact the Business Office to determine the last Campus Card transaction completed by the student in question and request to be alerted if any further transactions are attempted.

All missing student reports must be relayed promptly to both the Director of Campus Safety and the administrator-on-call. Periodic updates should be given to both the Director and the administrator. The Director will determine which other College officials need to be notified. The local police authorities will be regularly updated on the progress of the investigation and will become involved at their discretion. If it is determined by the local police or the Director of Campus Safety that the entire college community is at risk, the Department of Campus Safety will be responsible for communicating that danger to the campus via any medium that the Director shall deem appropriate.

After the situation is resolved, the Director will prepare a detailed report to be provided to both the municipal authorities and the Dean of Students.
Drug and Alcohol Policies

Hamilton College has several regulations pertaining to the possession, use, and distribution of intoxicating beverages and illegal drugs; these policies are fully outlined in the Student Handbook. All students should carefully review these policies as the disciplinary penalties for violating them can be severe.

Hamilton College Alcohol Policy

I. Introduction

The Hamilton College alcohol policy and related educational programs are designed to promote responsible decision-making concerning the use of alcohol in this community. The College expects all members of the community to be respectful of the rights of others in order to contribute to an environment conducive to education and personal growth. Intoxication is never justification for behavior that violates the standards of conduct and expectations of the College.

This policy reflects local and state laws governing the possession, sale, use and distribution of alcohol, recognizing the rights of individuals who are 21 years of age or older to consume alcohol in a legal manner. Campus Safety enforces all New York State underage drinking laws. The College expects community members to abide by the laws of New York State and the policies of the College. Any member of the community, including resident advisors and Campus Safety personnel, may confront and detain students whose behavior is in violation of these policies. Sanctions, ranging from one judicial point to separation from the College, may be imposed upon students who violate this policy, or other policies of the College.

II. Summary of New York State Laws Governing Alcohol

Under New York State law it is illegal:

1. To provide alcohol to persons under the age of 21 or to persons who are visibly intoxicated. Providing alcohol to persons under the age of 21 is a Class A misdemeanor which is punishable by imprisonment for up to one year, a fine of not more than $1,000 and/or 3 years probation;
2. To misrepresent the age of a person under the age of 21 for the purpose of inducing a sale of alcohol. Those found guilty of violating this law shall be punished by a fine of not more than $200, or by imprisonment for not more than five days, or by both fine and imprisonment;
3. For a person under the age of 21 to possess alcohol with the intent to consume it. Those found guilty of violating this law shall be punished by a fine of not more than $50 and/or required to complete an alcohol awareness program and/or required to provide up to 30 hours of community service;
4. For any person under the age of 21 to present or offer any written evidence of age which is false, fraudulent or not actually his own, for the purpose of purchasing or attempting to purchase alcohol. Those found guilty of violating this law shall be punished by a fine of not more than $100, and/or required to complete an alcohol awareness program and/or required to provide up to 30 hours of community service. Additionally, if it is found that a New York State driver's license was the written evidence of age used for the purpose of the purchase or attempted purchase, the person's license to drive a motor vehicle may be suspended for 90 days. Lastly, alteration of the required forms of identification (driver's license, passport or armed forces ID card) may constitute "possession of a forged instrument… with intent to defraud," which is a Class D felony under New York State penal law.
5. To sell alcohol, including charging admission at the door of an event where alcohol is distributed free of charge, without an Alcoholic Beverage Control license. Under New York State civil law the provider of alcohol may be liable for any damages or injuries caused by an intoxicated person.
III. General Policies

1. Persons 21 years of age and older may possess and consume alcohol in residence hall rooms, suites and apartments.
2. Open containers of alcohol are not permitted in public areas. Public areas include, but are not limited to, academic buildings, residence hall lounges and hallways, and outdoors. For purposes of this policy, suite lounges are not considered public areas.
3. Gatherings with bulk alcohol (defined as any quantity of beer in excess of two cases (48 twelve oz. cans), or the alcohol equivalent of wine or liquor) are not permitted in the residence halls (except where noted below). Kegs, beer balls and/or taps are not permitted in residence halls (except where noted below). Empty kegs may not be stored in residence halls.
4. Gatherings with bulk alcohol are permitted in College designated social spaces (Bristol Center Hub, Bundy Dining Hall, Beinecke Annex A & B, and Emerson Hall [ELS] basement). Social hosts are required to comply with the "Policy for Student-Sponsored Social Events," published here and in A Guide to Social Programming available in the Office of Student Activities.
5. The College reserves the right to notify the parents or guardian of a student who is transported to the hospital for an alcohol or drug-related overdose, and to require that the student participate in an educational program on alcohol and/or other drugs. The College may also choose to notify parents or guardian of any alcohol or drug-related violation.

Educational Programs

The Coalition on Alcohol and Other Drugs is appointed by the President, and charged with finding ways to reduce the negative consequences associated with the abuse of alcohol and other drugs at Hamilton. Membership is open to any member of the College community.

Additional intervention and support programs are offered through the Office of Counseling and Psychological Services, the Student Health Center and the Dean of Students Office, as well as in the town of Clinton and surrounding communities. For further information, please refer to Section III of the Illegal Drugs Policy or contact the Office of Counseling and Psychological Services.

Illegal Drug Policy

Students who are involved with drugs are encouraged to seek assistance through the College health services, counseling services or other professional assistance. These services are completely confidential. Hamilton College is committed to the development and maintenance of a drug-free environment and, in accordance with the Drug-Free Workplace Act of 1988, will not tolerate the unlawful possession, sale, use, manufacture, distribution or dispensation of a controlled substance in or on property owned or controlled by Hamilton College. This policy can also be viewed in Hamilton College’s Administrative Handbook found at the following link:

Campus Safety will enforce all Federal drug laws. Drug paraphernalia and water pipes of all kinds are prohibited. The Judicial Board will normally hear cases involving the alleged possession, use, or distribution of illegal drugs. Students found responsible for possession, use, or distribution of drugs will be subject to appropriate disciplinary action, which may include separation from the College. The laws of New York State and the federal government prohibit the possession, use or distribution of illegal drugs. The penalties imposed on violators are severe. The College will offer no protection or immunity from prosecution by police agencies.

**Sexual Assault**

Hamilton College is committed to the personal safety of members and guests of the Hamilton community. Hamilton College informs incoming students about sexual assault prevention measures through campus programs that include workshops, discussion groups, and on-going orientation seminars. The purpose of these programs is to disseminate information about sexual assault, promote discussion, encourage reporting of incidents of sexual assault, and facilitate prevention of such incidents.
Sexual Assaults on College Campuses

College students are more vulnerable to sexual assault than any other age group. Nationally, the majority of reported victims and offenders are of college age, with the rate of victimization highest among 16 to 19 year olds. Women between 20 and 24 years of age experience the second highest victimization rate. Offender populations show a similar age distribution.

Traditionally aged college students are vulnerable to being victims of violence. They are typically in a new setting with a variety of environmental stressors, and away from direct parental supervision and past support systems. They are under peer pressure, their identities are not yet firm, their competence is not yet established, and they often have mistaken beliefs about their invincibility. They live among others who are experimenting with new freedoms. Thus, college students are a population at risk.

The most prevalent form of rape on college campuses is acquaintance rape. The acquaintance may be a date or friend of the victim, or someone the victim knows only casually, from a residence hall, a class, or through mutual friends.

Regardless of the relationship between them, if one person uses force to coerce another into submitting to sexual behaviors, or if the other party does not give consent, the act is unlawful. The same criminal laws and penalties apply in cases of acquaintance rape and stranger rape, and other forms of sexual assaults.

Many acquaintance rapes involving college students follow similar patterns. Acquaintance rapes often occur at parties or in residential settings. Detailed crime reports and prevention information can be obtained from the Office of Campus Safety.

Prevention

There are things you can do to reduce your chances of being sexually assaulted.

- When you go out, do so with people that you trust to look out for your safety. Be a good friend—keep an eye on your friends to make sure they are safe.
- When you are at a party, make sure that someone knows where you are at all times. Check on your friends to make sure they are safe too.
- Get your own drinks. Only accept beverages from people you trust and never drink out of a cup that has been left unattended.
-Never walk home alone from bars or parties. Have a friend walk with you, call Campus Safety for an escort, or let the Events Staff know that you need an escort. Walking home alone may make it easier for someone to isolate and assault you.
- Always lock your residence hall room door.
- Know your sexual desires and limits. You have a right to say 'no' to any unwanted sexual contact.
- Communicate your limits as clearly as possible. If someone starts to offend you, tell him or her early and firmly. Being polite is fine, as long as you are firm and assertive. Say "no" when you mean "no" and be prepared to repeat it.
- Since alcohol and drugs interfere with clear thinking and effective communication, avoid excessive use of these substances. It may not be safe to be intimate with someone if you or they have been drinking or using other substances.
- If you do not feel well and need to lie down, make sure that a friend stays with you to check on you.
- If you want to be intimate with someone, remember that you can still change your mind.

If you find yourself alone or in an unfamiliar place:

- Be aware of your surroundings.
- Walk with confidence. The more confident you look, the stronger you appear.
- Be assertive — don't let anyone violate your space.
- Trust your instincts. If you feel uncomfortable in your surroundings, leave.
• Don't prop open self-locking doors.
• Lock your door and your windows, even if you leave for just a few minutes.
• Watch your keys. Don't lend them. Don't leave them. Don't lose them. And don't put your name and address on the key ring.
• Watch out for unwanted visitors. Know who's on the other side of the door before you open it.
• Be wary of isolated spots, like underground garages, offices after business hours, and apartment laundry rooms.
• Avoid walking or jogging alone, especially at night. Vary your route. Stay in well-traveled, well-lit areas.
• Have your key ready to use before you reach the door — home, car, or work.
• Park in well-lit areas and lock the car, even if you'll only be gone a few minutes.
• Never hitchhike or pick up a hitchhiker.

Reporting and Obtaining Assistance

1. Professional help is available 24 hours a day, seven days a week. A member of the Hamilton College Counseling Center is on-call at all times. The Counselor On-Call (COC) can provide immediate crisis support and information about resources for survivors on and off campus. Contact the COC by calling 315-859-4340 during normal business hours (315-859-4000 after hours). This is a completely confidential service. Upon request, the COC will come to campus immediately.

2. Immediate help is also available through YWCA Rape Crisis Services by calling 315- 797-7740. Rape Crisis volunteers are trained and available by phone or to accompany survivors to the hospital or the police. This service is also confidential and is not connected with the College.

3. Medical attention should be sought as soon as possible following a sexual assault or rape. Not all injuries are immediately apparent. Contact the Hamilton Student Health Service (8:30-4:30 M-F), Hamilton's Emergency Medical Technicians (315-859-4000), or go to the hospital Emergency Room for medical services. Transportation to the hospital can be arranged by request through the Office of Campus Safety or Student Health Service.

4. For any major injuries, as well as a rape examination (Physical Evidence Recovery Kit), go to the emergency room of Oneida Healthcare Center (click here for directions). It is important to preserve physical evidence for proof of a criminal offense. The rape examination allows evidence to be collected in case prosecution is desired at a later time. The examination should be conducted within 72 hours of the incident. It includes a pelvic examination and semen analysis; sexually transmitted disease testing; and treatment for possible infection, which may include taking an antibiotic. Do not bathe, shower, change or wash clothes, or douche – important evidence may be lost. You may wish to take a change of clothes with you to the hospital. Upon request, a volunteer from the YWCA Rape Crisis Service (315- 797-7740) will accompany you and will assist in managing the process. The evidence kit can be kept secure at the hospital for 30 days while you decide whether or not you wish to prosecute. The police will be called only if you wish to seek prosecution.

5. The hospital will never refuse services, but is required to bill your insurance company. The New York State Crime Victims Board will reimburse medical expenses, counseling services, and damage to personal property if you choose to pursue criminal prosecution.

6. Reporting to police is your choice. While you may not be certain now that you wish to press charges, failure to involve police at an early stage may limit later choices. Contact Campus Safety (315-859-4000) to request that the police come to campus to take a report. You may wish to request that a Rape Crisis advocate be present in order to provide support through the process. You may choose to meet the police in the Counseling Center or Student Health Service to preserve confidentiality.

7. Police will ask questions to establish facts and, if possible, to apprehend the suspect. Police or Rape Crisis Services staff can explain your legal options and provide information about likely consequences of legal actions.

8. If the assailant is a Hamilton College student, you may choose to file a complaint with the Harassment and Sexual Misconduct Board. This can be done in conjunction with, or instead of, criminal prosecution.

9. Counseling is available on a free and confidential basis through Hamilton's Counseling and Psychological Services (315-859-4340).

10. If the incident represents a serious or continuing threat to the community at large, the Dean of Students will issue a warning to the campus community, preserving the survivor's anonymity.
11. Individuals may also report a sex offense to the institutions Title IX coordinator. This office is responsible for coordinating the institution’s compliance with Title IX. The Title IX coordinator is the Senior Associate Dean of Students for Strategic Initiatives whose office is located in the Elihu Root House at extension 4020 (859-4020). Information on reporting sexual assault is available at the following web link: http://www.hamilton.edu/documents/Sexual%20Assault%20Reporting_2012_Final.pdf

12. Upon written request, Hamilton College will disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the results of any disciplinary proceeding conducted by the College against the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the victim’s next of kin will be treated as the alleged victim for the purposes of this policy.

Article II.
Introduction

All members of the Hamilton College community are expected to conduct themselves in a manner that does not infringe upon the rights of others. Hamilton seeks to provide an environment in which students, faculty, staff, and guests can work, study, and enjoy the College community without experiencing sexual misconduct, domestic violence, dating violence, or stalking. In addition to being antithetical to Hamilton community values, these acts are prohibited under College policy, New York State law and by federal laws such as Title IX. When such actions are brought to its attention, the College is committed to providing prompt and thorough responses to actions that adversely impact, or have the potential to adversely impact, the educational or workplace environment of any member of the Hamilton community.

The College strongly encourages all members of its community to report any prohibited act of sexual misconduct which they experience (including sexual assault, dating violence, domestic
violence, stalking, and/or related retaliatory behavior, as more fully defined in Article VI, and referenced herein as “Sexual Misconduct”) to the College and to immediately seek appropriate support and health care. In addition, many College employees are considered Responsible Employees who if they learn of Sexual Misconduct directed at another are required to report that information to the College’s Title IX Coordinator (see Definitions, Responsible Employees). The College also encourages all community members to contribute to the creation of a safe, welcoming, and respectful environment on campus. This includes taking reasonable and prudent actions to prevent or stop an act of Sexual Misconduct. Taking action may include direct intervention when safe to do so, enlisting the assistance of friends, contacting law enforcement, or seeking assistance from a person in authority. Community members who choose to positively intervene will be supported by the College and protected from retaliation.

This Policy has been developed to provide recourse for individuals who believe their rights have been violated, and serves as a means to determine, after the fact, if specific behaviors constitute violations of this Policy.

Any individual who has experienced Sexual Misconduct has the right to make a report to Campus Safety, local law enforcement, and/or the New York State Police, or choose not to report; to report the incident to the Title IX Coordinator; to be protected by the institution from retaliation for reporting an incident; and to receive assistance and resources from the College.

This Policy describes support resources and accommodations available to members of the Hamilton community who experience Sexual Misconduct, whether or not that individual decides to pursue a formal report on campus.

When a community member (i.e., a current student or member of the faculty or staff) decides to make a formal report of an incident of Sexual Misconduct involving another community member, Hamilton will use the procedures outlined below (see Articles X, XI, XII and XIII) to take reasonable, prompt, and appropriate action to respond. When a guest or other non-College community member decides to make a formal report, or a community member makes a formal report involving a guest or non-College community member, the process in Article XIV will apply. For purposes of this Policy, a formal report by a former student about an incident involving another community member which occurred while that former student was a current student, will be processed under this Policy in the same manner as a formal report by a current student.

Article III.
What Does Title IX and the Violence Against Women Reauthorization Act (VAWA) Require? Who is the Title IX Coordinator?

Title IX of the Education Amendments of 1972 (Title IX), 20 U.S.C. §1681, et seq., a federal law, prohibits discrimination on the basis of sex in education programs and activities:

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

All public and private elementary and secondary schools, school districts, colleges, and
colleges and universities create an environment free from sexual discrimination and harassment for all community members. The College recognizes its obligation under Title IX to take steps to prevent the recurrence of Sexual Misconduct and to correct its discriminatory effects.
Under Title IX, discrimination on the basis of sex includes sexual harassment, gender-based harassment, sexual violence, sexual assault, and other forms of sexual misconduct. Sexual harassment is also prohibited under Title VII of the Civil Rights Act of 1964, the New York State Human Rights Law, and other applicable statutes.

Pursuant to the Violence Against Women Reauthorization Act, the College also prohibits domestic violence, dating violence, and stalking.

This Policy also reflects the requirements of New York Education Law Article 129-B, relating to sexual assault, domestic violence, dating violence and stalking.

The College’s Title IX Coordinator is responsible for ensuring that the College responds to such complaints in a manner that is equitable, effective, and eliminates the harassment through remedies designed for the individual and, as needed, the entire College community.

The Title IX Coordinator is:

- responsible for oversight of the investigation and resolution of all reports of Sexual Misconduct;
- knowledgeable and trained in relevant state and federal laws and College’s Policy and procedure;
- available to advise any individual, including a Complainant (defined below), a Respondent (defined below), or a third party, about the courses of action available at the College, both informally and formally, and the courses of action available externally, including reports to law enforcement;
- available to provide assistance to any Hamilton community member regarding how to respond appropriately to reports of Sexual Misconduct;
- responsible for monitoring full compliance with all requirements and timelines specified in the complaint procedures; and
- responsible for compiling and maintaining required reports.

Hamilton’s Title IX Coordinator is Lisa Magnarelli (315-859-4020 or lmagnare@hamilton.edu).

Article IV.
Scope

All College community members are responsible for their actions and behavior, and for adhering to College policies and local, state, and federal law. This Policy, therefore, applies to all members of the Hamilton College community who participate in any of Hamilton’s programs or activities, including students, employees, contractors, and visitors. Those who conduct business with the College on College property must also adhere to this Policy.

This Policy applies to:

- conduct occurring on College property and
- conduct occurring at College-sanctioned events.

In addition, this Policy applies to off-campus conduct that is likely to have a substantial adverse effect on, or poses a threat of danger to, any member of the Hamilton College community or at activities that take place at events hosted by organizations recognized by the College, including fraternities and sororities; study abroad and internship programs; or conduct that has continuing effects on campus or in an off-campus education program or activity.

The protections of this Policy apply regardless of a person’s race, color, national origin, religion, creed, age, disability, sex, gender identity or expression, sexual orientation, familial status, pregnancy, pre-disposing genetic characteristics, military status, domestic violence victim status,
Article V. Options for Immediate Assistance

If you have experienced an act of Sexual Misconduct and desire immediate assistance, you have several on and off-campus options:

A. On Campus Support Resources

The Counseling Center (315-859-4340) is a confidential resource for students whose staff can provide emotional support as well as information about reporting options. The Counseling Center also has a Counselor on Call available 24/7 (reached through Campus Safety at 315-859-4000).

The Health Center (315-859-4111) is a confidential resource for students whose staff provides medical assistance, and can share information about reporting options. After hours, Emergency Medical Technicians (EMTs) are available (reached through Campus Safety at 315-859-4000).

The Chaplaincy (315-859-4130) is a confidential resource for students and employees whose staff can provide pastoral counsel, emotional support, and information about reporting options. Visit the Chaplaincy site to learn how to contact individual staff in the Chaplaincy.

Campus Safety (315-859-4000) is available to students and employees 24 hours a day, 7 days a week to respond to any community concern. Students who call Campus Safety after normal business hours may request to speak with the Dean on Call, who is a member of the Division of Student Affairs. Campus Safety and/or the Dean on Call will notify the Title IX Coordinator after responding to a call related to alleged Sexual Misconduct.

Employee Assistance Program (EAP) (1-888-293-6948) through Besinger, DuPont & Associates is a confidential resource for employees regarding issues ranging from alcohol and drug abuse to financial and legal concerns. The EAP also provides access to WorkLife services, which researches and provides referrals for a range of personal issues. For additional information visit https://www.advantageengagement.com/1120/login_company.php using username: standard, password: eap4u

The College’s Title IX Coordinator, Lisa Magnarelli, is also available to students and employees as an immediate resource. Talking with the Title IX Coordinator about a specific incident of sexual misconduct constitutes a report under this Policy to which the College must respond. However, general conversations or questions about Hamilton’s processes can remain private [see “Privacy of Resources”]. The Title IX Coordinator can provide information about all resources available to individuals who have experienced Sexual Misconduct, including where to obtain emergency mental health services and health care. The Title IX Coordinator can review and determine the immediate academic and administrative accommodations that can be made to protect a Hamilton community member who has experienced Sexual Misconduct. The Title IX Coordinator can also advise about options for reporting, including the option to report to local law enforcement, to initiate the on-campus resolution procedures, to do both, or to do neither. The Title IX Coordinator will provide guidance and assistance through the process of reporting on- and/or off-campus. She can be reached at 315-859-4020 or after hours through the Dean on Call (reached through Campus Safety at 315-859-4000).
B. Off Campus Support Resources

YWCA Rape Crisis Services (315-797-7740) is an anonymous hotline available to provide counsel as well as in-person assistance getting to a hospital or the police. If requested, YWCA Rape Crisis Service may also provide victim advocacy services.

Oneida Health Care (315-363-6000) is a hospital that provides a Sexual Assault Nurse Examiner (SANE) for medical attention (injuries from a sexual assault are not always immediately apparent) and collecting physical evidence (a “rape kit”). The College strongly encourages any individual who has experienced sexual violence to obtain a rape kit, which is critical: (1) to diagnose and treat the full extent of any injury or physical effect and (2) to properly collect and preserve evidence. There is a limited window of time (typically 72 to 96 hours) following an incident of sexual assault to preserve physical and other forms of evidence. Gathering such evidence does not commit an individual to pursuing legal action against the assailant, but does preserve that option. Although it may be difficult following a sexual assault, individuals who are considering or may consider legal action should try not to shower, rinse mouth, brush teeth or change clothes to allow for the maximum possible collection of evidence by a SANE nurse or other health care provider.

Hospitals are confidential resources and are not required to report any non-identifying information to the College or to anyone else. However, hospitals providing care to individuals reporting sexual assault are required to:

- collect and maintain the chain of custody of sexual assault evidence for not less than 30 days unless the patient signs a statement directing the hospital not to collect it;
- advise the individual seeking medical treatment related to sexual assault of the availability of the services of a local rape crisis or victim assistance organization to accompany the individual through the sexual offense examination;
- contact a rape crisis or victim assistance organization providing assistance to the geographic area served by that hospital to establish the coordination of non-medical services to individuals reporting sexual assault who request such coordination and services; and
- provide emergency contraception upon the patient’s request.

Even if an individual who has experienced sexual violence does not have injuries requiring emergency attention, the College encourages that individual to seek medical care as soon as possible, whether at the Health Center or another health care provider or hospital. A medical evaluation is still important to check for physical injuries, reduce risk of complications from sexually transmitted diseases as a result of the assault, and/or (if appropriate) reduce risk of pregnancy.

In most instances, any health care provider will encourage an individual reporting Sexual Misconduct to authorize collection of evidence. For individuals who seek initial medical treatment at the Health Center and decide to proceed with evidence collection, the individual may be escorted to Oneida Health by Campus Safety or may choose to travel by taxi (the College will provide a voucher) to any chosen medical provider. A Complainant can receive follow-up health care at the Health Center or the chosen health care provider or hospital.
C. Law Enforcement
The College encourages anyone who is a victim of Sexual Misconduct to pursue criminal action for incidents that may also be crimes under applicable criminal statutes. The New York State Police (315-366-6000) or the Oneida County Sheriff (315-736-0141) can assist with pressing criminal charges following an incident in New York. The New York State Police also maintain a specific sexual assault crime reporting hotline (1-844-845-7269) which can be used.

D. Reporting Options
Anyone who wishes to report Sexual Misconduct has a number of options to resolve the complaint:
- report to law enforcement to initiate criminal action;
- report to the College to initiate the College’s complaint process; or
- report both criminal action and the College’s complaint process.

An individual also has the right to choose not to report to any or all of the above.

The Title IX Coordinator or Campus Safety will assist any Complainant who wishes to pursue a formal complaint with local law enforcement in making the report. In addition, an individual making a report to local law enforcement may also be able to obtain services through the New York State Office for Victim Services. The OVS funds local Victim Assistance Programs including YWCA Rape Crisis Services (listed above), which will, among other things, offer a crime victim advocate that can provide direct assistance to victims and their families as they navigate the criminal justice process.

The College will cooperate with law enforcement agencies (to the extent permitted by law) if a Complainant decides to pursue the criminal process. Except where the Complainant is less than 18 years old, the College will generally respect a Complainant’s choice whether or not to report an incident to local law enforcement, unless the College determines that there is an overriding issue with respect to the safety or welfare of the individual and/or the Hamilton College community. Where a report involves suspected abuse of a minor less than 18, certain individuals at the College may be required by state law to notify law enforcement and/or the New York Statewide Central Register of Child Abuse and Maltreatment.

E. Orders of Protection
Campus Safety, or other College officials, will provide reasonable assistance to a College campus community member, in connection with prohibited Sexual Misconduct conduct under this policy, in obtaining an order of protection or, if outside of New York State, an equivalent protective or restraining order. This assistance includes providing that person with:
- a copy of an order of protection or equivalent when received by the College and providing that person with an opportunity to meet or speak with a College representative, or other appropriate individual, who can explain the order and answer questions about it, including information from the order about the other person’s responsibility to stay away from the protected person or persons;
- an explanation of the consequences for violating these orders, including but not limited to arrest, additional conduct charges, and interim suspension; and
- assistance from Campus Safety in contacting local law enforcement to effect an arrest for violating such an order.

F. Amnesty Related to Other Policy Violations
The health and safety of every student at the College is of utmost importance. Hamilton recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic
violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. Hamilton strongly encourages students to report incidents of domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to College officials or law enforcement will not be subject to College’s code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

Additionally, individuals can report anonymously through TipNow at 315-282-5426 or email at Hamilton@tipnow.com.

G. Privacy of Resources

The resources listed above (also listed in Addendum A) can provide different levels of privacy. An overview of these different levels of privacy follows:

Confidential resources operate under special rules which restrict their disclosure of information, including to the College. At Hamilton, these individuals include:

- All staff in the Counseling Center, including the Counselor on Call
- All staff in the Health Center, including student EMTs (in their roles as EMTs)
- All staff in the Chaplaincy

Confidential resources can direct individuals towards other avenues of support as well, including providing information about Hamilton’s process for pursuing disciplinary action.

Non-confidential resources are all faculty and staff who are not listed above, including student Resident Advisors employed by the Office of Residential Life. These individuals are “Responsible Employees” (defined further below) who must report an act of alleged Sexual Misconduct to the Title IX Coordinator. As explained in more detail in Article VII, Confidentiality, the College will respect the privacy of reports to the greatest extent permissible. Even employees who cannot guarantee confidentiality will maintain your privacy to the greatest extent possible. The information you provide to a non-confidential resource will be relayed only as necessary for the College to act under this Policy, including to investigate and/or seek a resolution. General questions about Hamilton’s policies and procedures, or conversations where specific individuals or acts are not identified or implied, may remain private.

Additional protected resources for individuals impacted by a prohibited act include student-run programs such as Hamilton’s Peer Advocates (advocate@hamilton.edu). Volunteers in these programs are not Responsible Employees and are not required to report any information. In addition, information disclosed at public awareness events such as “Take Back the Night” is not considered notice of an act described in this Policy and does not create an obligation on the part of the College to conduct an investigation.

Article VI.
Definitions

The following definitions outline the types of Sexual Misconduct prohibited under this Policy and identify the individuals and processes involved in the investigation of and response to allegations of those prohibited acts. To be covered under this Policy, the conduct, or its effects, must have a connection to the College and/or the College community.
A. **Prohibited Sexual Misconduct**

**Sexual harassment** is defined as unwelcome action, language or visual representation of a sexual nature that has the effect of unreasonably interfering with an individual’s work or academic performance or that creates a hostile working, educational, or living environment. A form of quid pro quo (this for that) sexual harassment exists when submission to or rejection of unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature results in adverse educational or employment action, or the threat of such adverse action, or limits or denies an individual’s educational or employment access, benefits, or opportunities.

Sexual harassment:

- may be blatant and intentional and involve an overt action, a threat or reprisal, or may be subtle and indirect, with a coercive aspect that is unstated;
- does NOT have to include intent to harm, be directed at a specific target or involve repeated incidents;
- may be committed by anyone, regardless of gender, age, position, or authority. While there is often a power differential between two persons, perhaps due to differences in age, social, educational or employment relationships, harassment can occur in any context;
- may be committed by a stranger, an acquaintance or someone with whom the individual has an intimate or sexual relationship;
- may be committed by or against an individual or may be a result of the actions of an organization or group;
- may occur by or against an individual of any sex, gender identity, gender expression, or sexual orientation;
- may occur in the classroom, in the workplace, in residential settings, or in any other setting;
- may be a one-time event or can be part of a pattern of behavior;
- may be committed in the presence of others or when the parties are alone;
- may affect the subject of the harassment and/or third parties who witness or observe harassment and are affected by it.

Sexual harassment also includes gender-based harassment, which may include acts of verbal, nonverbal or physical aggression or hostility based on gender, sexuality or sex- or genderstereotyping, even if those acts do not involve conduct of a sexual nature.

Examples of conduct that may constitute sexual harassment include:

- Physical conduct:
  - unwelcome touching, sexual/physical assault, impeding, restraining or blocking movements
  - unwanted sexual advances
- Verbal conduct:
  - making or using derogatory comments, epithets, slurs or humor, not pedagogically appropriate
  - verbal abuse of a sexual nature, graphic verbal commentaries about an individual’s body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes or invitations, not pedagogically appropriate
  - objectively offensive comments of a sexual nature, including persistent or pervasive sexually explicit statements, questions, jokes, or anecdotes, which a reasonable peer would find offensive and which are not pedagogically appropriate
• Visual conduct:
  o leering, making sexual gestures, displaying of suggestive objects or pictures, cartoon or posters in a public
    space or forum, not pedagogically appropriate
  o severe, persistent or pervasive visual displays of suggestive, erotic or degrading sexually oriented images,
    not pedagogically appropriate
• Written conduct:
  o letters, notes or electronic communications containing comments, words or images described above, not
    pedagogically appropriate
• Quid pro quo conduct:
  o direct propositions of a sexual nature between those for whom a power imbalance or supervisory or other
    authority relationship exists
  o offering employment benefits in exchange for sexual favors
  o making submission to sexual advances an actual or implied condition of employment, work status, promotion,
    grades or letters of recommendation, including subtle pressure for sexual activity, an element of
    which may be repeated, requests for private meetings with no academic or work purpose
  o making or threatening reprisals after a negative response to sexual advances

The determination of whether an environment is “hostile” is based on a reasonable person
standard, considering all the circumstances. These circumstances could include, but are not
limited to:

• the frequency or pervasiveness of the speech or conduct;
• the nature and severity of the speech or conduct;
• whether the conduct was physically threatening;
• whether the speech or conduct was humiliating;
• whether the speech or conduct was directed at more than one person;
• whether the speech or conduct arose in the context of other discriminatory conduct;
• whether the speech or conduct unreasonably interfered with the recipient’s educational opportunities or
  performance (including study abroad), college-controlled living environment, work opportunities or performance;
• whether a statement is a mere utterance of an epithet which engenders offense in an employee or a student or
  offends by mere discourtesy or rudeness; and/or
• whether the speech or conduct deserves the protections of academic freedom.

Sexual Assault is prohibited under this Policy. Sexual assaults can take a number of forms,
including:

• Non-Consensual Sexual Contact is defined as any intentional sexual touching, however slight, with any body
  part or object, by a man or a woman upon a man or a woman, without affirmative consent.

• Non-Consensual Sexual Penetration is defined as any sexual penetration (including oral contact), however
  slight, with any body part or object with the genitals or anus of another person, without affirmative consent.

Sexual Exploitation occurs when a person takes non-consensual sexual advantage of another,
and that behavior does not otherwise constitute another form of sexual misconduct. Examples of
sexual exploitation include, but are not limited to, non-consensual video or audio-taping of
sexual or other private activity, exceeding the boundaries of consent (e.g., permitting others to
hide in a closet and observe consensual sexual activity, videotaping of a person using a
bathroom), or engaging in consensual sexual activity with another person while knowingly
infected with human immunodeficiency virus (HIV) or other sexually transmitted diseases (STD)
and without informing the other person of such infection.
**Retaliation** is defined as adverse conduct that occurs in response to a complaint of Sexual Misconduct. Hamilton College views retaliation as a serious violation of this Policy that is subject to the same range of sanctions and responsive action as Sexual Misconduct. Actions may be considered retaliatory if they are in response to a good faith disclosure of real or perceived misconduct and the actions have a materially adverse effect on the working, academic or college-controlled living environment of an employee or student; or if the faculty, employee, or student can no longer effectively carry out his or her responsibilities.

**Domestic violence** is defined as a felony or misdemeanor crime of violence committed by:

- a current or former spouse or intimate partner of the person against whom the violence is committed;
- a person with whom the person against whom the violence is committed shares a child in common;
- a person who is cohabiting with, or has cohabited with, the person against whom the violence is committed as a spouse or intimate partner;
- a person similarly situated to a spouse of the person against whom the violence is committed under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
- any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

This definition does not apply to roommates who have not expressed interest in entering into, or who have not entered into, a dating or sexual relationship. Under the Clery Act and the Campus SaVE Act, the College will record and report all relevant incidents of domestic violence.

**Dating violence** is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the person against whom the violent act is/acts are committed. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. Under the Clery Act and the Campus SaVE Act, the College will record and report all relevant incidents of dating violence.

**Stalking** occurs when a person engages in a course of conduct or repeatedly commits acts toward another person, including following the person without proper authority, under circumstances that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

- **Course of conduct** means two or more acts, including but not limited to, acts in which the stalker directly, indirectly or through third parties, by any action, method, device or means, follows, monitors, observes, surveils, threatens or communicates to or about a person, or interferes with a person’s property.

- **Substantial emotional distress** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

- **Reasonable person** means a reasonable person under similar circumstances and with similarities to the victim. Stalking includes the concept of cyber-stalking, a particular form of stalking in which electronic media such as the Internet, social networks, blogs, cell phones, texts or other similar devices or forms of contact are used to pursue, harass or to make unwelcome contact with another person in an unsolicited fashion. Under the Clery Act and the Campus SaVE Act, the College will record and report all relevant incidents of stalking.
B. Related Terms

**Affirmative Consent:** Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

a) Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.

b) Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.

c) Consent may be initially given but withdrawn at any time.

d) Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.

e) When consent is withdrawn or can no longer be given, sexual activity must stop.

f) Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.

**Coercion:** For purposes of this Policy, coercion is the use of pressure to compel another individual to initiate or continue sexual activity against an individual’s will. Coercion can include a wide range of behaviors, including intimidation, manipulation, threats, and blackmail. A person’s words or conduct are sufficient to constitute coercion if they impair another individual’s ability to choose whether or not to engage in sexual activity. Examples of coercion include threatening to “out” someone based on sexual orientation, gender identity or gender expression and threatening to harm oneself if the other party does not engage in the sexual activity. Coercing an individual into engaging in sexual activity violates this Policy in the same way as physically forcing someone into engaging in sexual activity.

**Capacity to give consent:** Incapacitation is a state where an individual cannot make an informed and rational decision to engage in sexual activity because the individual lacks the ability to knowingly make that decision. In assessing capacity, the College will consider whether the individual had the ability to understand the nature of the act (e.g., to understand the who, what, when, where, why or how of the sexual interaction) and/or is physically helpless. Incapacitation may result from the use of alcohol and/or drugs, but consumption of alcohol or other drugs alone is insufficient to establish incapacitation. The impact of alcohol and drugs varies from person to person, and evaluating incapacitation requires an assessment of how the consumption of alcohol and/or drugs impact an individual’s:

- decision-making ability;
- awareness of consequences;
- ability to make informed judgments; and
- capacity to appreciate the nature and the quality of the act.

Persons who have sexual activity with someone who lacks the mental or physical capacity to consent (including being-substantially impaired by alcohol or other drug use or unconscious) are
in violation of this Policy, and any consent perceived to have been obtained is presumptively invalid. Possession, use and/or distribution of any of the so-called “date rape” drugs (including Rohypnol, Ketamine, GHB, Burundanga and others) is prohibited, and administering any of these drugs to another is a violation of this Policy.

C. Individuals and Processes

**Complainant:** This term refers generally to an individual who has allegedly been subjected to Sexual Misconduct in violation of this Policy, whether a formal complaint has been filed or not. However, by their very nature, some aspects of this Policy apply only after the College has been put on notice of a possible violation and references to “Complainant” in that context should be read (and will be applied by the Title IX Coordinator) accordingly. In the case of complaints that are pursued by the College when the impacted individual does not want to participate in the process, Hamilton may pursue a complaint without such individual’s participation, in which case Hamilton may stand in the place of the Complainant for procedural purposes.

**Respondent:** This term refers to an individual whose conduct is alleged to have violated this Policy, whether a formal complaint has been filed or not. However, by their very nature, some aspects of this Policy apply only after the College has been put on notice of a possible violation and references to “Respondent” in that context should be read (and will be applied by the Title IX Coordinator) accordingly.

**Responsible Employees:** The U.S. Department of Education’s Office for Civil Rights defines Responsible Employees as employees who have the authority to take action to redress sexual violence, who have been given the duty of reporting incidents of sexual violence or any other misconduct by students to the Title IX Coordinator or other appropriate school designee, or whom a student could reasonably believe have this authority or duty. Responsible Employees who receive information or a report about any act that potentially constitutes Sexual Misconduct must further report that information to the Title IX Coordinator. The following employees of the College are Responsible Employees: faculty, staff (except staff in the Counseling Center, the Health Center, and the Chaplaincy), and Resident Advisors. In addition, Responsible Employees are expected to make every effort to explain their duty to report to anyone disclosing, or about to disclose, information to them.

**Title IX Coordinator:** The individual who oversees the College’s centralized review, investigation, and resolution of reports of Sexual Misconduct pursuant to this Policy. The Title IX Coordinator also coordinates the College’s compliance with Title IX, including equitable, timely, and effective processing of complaints regarding violations of rights protected by Title IX. The Title IX Coordinator is:

- responsible for oversight of the investigation and resolution of all reports of Sexual Misconduct;
- knowledgeable and trained in relevant state and federal laws and College’s Policy and procedure;
- available to advise any individual, including a Complainant, a Respondent, or a third party, about the courses of action available at the College, both informally and formally, and the courses of action available externally, including reports to law enforcement;
- available to provide assistance to any Hamilton community member regarding how to respond appropriately to reports of Sexual Misconduct;
- responsible for monitoring full compliance with all requirements and timelines specified in the complaint procedures; and
- responsible for compiling required reports.

**Harassment and Sexual Misconduct Board:** The Harassment and Sexual Misconduct Board (HSMB or the Board) shall be composed of eight members (one of whom shall be designated Chair), appointed by the Title IX Coordinator to staggered terms of four years beginning in the
Fall semester. Each year, the current Board will solicit applications and nominations for any open seat(s), and will recommend individuals to serve for the following year. Members of the Hamilton community may also nominate individuals for Board membership, provided the nominees are willing to serve if appointed. The Title IX Coordinator, in consultation with the Chair, will ultimately be responsible for appointing new members and designating a new Chair. Normally, the Chair will be a tenured member of the faculty and serve for two years as Chair. Every effort will be made to maintain a diverse Board, and membership normally will be limited to members of the faculty who have attained the rank of associate or full professor, and full-time staff members. The Title IX Coordinator shall arrange for the Board members to receive annual training. Members of the HSMB are required to maintain the privacy of all information they acquire in this role, unless disclosure is authorized by the Title IX Coordinator. A member of the HSMB can be removed prior to the end of his/her term by the Title IX Coordinator, with the agreement of the Chair of the HSMB, for good reason (e.g., dereliction of duty, failure to abide by the provisions of the Policy, etc.).

Investigation Team: Individual(s) assigned by the Title IX Coordinator to conduct investigations ("Investigation Team") following notice of alleged Misconduct. The Team will normally be comprised of members of the HSMB (who are not members of the Harassment and Sexual Misconduct Review Panel, defined below), but the Title IX Coordinator may decide to use one or more appropriately trained College employees who are not members of the HSMB or external investigators in addition to, or instead of, members of the HSMB when he/she considers it appropriate to do so. However, in cases involving Non-consensual Sexual Penetration, so long as at least one qualified HSMB member is available, the Investigation Team will include an HSMB member, and an external investigator. Normally, in order for a member of the HSMB to be eligible to serve on the Investigation Team, the HSMB member must have served for at least one year on the Board. Upon receipt of a complaint, the Title IX Coordinator will assign the investigator(s) to begin the investigation. If the Title IX Coordinator determines that a legitimate conflict of interest exists between an Investigation Team member and a party to a complaint, the Title IX Coordinator, in consultation with the Chair of the HSMB, will appoint a replacement. The Investigation Team issues a report of its investigation to the Harassment and Sexual Misconduct Review Panel, which can include assessments of credibility, but does not make a recommendation with respect to responsibility for violating the Policy.

Harassment and Sexual Misconduct Review Panel (HSMRP): The Title IX Coordinator will annually appoint a three person review panel (HSMRP) from the HSMB to review (as provided in this Policy) investigative reports, determine whether this Policy was violated, and, if so, recommend a sanction to the Senior Staff Member. The HSMB Chair serves as a non-voting fourth member of the HSMRP and presides over the review process. The term of appointment to the panel shall be one year. If any vacancy on the HSMRP occurs during the academic year, or if the Title IX Coordinator determines that a legitimate conflict of interest exists between a member of the panel and a party to a complaint, the Title IX Coordinator, in consultation with the Chair of the HSMB, will appoint a replacement from those members of the Board eligible to serve.

Senior Staff Member: The Vice President who has supervisory authority over the area of the College with which the Respondent is affiliated, and who will (as outlined in this Policy) make a final decision on sanction following the HSMRP’s recommendation. The Vice President and Dean of Students is the Senior Staff Member with respect to complaints brought against a student. In the case of complaints brought against members of the faculty, staff, or administration, the Vice President of the area in which the Respondent is employed is the Senior Staff Member. For example, the Vice President for Academic Affairs and Dean of Faculty is the Senior Staff Member with respect to complaints brought against a faculty member.
Appeals Board: This is the group of individuals, defined in Hamilton’s Code of Student Conduct, that considers appeals of findings and sanctions in appropriate cases under this Policy. For appeals under this Policy, a subset of the Appeals Board which does not include students will be utilized. This subset of the Appeals Board will receive annual training on relevant state and federal law (including Title IX) and this Policy.

Article VII. Confidentiality

Hamilton encourages the reporting of acts of Sexual Misconduct in order to help the College respond effectively to conduct that negatively impacts the safety of the community. In addition the College recognizes its obligation to address incidents of Sexual Misconduct it learns about even in the absence of a complaint or report. The College also recognizes the importance of privacy and confidentiality. The following section describes how the College will maintain privacy while pursuing a complaint of Misconduct, and how it will respond to requests for confidentiality. (Information about confidential resources available on campus can be found in Article V. A.)

A. General

In all cases of Sexual Misconduct covered by this Policy, Hamilton will treat information as private and will, to the extent permitted by law, limit the disclosure of information to only those non-party individuals who are responsible for handling the school’s official response. When information is released to anyone else, the College will notify the parties, where possible, of the nature of the information disclosed, to whom it was disclosed, and why. In accordance with the Clery Act, the College must also report statistics concerning the occurrence on campus of major violent crimes, including certain sex offenses, in an annual report of campus crime statistics. This statistical report does not include any personally identifiable information. The College may issue a timely warning if a report of Sexual Misconduct presents information that there is an ongoing threat to the community. The announcement will include the nature of the violation and the action(s) being taken, using no names. Certain college administrators (e.g., the College President and Director of Campus Safety) may be provided additional details on a need to know, private basis.

The College will not inform students’ parents or guardians of their involvement in a complaint of Sexual Misconduct, but the Title IX Coordinator will speak with each party about the student’s decision to personally inform his or her parents or guardians. College officials will directly inform a student’s parents or guardians when requested to do so by the student.

B. Requests for Confidentiality

If the Title IX Coordinator has received notice of an alleged Sexual Misconduct violation under this Policy but the individual impacted requests confidentiality or otherwise asks that an investigation not be pursued, the Title IX Coordinator will make every effort to balance this request with Hamilton’s policy of providing a safe and non-discriminatory environment for all members of the community. Honoring such a request will limit Hamilton’s ability to conduct a thorough investigation and take appropriate disciplinary action. The Title IX Coordinator will consider many factors when determining whether or not the College can honor the request for confidentiality, including but not limited to whether:

- the respondent has a history of violent behavior or is a repeat offender;
- the incident represents escalation in unlawful conduct on behalf of the respondent from previously noted behavior;
- the individual impacted is a minor;
• the information provided suggests an increased risk that the alleged perpetrator has committed prior acts or will commit additional acts;
• the alleged Misconduct was perpetrated with a weapon or force;
• the sexual violence was committed by multiple perpetrators;
• the information provided suggests that the act is part of a larger pattern at a specific location or by a particular group; and/or
• information can be obtained by means other than from the impacted individual (e.g., by personnel or security cameras, witnesses, or through physical evidence).

If confidentiality cannot be maintained, the impacted individual will be informed of the decision prior to the start of an investigation. In addition, to the extent possible, the College will share information only with non-parties responsible for handling the College’s response. In appropriate cases, the course of action may include steps to limit the effects of the alleged Misconduct and prevent its recurrence that do not involve formal disciplinary action against a Respondent or revealing the identity of the Complainant.

In the event that the College proceeds with an investigation and is unable to maintain confidentiality, the College will continue to evaluate methods and measures to protect the reporting individual from retaliation or harm. The Title IX Coordinator will work with the Complainant to create a safety plan. Retaliation against the reporting individual, whether by students or College employees, will not be tolerated.

Regardless of a request for confidentiality and the College’s decision with respect to that request, the College will also:

• assist the reporting individual in accessing other available advocacy support, academic support, counseling, disability, health or mental health services, and legal assistance both on and off campus, as appropriate;
• provide other security and support, which could include issuing a no-contact order, helping arrange a change of living or working arrangements or course schedules (including for the Respondent pending the outcome of an investigation) or adjustments for assignments or tests; and
• inform the reporting individual of her or his right to report a crime to local law enforcement and provide her or him with assistance if s/he wishes to do so.

**Article VIII. Protection from Retaliation**

Hamilton prohibits retaliation against individuals who pursue complaints or who are otherwise involved in any of the processes outlined in this Policy. The College will take appropriate and strong responsive action if retaliation occurs.

**Article IX. Interim Measures**

Upon receipt of a report pursuant to this Policy, the College will evaluate and impose reasonable and appropriate interim measures designed to eliminate the reported hostile environment and protect the parties involved, including measures specifically designed to reduce the burden on the Complainant. Interim measures may be imposed at any time regardless of whether formal disciplinary action is sought by the Complainant or the College and may be imposed prior to the commencement or conclusion of an investigation. Interim measures will be kept confidential to the extent that maintaining confidentiality will not impair the ability of the College to provide the interim measures.

The parties may request of the Title IX Coordinator some form of interim measure, or the College may choose to impose interim measures at its discretion to ensure the safety of all
parties, the broader College community, and/or the integrity of the investigative and/or complaint resolution process.

Possible interim measures include (but may not be applicable depending on the parties’ status as students or employees):

- limitations on the Respondent or others regarding contact with the Complainant during the investigation and while the complaint is being reviewed (typical in cases involving students);
- changing class schedules, including the ability to transfer course sections or withdrawal from a course without penalty;
- changing work schedules or job assignments;
- changing a student’s College owned housing;
- rescheduling of exams, papers, or other assignments;
- transferring class sections;
- temporary withdrawal or in the case of an employee temporary suspension or other removal from campus;
- alternative course completion options;
- access to counseling services on- and off-campus and assistance in setting up an initial appointment;
- limiting an individual’s or organization’s access to certain Colleges’ facilities or activities pending resolution of the matter;
- voluntary leave of absence;
- providing an escort to ensure safe movement between classes and activities;
- providing medical services;
- providing academic support services, such as tutoring;
- College-imposed leave (for employees) or separation (for students); and/or
- any other remedy that can be tailored to the involved individuals to achieve the goals of this Policy.

All individuals are encouraged to report concerns about the failure of another individual or organization to abide by restrictions imposed by an interim measure. The College will take immediate and responsive action to enforce a previously implemented measure. The College will also periodically review the effectiveness of interim measures with the Complainant.

When as a result of a Sexual Misconduct complaint a no contact order is issued and the person against whom the no contact order is issued and the person protected by the no contact order observe each other in a public place, unless it is otherwise provided in the no contact order, it is the responsibility of that individual subject to the no contact order to leave the area immediately and without directly contacting the person protected.

When a no contact order is issued, both the person against whom it is issued and the person seeking the no contact order, will, upon request, be afforded a prompt review, reasonable under the circumstances, of the need for and/or terms of the no contact order, including potential modification. This request may be made by submitting a written request the Title IX Coordinator, providing the basis for the request and submitting any evidence in support of the request.

Continued intentional contact in violation of a no contact order is grounds for additional misconduct charges.

Upon request, an individual may also seek a prompt review of the need for and/or terms of any other interim measure and accommodation that directly affects him or her, by submitting a written request for review to the Title IX Coordinator, providing the basis for that request and any evidence in support.

When a student accused of Sexual Misconduct is determined to present a continuing threat to the
health and safety of the campus community, he or she is subject to interim suspension pending the outcome of any proceedings under this Policy. Both that student as well as the subject of any such misconduct will, upon written request, be afforded an opportunity for a review of the need for and/or terms of an interim suspension, including potential modification, by submitting a written request to the Title IX Coordinator, providing the basis for that request and any evidence in support.

When the accused is not a student but is a member of the College community, he or she is subject to interim suspension in accordance with the College’s employment policies and practices (including applicable collective bargaining agreements).

Article X.
Complaint Response Procedures

The following steps outline Hamilton’s process for addressing notice of Sexual Misconduct:

A. Notice of Complaint

Complaints of Sexual Misconduct may be made orally or in writing, and may come from the report of a Responsible Employee or directly from a Complainant. This will be considered “notice” that an act of Sexual Misconduct is alleged to have occurred. This notice must ultimately be recorded in written form by the Complainant, Responsible Employee, or Title IX Coordinator, and must include, at a minimum, the time, place, and nature of the alleged offense and the name of the Respondent. In addition, the College may also receive notice of a possible incident of Sexual Misconduct without any actual complaint or report and it recognizes that it may have an obligation to act in those instances as well. After receiving notice, the Title IX Coordinator will determine if the conduct alleged by the Complainant falls within this Policy.

B. Evaluation of Response Options

After receiving notice, the Title IX Coordinator will determine if the conduct alleged by the Complainant falls within this Policy.

In cases where action against an alleged Respondent cannot be taken because that individual is not a member of the College community, the Title IX Coordinator will assess the information given and provide appropriate recommendations and resources to the Complainant, including the procedure available under Article XIV.

In cases where it is determined that the act, if proven, does not fall within this Policy, no further action will be pursued and the Complainant will be advised by the Title IX Coordinator of other avenues of recourse and support as appropriate.

C. Informal Resolution: Mediation

In cases where the Title IX Coordinator and HSMB Chair determine that mediation may be appropriate, the Title IX Coordinator will first speak with the Complainant about the option to pursue mediation. If the Complainant is agreeable, then the Title IX Coordinator will meet with the Respondent to discuss the mediation process. If both parties are agreeable to mediation, mediation will be coordinated by the Title IX Coordinator. Either party may discontinue mediation at any time. The mediator will report to the Title IX Coordinator and the HSMB Chair the results of the mediation, and is subject to the acceptance of the Title IX Coordinator.

Mediation, even if voluntary, may not be used in cases involving sexual assault. The College will
not compel a Complainant to engage in mediation, to directly confront the Respondent or to participate in any particular form of a response, and a Complainant who initially requests mediation can later request, at any time, to terminate mediation in favor of review by the HSMRP.

D. Formal Resolution

In cases of alleged Sexual Misconduct under this Policy, where informal resolution is not used or if used is not successful, the following process will apply. This process may involve the Chair of the HSMB, the appropriate Senior Staff Member, the Title IX Coordinator, an Investigation Team, and the HSMRP. In the event the Complainant, Respondent, Chair of the HSMB, or Title IX Coordinator identifies a conflict of interest involving the Chair or the Title IX Coordinator, the appropriate Senior Staff Member will appoint another member of the HSMB to oversee the process. If there is a conflict of interest involving the Senior Staff Member, the President of the College will take the place of the Senior Staff Member.

The Title IX Coordinator will meet with the Complainant and explain the investigation procedures that will be followed. The Title IX Coordinator will meet separately with the Respondent to provide written notification that Hamilton is investigating the possibility that the Respondent may have violated this Policy. Both parties will be provided a copy of this Policy.

E. Respondent Acceptance of Responsibility

The Respondent, with the Senior Staff Member’s agreement, may accept responsibility for alleged conduct. A Respondent choosing this path must provide the Senior Staff Member and the Chair a written statement accepting responsibility for the alleged conduct and waiving any further process under this Policy. In such cases, the appropriate Senior Staff Member – in consultation with the Chair and Title IX Coordinator – will determine a sanction, which may range from a warning to permanent separation from the College. By accepting responsibility, the Respondent accepts the Senior Staff Member’s decision as final. If the Respondent does not agree to accept responsibility and disputes the description of alleged conduct, the process below will proceed.

F. Investigation of Complaint

General

Hamilton College uses an investigation model to resolve complaints of Sexual Misconduct that are not appropriate for voluntary mediation, or that a Complainant does not wish to mediate even if mediation could be pursued.

A trained Investigation Team will interview all parties and witnesses and collect relevant information. The Investigation Team is authorized to contact any relevant people and to access any relevant records not otherwise prohibited by legal protections of privilege or confidentiality. It is the responsibility of the Investigation Team to take custody of, and arrange safekeeping for, any physical or electronic records, documents, or other tangible items to be used in making a finding.

The Investigation Team will make every effort to conclude a thorough investigation, including submission of its written report, within 30 business days of the receipt of a complaint. Should a Respondent choose not to participate in the investigative process, the investigation may proceed, a decision will be made, and, if appropriate, a sanction may be imposed based on available information.
The Complainant and Respondent may have an advisor of choice present at any meeting related to the investigation and resolution process if the matter involves sexual assault or violence, dating or domestic violence, or stalking, or when otherwise required by law. In all other cases, an advisor may be used but the advisor must be an active member of the campus community, who is not a lawyer. In all cases, advisors can only advise the Complainant or Respondent privately and cannot act as speaking advocates. If an advisor is going to accompany a party, that party must advise the Title IX Coordinator of the identity of his/her advisor upon making that decision. Neither members of the HSMB nor the Appeals Board may serve as advisors.

In matters involving students, the College will typically issue “no contact” orders for the duration of the investigation and resolution process. In all other matters, the College will evaluate and implement measures intended to reduce the burden on the Complainant; the College’s evaluation of the appropriateness of such measures will be ongoing.

G. Rights of the Respondent and Complainant

Common Rights

Each party has the right to:

- preservation of privacy, to the extent possible and allowed by law;
- a timely investigation and appropriate resolution of all complaints of sexual misconduct through the processes described in this Policy;
- be informed of campus judicial rules and procedures as well as the nature and extent of all alleged violations contained within the complaint;
- be informed in advance of any meeting they are required or eligible to attend, the purpose of the meeting and the rules allegedly violated and potential sanctions (if not previously advised);
- (in the case of students) medical and emotional support from the Student Health Service, the Counseling Center, and/or trained advocates;
- (in the case of employees) medical and emotional support through the College’s Employee Assistance Program (1-888-293-6948);
- receive the counsel and support of an advisor (as more fully described above) throughout the investigation and resolution processes. The advisor may consult with the advisee but may not speak on behalf of the advisee unless directed to answer questions raised by the Investigation Team or HSMRP, or to assist the advisee with questioning;
- provide information at any step of the procedures outlined in this Policy outside the presence of the other party.
- have their own past sexual history with persons other than the other party precluded at the responsibility stage and to have any other irrelevant information concerning sexual history, character, or incidents not directly related to the complaint excluded from the investigation and resolution proceedings (the HSMB Chair, Title IX Coordinator or other appropriate person may determine that information demonstrating a pattern of behavior directly related to the alleged violation is admissible information);
  - any party seeking to introduce information about prior sexual history or pattern evidence should bring this information to the attention of the Title IX Coordinator at the earliest opportunity. A party who provides this information and wishes to seek its consideration must submit a written request to the Title IX Coordinator no later than seven (7) days after the notice of complaint has been provided:
    - a written statement and/or description of the proposed information, if not already provided and
    - a summary of the relevance of this information to making a decision of responsibility Where sufficient foundation exists, the Title IX Coordinator, in consultation with the HSMB Chair or other appropriate person, will assess the relevance, form, and reliability of the information and determine if it is appropriate for consideration by the Investigation Team. If the information is approved, the Respondent and Complainant will be provided with a brief description of the approved information before the close of the investigation;
- have their own mental health diagnosis and/or treatment excluded in the responsibility stage of any proceeding;
• be informed of the names of any additional individuals who may be called to provide information;
• have the College request the presence of individuals at investigative and resolution proceedings (as appropriate);
• review all relevant documentary information available regarding the complaint and investigation, subject to the confidentiality limitations imposed by state and federal law and College policy, and the ability of the Title IX Coordinator and the HSMB Chair to exercise discretion to redact or remove information deemed to be irrelevant, more prejudicial to a party or witness than probative, an unwarranted invasion of an individual’s privacy or immaterial;
• submit a personal impact statement prior to the consideration of any sanction;
• be notified of the HSMRP’s finding and recommended sanction (as it relates to Complainant) following the HSMRP review (where applicable), as well as the Senior Staff Member’s decision;
• petition the Chair of the HSMB for removal of any member of the Investigation Team or HSMRP (where applicable) on the basis of demonstrated bias or conflict of interest;
• appeal the Senior Staff Member’s decision and sanction, in accordance with the standards for appeal established by this Policy;
• have complaints investigated and reviewed in a timely, impartial and thorough manner, by individuals who have received annual training in conducting investigations of sexual violence, the effects of trauma, impartiality, the rights of respondent (including the right to a presumption that the respondent is “not responsible” until a responsibility determination has been made), and other issues relating to sexual assault, domestic/dating violence and stalking;
• to an outcome based solely on information obtained by the Investigation Team and during the HSMRP or other applicable proceeding;
• have College policies and procedures followed without material deviation; and/or
• be informed in advance of any public release of information regarding the complaint;
• receive appropriate, reasonably available measures to reduce the burden on either the Complainant and/or Respondent, which may include (but may not be applicable to all depending on their status as a student or an employee):
  o placement of limitations on one party regarding contact with the other during the investigation and while the complaint is being reviewed;
  o separation or modification of the working, living, and/or academic arrangements of the Complainant and the Respondent and the College’s assistance in effecting such change;
  o rescheduling of exams, papers, or other assignments;
  o taking an incomplete in a class;
  o changing class sections;
  o temporary withdrawal; or
  o alternative course completion options;

H. Additional Rights of the Complainant

• To be informed by College officials of options to notify appropriate law enforcement authorities and the option to be assisted by campus officials in notifying such authorities whether or not the individual intends to pursue on-campus complaint resolution procedures.

I. Additional Rights of the Respondent

• To be advised on the date, time, location and factual allegations made against him or her, the specific provisions of the Policy allegedly, violated, the possible sanctions, to review the complaint made against him or her (subject to the confidentiality and privacy provisions of this Policy), and timely notice of any HSMRP proceedings in which the Respondent could participate;
• To waive HSMRP or other proceedings by admitting responsibility (in which case, the Senior Staff Member, in consultation with the Title IX Coordinator and Chair of the HSMB, will determine a sanction, with no right of appeal); and □ To withdraw from the College, subject to Article XI. A. 2 of this Policy.
J. Procedures for Submitting and Accessing Information Collected During College’s Investigation

The Complainant and Respondent will be asked to identify all information they would like the Investigation Team to review, and as such both may recommend witnesses and submit information for consideration. Decisions about interviews and collection and evaluation of relevant information, physical or electronic documents, and other tangible items, however, are ultimately at the sole discretion of the Investigation Team in the context of impartial treatment of both parties. In the course of conducting interviews, the Investigation Team will ask any participant in the investigation to sign a statement attesting to the veracity of the information provided. The Investigation Team will also encourage participants to keep the substance of an interview confidential.

At the conclusion of the investigation, the Complainant and Respondent will have the opportunity to review the other party’s statement, relevant witness statements and other relevant materials gathered during the course of the investigation. Prior to this review, however, the Title IX Coordinator and HSMB Chair will review those materials to determine whether the information contained therein is relevant and material to the determination of the charged violation(s) of this Policy given the nature of the allegation(s). In general, the Title IX Coordinator and the HSMB Chair may redact information that is irrelevant, more prejudicial to a party or witness than probative, an unwarranted invasion of an individual’s privacy, or immaterial.

After such review and redaction, the Title IX Coordinator will facilitate the opportunity for each party to access the information separately in a private setting. Both parties will have an opportunity to respond to this information, in writing, within 7 days. If at any stage following the submission of these responses new and relevant information is gathered, it will be shared with the Complainant and Respondent, who will again have the opportunity to submit a written response within a time frame determined by the Title IX Coordinator. The Complainant and Respondent may request to see the other party’s written responses.

Following the initial 7 day review period by the Complainant and Respondent and any subsequent responses and gathering of new information, the Investigation Team will complete their final written report and, within 7 days, meet with the Chair and Title IX Coordinator to deliver that final written report, which will include relevant facts, all relevant investigation materials, Complainant and Respondent statements and responses to the other’s statement, and any additional information gathered. The Title IX Coordinator will notify the Complainant and Respondent of the completion of the final Investigation Team report and make arrangements for each to review.

K. Simultaneous College and Law Enforcement Investigations

When a Complainant reports to both local law enforcement and the College, there will be some coordination of the simultaneous investigations.

At the request of law enforcement, the College may agree to defer its fact-gathering until after the initial stages of a criminal investigation. During that time, the College will continue to offer support to the Complainant, including discussing Title IX rights, procedural options, and needed interim measures to ensure safety and well-being. The College will promptly resume its factgathering as soon as law enforcement has completed its evidence gathering.

The College will timely share information in simultaneous investigations except that local law enforcement may manage sharing of information so as not to impede its ongoing investigation. In addition, the College’s ability to share information related to its own
investigation and/or adjudication of certain offenses involving a student or students will be
governed by the Family Educational Rights and Privacy Act, which prohibits disclosure of
student education records containing personally identifiable information except under certain
circumstances.

The College’s Policy, definitions, and standard of review differ from New York criminal law.
Neither law enforcement’s determination whether to prosecute a Respondent nor the outcome of
any criminal prosecution is determinative of whether Sexual Misconduct has occurred under this
Policy. Proceedings under this Policy may be carried out prior to, simultaneously with or
following civil or criminal proceedings off campus.

Article XI.
Resolution Procedures

A. When the Respondent Is a Student

1. HSMRP Procedures and Guidelines

Unless the Title IX Coordinator and the HSMB Chair determine that mediation is appropriate
and the parties agree to proceed with mediation as described above, the Title IX Coordinator will
convene the HSMRP upon receipt of the final report from the Investigation Team. The HSMRP
will review the final Investigation Team report and may request any additional relevant
information from the investigators and/or to meet individually with any person(s). The
Complainant or Respondent also has the right to meet separately with the HSMRP. The focus of
any such meeting will only be to clarify information presented in the Investigation Team’s final
report. Utilizing this information, the HSMRP is responsible for arriving at a determination of
whether this Policy was violated and, if so, which specific portion(s). The HSMRP will apply a
preponderance of evidence standard when arriving at a determination of whether this Policy was
violated.

If the HSMRP determines that this College Policy has been violated, the HSMRP will
additionally recommend a sanction to the Senior Staff Member for the Respondent based on the
nature of the violation and available precedent. Possible sanctions include:

- **Warning**: Notice, orally or in writing, that continuation or repetition of prohibited conduct may be cause for
  additional disciplinary action.
- **Restitution**: Charges for damages, including replacement of goods, payment of services, and/or assignment of
  unpaid service to the College community.
- **Mandatory educational workshop** for alcohol or drug-related misconduct.
- **Loss of status in housing lottery**.
- **Status of Probation**: To be assigned for a specified period of time. Terms of the probation shall be specified,
  and may include denial of specified social privileges, exclusion from extracurricular activities and other measures
  deemed appropriate. Violation of this Policy or the College’s Code of Conduct during the period of probation
  will normally result in suspension or expulsion from the College.
- **Suspension**: Separation from the College, and exclusion from College premises, and from other privileges and
  activities. Readmission to the College after the term of suspension is not automatic, but requires application to
  the Dean of Students. “Suspended after a finding of responsibility” will be recorded on the official College
  transcript, as noted below.
- **Expulsion**: Permanent termination of student status, and exclusion from College premises, privileges, and
  activities. An application for readmission shall not be considered. Students who have been expelled are expected
  to leave the campus within 48 hours unless the Dean of Students grants a special extension. “Expelled after a
  finding of responsibility” will be recorded on the official College transcript, as noted below.
- **Other Actions**: In addition to or in place of the above actions, the Senior Staff Member may assign such other
  penalties, as it deems appropriate.
Individuals found responsible for Non-consensual Sexual Penetration should expect suspension or expulsion from the College.

**Transcript Notation:** In the event any student is found responsible for conduct which constitutes a crime of violence that must be reported under the Clery Act (including but not limited to aggravated assault and sexual assault) and is suspended or expelled as a result, the notation “Suspended/Expelled after a finding of responsibility for a code of conduct violation” will appear on the transcript. A student who has been suspended may request to have the notation removed no sooner than one year after the conclusion of the suspension and prior to graduation. Requests should be submitted in writing to the Dean of Students. Notations for expulsions shall not be removed. In pending cases that could result in suspension or expulsion, the Dean of Students will normally place a temporary encumbrance on a student's transcript. If a student proceeds with such charges pending and does not participate through completion in any College process, the notation "Withdrew with code of conduct violation pending" will appear on his/her transcript.

If the HSMRP determines that College Policy was not violated, no sanction will be recommended.

The HSMRP will prepare a brief written summary of its determination, including findings of fact and a rationale for its determination and recommended sanction (if applicable) and submit it to the Senior Staff Member. The HSMRP will make every effort to conclude this process within fourteen (14) days of the receipt of the Investigation Team’s final report.

The Senior Staff Member will make the final decision based on the HSMRP’s determination and recommendation and the final Investigation Team report, subject to the Senior Staff Member’s right to meet individually with any person. The Senior Staff Member and Chair will meet separately with the Complainant and Respondent to inform them of the HSMRP’s determination and recommendation and the Senior Staff Member’s decision, which will be based on a preponderance of evidence standard. Specifically, each party will be informed in writing of the HSMRP’s and the Senior Staff Member’s determination (including any policy violation(s) and any sanction(s) issued), and procedures to appeal the decision.

2. **Respondent Withdrawal**

Should a Respondent choose to withdraw from the College with knowledge that a formal or informal complaint against him or her has been made under this Policy and prior to the Senior Staff member’s final decision, the Respondent’s transcript will note that a complaint had been made at the time of withdrawal. The College reserves the right, notwithstanding a withdrawal, to proceed with consideration of any complaint to completion and, if appropriate, impose a sanction.

B. **When the Respondent is a Faculty Member**

When the Respondent is a Faculty Member, the Investigation Team’s final report will be presented to the Dean of the Faculty and the Chair of the HSMB. The Dean may meet individually with any person. If the Dean, after consultation with the Chair, believes that a violation of this Policy has occurred and a major change in the terms of employment or dismissal is appropriate, as provided in X.D. 1 (b) of the Faculty Handbook, the Dean will use the Investigation Team’s final report (or any relevant portions thereof) as the basis for a petition under X.E of the Faculty Handbook and those procedures will be followed, subject to the following modifications:
• tribunal members can only be drawn from those otherwise qualified individuals who have undergone or who in advance of the hearing undergo appropriate (as determined by the Title IX Coordinator) Title IX training;
• either the original Complainant or the Faculty Member Respondent may request to be separated from the other during the course of any proceeding, in which case the Tribunal will determine whether and how best to accomplish that separation (such as through use of a screen or partition, close circuit tv, or otherwise, to allow either party to provide information outside the presence of the other);
• both the Complainant and the Faculty Member Respondent may request to have all questions from the other (or questions to the other from them, as applicable) asked through, and in a substance and form determined by, the Tribunal, rather than through direct examination/cross examination;
• any determination will be based on a preponderance of evidence standard;
• the time periods provided for notice of hearings and/or decisions may be shortened as determined necessary by the Title IX Coordinator to permit completion of the process in a timely fashion, as provided in this Policy; and
• any other modifications that may be required to comply with Title IX or other law.

In cases where the Dean of the Faculty believes a major change or dismissal is not appropriate, and he/she finds a violation of College Policy, the Dean may impose a penalty as provided for in X.D. 1 (b) of the Faculty Handbook. The Dean’s determination will include findings of fact and a rationale for the responsibility determination and sanction, if any.

C. When the Respondent is a Staff Member

When the Respondent is a Staff member (i.e., for purposes of this Policy, any non-faculty employee), the Investigation Team’s final report will be provided to the Director of Human Resources and the Senior Staff Member (who must both be appropriately trained, as determined by the Title IX Coordinator), who together are responsible for arriving at a determination of whether this Policy was violated and, if so, which specific portion(s). The Director of Human Resources and/or the Senior Staff Member may meet individually with any person. If it is determined that a violation of this Policy has occurred, or if it is determined that no violation of this Policy has occurred but a violation of some other College policy, rule, or requirement has occurred, the Director of Human Resources and Senior Staff Member, after consultation with the Chair or other member of the HSMB, may impose an appropriate sanction, up to and including termination of employment.

The Director of Human Resources and the Senior Staff Member determination will include findings of fact and a rationale for the responsibility determination and sanction, if any. A preponderance of the evidence standard will apply to this determination. In the event the Director of Human Resources and the Senior Staff Member are unable to agree, they shall advise the President, who will appoint a third person to act as a tie-breaker.

Article XII.
Overall Time Frame for Investigation and Complaint Resolution

The College has established time frames with the goal of addressing and reaching a determination about all complaints in a timely and efficient manner. In general, parties can expect that the College will conclude all reports of Sexual Misconduct within sixty (60) days (exclusive of any appeal) and, in general, parties can expect that the process will proceed according to the time frames provided in this Policy. However, because circumstances may arise that require the extension of time frames—possibly beyond the overall sixty (60) day timeline—all time frames expressed in this Policy are meant to be guidelines rather than rigid requirements. Such circumstances may include the complexity of the allegations, the number of witnesses involved, the availability of the parties or witnesses, the effect of a concurrent criminal investigation, any intervening school break or vacation or other unforeseen circumstances. The College will provide written notice to all parties of the reason for any delay and the expected
adjustment in time frames. The College will make its best efforts to complete the process in a timely manner by balancing principles of thoroughness and fundamental fairness with promptness.

**Article XIII. Appeals**

**A. When the Respondent is a Student**

Either party may request an appeal of the Senior Staff Member’s final decision within seven days of being informed in writing of that decision. Acceptable grounds for an appeal are limited to:

- A sanction inconsistent with the severity of the violation or with stated community standards and precedents;
- procedural error(s) that had a material impact on the fairness of the process (the Appeals Board is not to substitute its judgment on the merits for that of the Senior Staff Member); and/or
- the discovery of previously unavailable relevant information that could significantly impact the result of the HSMRP’s determination.

**Appeal Procedures**

Either party may submit a written request for an appeal to the Chair of the Appeals Board. In the request, the party must identify the specific grounds upon which the appeal is based and must provide all of the detail he or she wants considered in support of the appeal. (The Appeals Board will not consider submissions from anyone other than the parties themselves.) The Chair of the Appeals Board will inform the Senior Staff Member and Chair of the HSMB that an appeal request has been made and will invite them to review the appeal request and respond in writing within seven days of that invitation.

Where an appeal is requested by the Respondent, the Complainant will be provided a copy of the Respondent’s appeal and invited to respond. Where an appeal is requested by the Complainant, the Respondent will be provided a copy of the Complainant’s appeal and invited to respond. However, in either case, the Title IX Coordinator and HSMB Chair will review the appeal statement to determine whether the information contained therein is relevant and material to the determination of the appeal and, in general, the Title IX Coordinator and the HSMB Chair may redact information that is irrelevant, more prejudicial to a party or witness than probative, an unwarranted invasion of an individual’s privacy, or immaterial. The Title IX Coordinator may also redact statements of personal opinion rather than direct observations or reasonable inferences from the facts, and statements as to general reputation for any character trait, including honesty.

Within seven days of an appeal being filed, the Chair of the Appeals Board will schedule a meeting for consideration and disposition of the appeal. The Title IX Coordinator will provide the Appeals Panel access to the Investigation Report and any other written materials that were made available to the HSMRP. In considering the appeal, the Appeals Panel may request additional information from the Title IX Coordinator, the Senior Staff Member, or the Chair of the HSMB. Normally, the parties, Senior Staff Member, and Chair of the HSMB will not appear before the Appeals Panel, though they may be summoned at the discretion of the Chair of the Appeals Board.
The Appeals Panel may:

- uphold the original decision;
- remand the matter to the HSMRP. The Appeals Panel may (but is not required to) take this action when there is a procedural irregularity that could be corrected in a review or the presentation of previously unavailable relevant information that could significantly impact the result of the HSMRP’s determination;
- remand the matter to the appropriate Senior Staff Member with a recommendation that the penalty be modified, together with an explanation of why the original penalty is deemed inappropriate; or
- remand the matter to an ad hoc review panel composed of members of the HSMB not previously involved in the matter. This will be done only in extraordinary cases when, in the considered opinion of the Appeals Panel, the matter would be best addressed by a newly-constituted panel.

Any determination made following a remand of a matter is subject to appeal to the Appeals Board utilizing this same process. In that case, the Appeals Board may then issue a final determination on the matter.

In cases where the two members of the Appeals Panel do not agree, a third Appeals Board member will review the appeal and make a determination. If there is a conflict of interest, or a third member of the Appeals Board is unavailable, a member of the Faculty Appeals Board will be appointed by the Chair of the Faculty Appeals Board. The Appeals Panel will provide the parties, the Senior Staff Member, and the Chair of the Harassment and Sexual Misconduct Board written notice of its decision, including grounds for the decision, within 48 hours of its meeting. The record of the appeal will consist of the letter of appeal; any written statements from the parties, Senior Staff Member and/or Chair of the HSMB; and the written decision that acceptable grounds for an appeal were not asserted (if that is the case), and the outcome of the appeal. This record will be appended to the written record of the original decision and will be kept with it as part of the case file maintained by the Title IX Coordinator.

Decisions of the Appeals Panel are final.

B. When the Respondent is a Faculty Member

If the matter was processed under X.E of the Faculty Handbook, the faculty member shall have the rights provided therein and no others. For other matters, either party (but only parties themselves) shall have the right to appeal, in writing, to the Title IX Coordinator, within seven days of receipt of the Dean’s determination. Grounds for appeal are limited to:

- a sanction inconsistent with the severity of the violation;
- procedural effort(s) that had a material impact on the fairness of the determination (the President is not to substitute his/her judgment on the merits for that of the Dean); or
- the discovery of previously unavailable relevant information that could significantly impact the Dean’s determination.

The appeal will be heard by the President and a Vice President not otherwise involved in the matter, as selected by the Title IX Coordinator. On appeal, the President and Vice President may uphold the original determination, remand the matter for either further consideration by the Dean of Faculty and/or investigation, or modify or reject the determination. The President and Vice President’s decision is final. In the event the President and Vice President do not agree, the Title IX Coordinator will appoint another Vice President not involved in the matter to the panel.

C. When the Respondent is a Staff Member

In those cases, either party (but only the parties themselves) may appeal the determination of the Director of Human Resources and the Senior Staff Member by submitting a request for an appeal in writing within seven days of receiving notice of the determination to the Title IX Coordinator.
Acceptable grounds for an appeal are limited to:

- a sanction inconsistent with the severity of the violation;
- procedural effort(s) that had a material impact on the fairness of the determination (the President is not to substitute his/her judgment on the merits for that of the Director of Human Resources and Senior Staff Members); or
- the discovery of previously unavailable relevant information that could significantly impact the result of the Director of Human Resources/Senior Staff Member’s determination.

The appeal will be heard by the President and a Vice President not otherwise involved in the matter, as selected by the Title IX Coordinator. On appeal, the President and Vice President may uphold the original determination, remand the matter for either further consideration by the Director of Human Resources and Senior Staff Member and/or investigation, or modify or reject the determination. The President and Vice President’s decision is final. In the event the President and Vice President do not agree, the Title IX Coordinator will appoint another Vice President not involved in the matter to the panel.

Article XIV.
Guests and Non-College Community Members

The College expects all guests to be able to participate in its programs and offerings (to the extent otherwise appropriate) without experiencing Sexual Misconduct related to those programs and offerings. The College also expects guests and other non-community members to not engage in such conduct towards others in the context of those programs and offerings. If a guest or other non-community member believes that he or she has been subjected to such conduct in connection with a College program or offering, or if a College community member believes that he or she has been subjected to such conduct by a guest or other non-community member, he or she should make a report to Campus Safety, which will conduct an appropriate investigation and reports its findings to the Title IX Coordinator for action. The parties are permitted to use an advisor, on the same terms as set out in Article X, F, above. The decision of the Title IX Coordinator in such matters will be final.

Article XV. Students’ Bill of Rights

Addendum C contains the New York State Students’ Bill of Rights, as well as a listing of rights for all individuals reporting sexual assault, domestic or dating violence or stalking.

Article XVI. Education and Prevention Programs

The College is committed to educating and promoting community awareness about the prevention of sex discrimination and harassment, sexual harassment, sexual violence, stalking, domestic violence, dating violence, and sex- and gender-based harassment that does not involve conduct of a sexual nature. The College will offer programs to promote awareness and prevention of such issues throughout the year, including an overview of the College’s policies and procedures, relevant definitions (including prohibited conduct, discussion of the impact of alcohol and illegal drug use, and effective consent), the severity of sanctions for violations (including suspension and expulsion) and information about bystander information and risk reduction.

The Title IX Coordinator and others designated by the Title IX Coordinator oversee the development and implementation of the College’s education and prevention programs, which are based on campus needs and climate. Incoming first-year students and new employees will receive primary prevention and awareness programming as part of their orientation. Returning students and employees will receive ongoing training on a periodic basis. All educational
programs include a review of resources and reporting options.

**Article XVII.**
**Annual Report**

At the end of each academic year, the Title IX Coordinator shall prepare a report that will include the number of notices of alleged misconduct, the kinds of behaviors that gave rise to complaints during that academic year, and the final resolution of those complaints. The Title IX Coordinator will make the annual report public at the beginning of the next academic year. The report shall not mention the name of any individual or contain identifying details of any case.

**Article XVIII.**
**Records**

The Title IX Coordinator shall keep on file in his or her office for seven years from the date of the filing of the formal complaint the following written documentation: notice of complaint and related no contact orders, the investigation report and supporting materials, HSMRP summary and recommendation, the Senior Staff member's written finding and sanction notification (if applicable), and the appeals record.

**Article XIX.**
**Conflicts**

Whenever the complainant, respondent or a material witness to an event relevant to a complaint has a role under this Policy (e.g., is a Senior Staff Member, Director of Human Resources, etc.), the President may designate someone else to fill that person’s role under this Policy (except as expressly provided otherwise in this Policy or in cases processed under the Tribunal provisions of the Faculty Handbook, in which case those provisions on the selection of Tribunal members will govern).

If a complaint is made against the President, or a member of the Board of Trustees, it will go to the Chair of the Board (or the Vice Chair of the Board if the charge is against the Chair), who may appoint different individuals to any role under this Policy as he/she deems appropriate to ensure a fair and appropriate process.

**Article XX.**
**Multiple Charges/Parties**

When multiple charges and/or parties are involved, including charges by and against individuals with different statuses (e.g. faculty and student), the Title IX Coordinator, in consultation with the HSMB Chair, will determine the appropriate procedures to be used, including varying from these procedures as may be necessary.

**Article XXI.**
**Coordination With Other Policies**

A particular situation may potentially invoke one or more College policies or processes. The College reserves the right to determine the most applicable policy or process and to utilize that policy or process.

**Article XXII.**
**Counsel**

Any College administrator or official when involved in the implementation of this policy (e.g.,
HSMB member, Senior Staff member, Director of Human Resources, Tribunal member, etc.) may seek the advice of, and share information with, the College’s legal counsel through the Title IX Coordinator.

**Article XXIII.**
**Policy Amendment**

Members of the community may suggest changes to members of the HSMB or the Title IX Coordinator, who shall bring them to the HSMB for discussion. Final policy changes, other than updates to contact information included in this policy, are to be approved by the President of the College.

**Article XXIV.**
**Inquiries Related to This Policy and Title IX**

The College encourages members of the Hamilton community to bring any and all questions or concerns about this Policy and/or Title IX to the Title IX Coordinator: Lisa Magnarelli at 315-859-4020 or lmagnare@hamilton.edu.

Members of the Hamilton community may submit inquiries or complaints concerning Title IX to the U.S. Department of Education’s Office for Civil Rights:

The Health Center (315-859-4111) is a confidential resource for students whose staff provides medical assistance, and can share information about reporting options. After hours, Emergency Medical Technicians (EMTs) are available (reached through Campus Safety at 315-859-4000).

The Chaplaincy (315-859-4130) is a confidential resource for students and employees whose staff can provide pastoral counsel, emotional support, and information about reporting options. Visit the Chaplaincy site to learn how to contact individual staff in the Chaplaincy.

Campus Safety (315-859-4000) is available to students and employees 24 hours a day, 7 days a week to respond to any community concern. Students who call Campus Safety after normal business hours may request to speak with the Dean on Call, who is a member of the Division of Student Affairs. Campus Safety and/or the Dean on Call will notify the Title IX Coordinator after responding to a call related to alleged Sexual Misconduct.

Employee Assistance Program (EAP) (1-888-293-6948) through Besinger, DuPont & Associates is a confidential resource for employees regarding issues ranging from alcohol and drug abuse to financial and legal concerns. The EAP also provides access to WorkLife services, which researches and provides referrals for a range of personal issues. For additional information visit https://www.advantageengagement.com/1120/login_company.php using username: standard, password: eap4u

The College’s Title IX Coordinator, Lisa Magnarelli, is also available to students and employees as an immediate resource. Talking with the Title IX Coordinator about a specific incident of sexual misconduct constitutes a report under this Policy to which the College must respond. However, general conversations or questions about Hamilton’s processes can remain private [see “Privacy of Resources”]. The Title IX Coordinator can provide information about all resources available to individuals who have experienced Sexual Misconduct, including where to obtain emergency mental health services and health care. The Title IX Coordinator can review and determine the immediate academic and administrative accommodations that can be made to protect a Hamilton community member who has experienced Sexual Misconduct. The Title IX Coordinator can also advise about options for reporting, including the option to report to local law enforcement, to initiate the on-campus resolution procedures, to do both, or to do neither. The Title IX Coordinator will provide guidance and assistance through the process of reporting on- and/or off-campus. She can be reached at 315-859-4020 or after hours through the Dean on Call (reached through Campus Safety at 315-859-4000).
Off Campus Support Resources

**YWCA Rape Crisis Services** (315-797-7740) is an anonymous hotline available to provide counsel as well as in-person assistance getting to a hospital or the police. If requested, YWCA Rape Crisis Service may also provide victim advocacy services.

**Oneida Health Care** (315-363-6000) is a hospital that provides a **Sexual Assault Nurse Examiner** (SANE) for medical attention (injuries from a sexual assault are not always immediately apparent) and collecting physical evidence (a “rape kit”). The College strongly encourages any individual who has experienced sexual violence to obtain a rape kit, which is critical: (1) to diagnose and treat the full extent of any injury or physical effect and (2) to properly collect and preserve evidence. There is a limited window of time (typically 72 to 96 hours) following an incident of sexual assault to preserve physical and other forms of evidence. Gathering such evidence does **not** commit an individual to pursuing legal action against the assailant, but does preserve that option. Although it may be difficult following a sexual assault, individuals who are considering or may consider legal action should try not to shower, rinse mouth, brush teeth or change clothes to allow for the maximum possible collection of evidence by a SANE nurse or other health care provider.

Hospitals are **confidential** resources and are not required to report any non-identifying information to the College or to anyone else. However, hospitals providing care to individuals reporting sexual assault are required to:

- collect and maintain the chain of custody of sexual assault evidence for not less than 30 days **unless** the patient signs a statement directing the hospital not to collect it;
- advise the individual seeking medical treatment related to sexual assault of the availability of the services of a local rape crisis or victim assistance organization to accompany the individual through the sexual offense examination;
- contact a rape crisis or victim assistance organization providing assistance to the geographic area served by that hospital to establish the coordination of non-medical services to individuals reporting sexual assault who request such coordination and services; and
- provide emergency contraception upon the patient’s request.

Even if an individual who has experienced sexual violence does not have injuries requiring emergency attention, the College encourages that individual to seek medical care as soon as possible, whether at the Health Center or another health care provider or hospital. A medical evaluation is still important to check for physical injuries, reduce risk of complications from sexually transmitted diseases as a result of the assault, and/or (if appropriate) reduce risk of pregnancy.

In most instances, any health care provider will encourage an individual reporting Sexual Misconduct to authorize collection of evidence. For individuals who seek initial medical treatment at the Health Center and decide to proceed with evidence collection, the individual may be escorted to Oneida Health by Campus Safety or may choose to travel by taxi (the College will provide a voucher) to any chosen medical provider. A Complainant can receive follow-up health care at the Health Center or the chosen health care provider or hospital.

**Law Enforcement**

The College encourages anyone who is a victim of Sexual Misconduct to pursue criminal action for incidents that may also be crimes under applicable criminal statutes. The **New York State Police** (315-366-6000) or the Oneida County Sheriff (315-736-0141) can assist with pressing criminal charges following an incident in New York. The New York State Police also maintain a specific sexual assault crime reporting hotline (1-844-845-7269) which can be used.
Pursuant to New York Law, all students have the right to:

(1) Make a report to local law enforcement and/or state Police;

(2) Have disclosures of domestic violence, dating violence, stalking, and sexual assault treated seriously;

(3) Make a decision about whether or not to disclose a crime or violation and participate in the judicial or conduct process and/or criminal justice process free from pressure by the institution;

(4) Participate in a process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard;

(5) Be treated with dignity and to receive from the institution courteous, fair, and respectful health care and counseling services, where available;

(6) Be free from any suggestion that the reporting individual is at fault when these crimes and violations are committed, or should have acted in a different manner to avoid such crimes or violations;

(7) Describe the incident to as few institution representatives as practicable and not be required to unnecessarily repeat a description of the incident;

(8) Be protected from retaliation by the institution, any student, the accused and/or the respondent, and/or their friends, family and acquaintances within the jurisdiction of the institution;

(9) Access to at least one level of appeal of a determination;

(10) Be accompanied by an advisor of choice who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process; and

(11) Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or judicial or conduct process of the institution.

(ii) Oneida Health Care (315-363-6000)

D. Disclose confidentially the incident to and obtain services from the State or Local Government;

F. File a report of sexual assault, domestic violence, dating violence, and/or stalking and consult the Title IX Coordinator and other appropriate College personnel for information and assistance. Reports shall be investigated in accordance with College policy. A reporting individual's identity shall remain private if that is what the reporting individual wishes, however privacy is not the same as confidentiality and private information can be shared to implement and fulfill the College’s obligations under the law and its Sexual Misconduct Policy;
G. Disclose, if the accused is a College employee of the institution, the incident to Human Resources or to request that a private employee assist in reporting to Human Resources; and

H. Receive assistance from appropriate College representatives if interested in initiating legal proceedings in family court or civil court (e.g., orders of protection), such assistance to consist of facilitation in contacting appropriate local agencies (e.g., YWCA), who can provide direct assistance with court proceedings.

I. Withdraw a complaint or involvement from the College processes at any time, with the understanding that in appropriate cases, the College may nonetheless be required to proceed even if the reporting individual does not wish to do so.

Information about available resources, including intervention, mental health counseling and medical services that might be available to anyone reporting an incident can be found at www.hamilton.edu/hsmb. In addition, information on sexually transmitted infections and sexual assault forensic examinations can be obtained from the Health or Counseling Centers, if a student, or from their primary care physician, if an employee. Certain resources are also available to victims of crimes through the New York State Office of Victim Services, www.ovs.ny.gov.

Bias Crimes Compliance Statement

Hamilton College seeks to prepare all students to thrive as fully engaged citizens of a diverse and increasingly complex world. In keeping with this goal, Hamilton is duly committed to distinguishing itself as a living and learning community that values and exemplifies the inclusion of diverse persons and perspectives. However, no college or community is immune to problems that arise as a result of various forms of bias. As part of the College's commitment to an inclusive campus community, a Bias Incident Response Team and protocol has been developed to address incidents that occur on-campus or at any Hamilton-sponsored off-campus event. We urge all community members to familiarize themselves with the reporting protocol found in this document and to report promptly any incidents that violate the standards that we as a community seek to uphold.

What is a bias incident?

A bias incident is an action that violates college policy and is motivated, in whole or in part, by the perpetrator's bias or attitude against an individual or group based on perceived or actual personal characteristics, such as their race, religion, ethnicity, gender, sexual orientation, or disability.

Examples of bias incidents include harassment, intimidating or threatening comments or messages, vandalism of personal or college property, and defacing posters or signs. Bias incidents affect not only the individual victim or target of a specific action, but often make an entire group or community feel vulnerable and unwelcome. This is unacceptable at Hamilton College and will be treated as a serious offense that could include separation from the College.

What is a hate crime?

A hate crime, also called a bias crime or bias-related crime, is criminal activity motivated, in whole or in part, by the perpetrator's bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as their race, religion, ethnicity, gender, sexual orientation, or disability. In addition to the victim, members of the victim's group and the community as a whole can feel victimized by a hate crime.

Hate/bias crimes have received renewed attention in recent years, particularly since the passage of the federal Hate/Bias Crime Reporting Act of 1990 and the New York Penal Law 485.05 (Penal Law Article 485).
A person commits a hate crime when he or she commits a specified offense and either:

- intentionally selects the person against whom the offense is committed or intended to be committed in whole or in substantial part because of a belief or perception regarding the race, color, national origin, ancestry, gender, religion, religious practice, age, disability or sexual orientation of a person, regardless of whether the belief or perception is correct, or
- intentionally commits the act or acts constituting the offense in whole or in substantial part because of a belief or perception regarding the race, color, national origin, ancestry, gender, religion, religious practice, age, disability or sexual orientation of a person, regardless of whether the belief or perception is correct.

Examples of specific crimes identifiable as hate crimes include murder, manslaughter, robbery, aggravated assault, burglary, motor vehicle theft, arson, forcible and non-forcible sex offenses, intimidation, destruction, damage or vandalism of property in which the victim is intentionally selected because of the actual or perceived protected category.

**What are the penalties for committing hate crimes?**

For most crimes, when a person is convicted of a hate crime, the crime is deemed to be one category higher than the specified offense the defendant committed, and the person is sentenced accordingly.

Penalties for hate crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of violence or previous convictions of the offender. For specific information on sentencing, refer to Penal Law Article 485.

Hate crimes are prohibited, in separate ways, by New York State law and Hamilton College policy. Thus, offenders may be prosecuted under New York State criminal statutes and subject to disciplinary action by the Hamilton College. The College may pursue disciplinary action while criminal action is pending, or even if criminal justice authorities choose not to prosecute. In addition to any criminal penalties, students found responsible for a hate crime are subject to disciplinary action and penalties, which may include, among other penalties, separation from the College.

**Reporting a Bias Incident or Hate Crime**

All members of the Hamilton community are urged to report promptly any bias incident directed against a Hamilton community member or group that occurs on-campus or at any Hamilton-sponsored off-campus event.

*To report an incident or crimes in progress call the Campus Safety emergency line at 315-859-4000 immediately.*

To report a bias incident or hate crime, please complete the Bias Incident Report Form. A Bias Incident Report may be filed via an on-line form which, upon submission, is automatically directed to the Office of Campus Safety. Alternatively, the report form may be printed and submitted to the Office of Campus Safety, the Dean of Students, or any member of the Bias Incident Response Team.

Upon receipt of a report, the Director of Campus Safety (or designee) will contact the Dean of Students or appropriate college officer, depending upon the whether the complainant is a student or college employee, and the Bias Incident Response Team will be convened.

Prior to and during the process of filing a bias complaint, the complainant may receive the counsel and support of an advisor of his or her choice. The advisor may be any member of the Hamilton community (faculty, staff, coach or peer) and will provide support and guidance throughout the process. Neither Bias Incident Response Team members nor attorneys may serve as advisors. While the complainant may choose any Hamilton community member as an advisor; the list below is of faculty and staff who have volunteered to serve as advisors and who have specific knowledge of the Bias Incident Reporting process.

Statutory Rape is defined a non-forcible sexual intercourse with a person who is under the statutory age of consent.

**Hate Crime Statistics**

The College reports hate crimes precipitated against individuals or groups when the motivating reason, in whole or part, can be attributed to race, gender, religion, sexual orientation, national origin/ethnicity, gender identity or disability bias. In addition to murder, manslaughter, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, and arson, the College also reports hate crimes attributed to larceny, simple assault, intimidation, and criminal mischief.

A **hate crime** is a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender’s bias. **Bias** is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation or national origin/ethnicity, or gender identity.

Although there are many possible categories of bias, under Clery, only the following six categories are reported:

- **Race.** A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind (e.g., Asian, blacks, whites).
- **Gender.** A preformed negative opinion or attitude toward a group of persons because those persons are male or female.
- **Religion.** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (e.g. Catholics, Jews, Protestants, atheists).
- **Sexual Orientation.** A preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex (e.g. Gays, lesbians, heterosexual).
- **Ethnicity/national origin.** A preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs and traditions (e.g., Arabs, Hispanics).
- **Disability.** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.
- **Gender Identity.**
For Clery purposes, hate crimes include any offense in the following two groups that is motivated by bias.

**Personal Safety Tips**

**Traveling Off-Campus**

- Park in well-lit heavily populated areas
- Trust your instincts when something doesn’t feel right
- Be aware of your surroundings
- If you have a cellular phone have it turned on and easily accessible
- Do not leave valuable items visible in your vehicle
- Walk with others whenever possible
- Check the back seat of your vehicle before entering
- Report all suspicious behavior to local law enforcement authorities

**In the Event of Fire**

- Remain calm
- Dress warmly, get your keys, and evacuate the building promptly
- Activate the building fire alarm or notify Campus Safety immediately
- If a door is warm, do not open it
- If you are trapped in a room, seal the door and signal from a window.

**PREVENT System**

- Prevention is the most effective means of fighting crime
- Record the description of suspicious persons, do not confront them yourself
- Escape is the primary objective if you are in a dangerous situation
- Value your safety and the safety of others
- Employ common sense and awareness in your day-to-day activities
- Notify Campus Safety if you are the victim of a crime or witness one
- Telephone x4000 for any on-campus emergency
Fire Safety

Fire safety is one of the most important "safety" considerations on any college/university campus, in part because it is not just some minor program managed by a single administrative department. Rather, it is a complex system that concerns itself with both the design/maintenance of the many structures that make up the Hamilton College campus proper, as well as the behaviors of every student, employee and visitor. While the January 2000 Seton Hall dormitory fire was a momentous tragedy, the tangible result of this incident in New York State was new legislation and inspection/enforcement activities to hold all NYS colleges/universities accountable to full conformance with the fire code on an annual basis.

The New York State Division of Homeland Security and Emergency Services, Office of Fire Prevention & Control (OFPC) conducts annual "wall-to-wall" inspections of the entire Hamilton College campus each September, and assists the College with a number of student and employee training programs. While an effective fire safety program is not necessarily measured by the College successfully getting through an annual inspection without having to pay monetary penalties, it is nonetheless important for the Hamilton College community to understand what the OFPC is looking for. The following document is provided as an education tool to communicate the most frequent issues found during these annual inspections, and it also lays out some of the most noteworthy policy obligations that apply in our residences and work stations.

Fire Drills

Conducting fire drills is one of the College's many fire safety obligations. By NYS law, Hamilton must conduct at least 4 fire drills in each residence hall and 3 fire drills in all other non-residential facilities on an annual basis. Additional fire drills are required during the summer months for student and camp housing. Cumulatively, that's more than 200 fire drills Hamilton College must perform on an annual basis. Please be sure to evacuate your space promptly for every fire alarm signal you detect, and know the location of your initial gathering points. Employees should contact their respective Building Coordinators and students should contact their respective RA's for initial gathering point information. See the Emergency Planning & Preparedness link for additional information.

FIRE SAFETY AT HAMILTON COLLEGE “A LAYMAN’S GUIDE”

FIRE SAFETY is not just some service provided by an on-campus office or the local Fire Department, nor is it something that is purely tied to a building’s design (i.e. smoke/heat detectors, sprinklers, fire extinguishers, etc.). Rather, it is a combination of these AND each employee’s and student’s behaviors with regard to controlling/minimizing fire hazards in the first place. In other words, policies can be written, appropriate engineering and design practices can be implemented, and drills can be performed, but this is all irrelevant if the Hamilton College community fails to act in a responsible manner with regard to fire safety issues. This “layman’s guide” is not designed to be a formal policy document that outlines all of the fire safety compliance obligations on behalf of the College and its many constituents. Rather, it is a communication tool that hopes to bridge the gap between those compliance obligations and our collective behaviors as an institution, so as to 1—both minimize our susceptibility to fire safety hazards, and 2—improve our performance during the state mandated campus-wide fire safety inspections held each September.

1. **Building Detection/Suppression/Protection Equipment** Individual buildings on campus, and their occupants, are protected from fires through 2 general strategies. The 1st is the equipment designed to detect and suppress fires, including smoke, heat, and carbon monoxide detectors, as well as sprinkler systems and fire extinguishers. Beyond the incredible amount of effort that goes into maintaining the thousands of detectors and hundreds of sprinkler/extinguisher systems on campus, there is much that the community can also do to keep these systems maximally operable:

**Smoke/Heat Detectors**
These devices must be free to monitor ambient air conditions without obstruction.

They should never be touched or tampered with, in a fashion that impairs their monitoring capabilities. Be careful when generating dusts (like vacuuming) or mists (like using hairspray or taking long showers) since detectors may interpret fine aerosols as smoke.

**Sprinkler Systems/Heads**
These devices—heads and associated piping—must not be obstructed in any fashion (like by hanging objects); Further, nothing should be stored (like boxes/papers on shelving) within 18” of a sprinkler head.

**Fire Extinguishers**
These devices must not be obstructed in any fashion (like by staged objects in front of cases, or on the extinguisher itself). Further, these devices should only be used by properly trained personnel, and are only intended to respond to “incipient” fires, not full scale firefighting.

The 2nd type of fire protection equipment maintained by college buildings includes those devices which serve to 1—notify occupants that a potential fire/fire condition exists, 2—direct occupants to their evacuation routes, and 3—control the spread of the fire/fire conditions. These include fire alarm pull stations, audible/visual alarms, exit/egress signage, and fire/smoke doors.

**Audible/Visual Fire Alarms**
These devices must not be obstructed in any fashion (like by staged/hanging objects). Evacuate whenever the alarm system is initiated.

**Fire Alarm Pull Stations/Panels**
These devices must not be obstructed in any fashion (like by staged/hanging objects). Use the pull station if you see or suspect that there is a fire or fire condition, or in any other circumstance where emergency responders (Campus Safety) is needed, and other means of communication are unavailable.

**Exit/Egress Signage**
It is critically important (especially to those not familiar with a building) for exit/egress signage to be visible, unobstructed, and not tampered with, as they direct evacuating personnel to a means of egress.

**Fire Doors**
Fire doors are normally on self-closing devices, and they may or may not have magnetic hold opening devices that keep the doors open during non-emergency conditions.
You can also tell if your door is a fire door by a small metal template on the inside door jamb. Never prop or obstruct a fire door, thereby impairing its ability to close during a fire.

**Smoke Doors**
Unlike fire doors, smoke doors exist merely to minimize the spread of smoke during a fire. Smoke door are usually signified by the presence of a self-closing device, and sometimes a magnetic hold open as well. Similar to fire doors, smoke doors may not be propped or otherwise obstructed from closing.

2. **Combustible/Other Storage Practices** Anything that can burn, from clothing to books to boxes on a shelf, is considered a combustible. While no one expects every dorm room, office space and storage area to be neat and completely devoid of “clutter” at all times, a number of practices routinely result in fire safety violations, as follows:

**Office Practices**
Offices which store combustible material (like paper work, books, boxes, etc.) beyond the capacity of existing shelving space, are citable fire safety violations if such practices either: constitute an excessive fire load to the space, or would impede an occupant’s ability to evacuate in the event of a fire/alarmp signal. Minimize combustible storage on office floors, or find more suitable storage locations outside of your office.
Dorm Room Practices
Decorative wall or ceiling hangings (like tapestries, tie-dye fabrics, flags, cloth articles, beer banners, etc.) that are combustible in nature, are forbidden from being staged in a student’s living quarters or common spaces.
The only acceptable decorative wall/ceiling hangings include simple paper posters, or any of the articles from above which are either non-combustible by design (with a stamp/label to prove it) or those that are made non-combustible by shielding within a glass picture case.

Other Storage Practices
Miscellaneous materials, whether they are combustible or not, may never be stored in such a way as they obstruct or block an emergency exit/egress. Further, combustible materials may never be stored in mechanical spaces, such as boiler rooms, electrical panel closets, and attics with air handling equipment/ductwork.

3. Electrical Equipment/Devices/Appliances
While saying that all electrical equipment/devices/appliances must be UL listed and otherwise in good working condition is generally sufficient in many commercial/industrial settings, the unique nature of the academic world (especially in NYS) obligates the college to restrict a number of items for either code compliance or policy reasons. Although the examples/lists that follow are not exhaustive, they do address the most routine fire safety considerations relative to equipment/devices/appliances that arise at Hamilton.

Electrical Power/Connection Equipment—Extension Cords
To the greatest extent possible, electrical power should be drawn directly from existing AC power outlets. Where this is not possible or is otherwise not feasible, consider the following:

Light Duty Extension Cords
Light duty extension cords (typically yellow, white or brown) that are either single plug varieties or multi-plug adapters are forbidden on campus in any venue or location. It does not matter how long they are in use, or whether they are personally owned or owned by the college. If they run a radio in an office or student residence, they are a fire safety violation.

Heavy Duty Extension Cords
Heavy duty extension cords (typically orange or yellow) are permissible ONLY if they are for temporary purposes. Examples of approved uses of this type of cord are to run power tools or a fan to clean up a spill. It is not appropriate to use this type of cord for a computer workstation, desk lamp, TV or stereo equipment. These items are intended to be stationary, and the use of heavy duty cords in this manner will result in a fire violation.

Protected Outlet Strips
Protected outlet strips (with “trip” breakers) are the only approved device to provide electrical connection power on a less than temporary basis. These devices should never be “piggy-backed” one to another, and care should be taken to ensure they are not overloaded. Only 1 outlet strip is permitted per duplex outlet. Outlet strips with 15-20 foot cords are available as needed.

Electrical Devices/Appliances

Electrical Devices
The following devices are restricted from use in living and working spaces, as specified: Small air conditioning units (unless specifically approved/installed by the Physical Plant); Space heaters (again, unless specifically approved by the Physical Plant for a heat related problem associated with the facility/building). Electric blankets; Multi-plug adapters/gang boxes; and Specialty lighting, including halogen lights, lava lamps, and sun/heat lamps;

*Special note on multi-colored lamps—see pictures/box below:

Multi-Colored Lamps
These lamps types may only be used with bulbs at approved/UL listed wattages.

Electrical Appliances (Related to Food Cooking/Cooling/Preparation)
All students and employees are encouraged to eat and/or prepare food in established dining halls or other building/dormitory kitchenettes specifically designed for food preparation. The types of approved/unapproved devices in this category are dependent upon location, as follows:

Student Suites and Administrative Buildings with Kitchenettes:
- Since these locations are “designed” for food cooking activities, the only additional electrical appliances that are approved for use (beyond those that are provided for and maintained by the college) include blenders, coffeemakers, griddles, popcorn poppers, toaster ovens, and toasters. These approved devices **MUST** be used and staged in the kitchenettes themselves **AT ALL TIMES.**

Student Living Quarters and All Other Building/Facility Locations:
- The only other approved electrical appliances for locations without kitchenettes include small combination microfridges/microwaves (as in the picture below), and coffeemakers/coffee pots with automatic shutoffs. These devices are approved since they are food “warming/cooling” appliances, as opposed to food cooking appliances.

Other Generally Approved Electrical Appliances (If UL Listed):
- The following appliances/devices are generally approved is UL listed and used safely:
  - Radios, stereos, electric razors, small portable televisions with self-contained antennas, personal computer with a rating of less than 200 watts, clocks, portable hair dryers, VCR/DVD players, fax machines, small fans and desk lamps. Electric hair curlers and hot combs should be used with caution (only one should be plugged in at a time).

Restricted Electrical Appliances Regardless of Location
- The following appliances are restricted from use in any college dormitory, or academic/administrative facility whatsoever:
  - Broilers, crock pots, electric frying pans, griddles, heating coils, hot plates, large microwave ovens (over 1000 watts), large refrigerators, deep fryers and George Foreman grills.

**4. Other Hazardous Articles/Materials**

**Restricted Hazardous Articles**
The following hazardous articles are restricted from use/storage in all living and working spaces on campus:
- Candles or incense (whether lit or for decorative purposes only);
- Real Christmas trees;
- Holiday lights (the kinds that can be plugged in); and
- Excessive combustible material (as per the above).

**Restricted Hazardous Materials**
Restricted hazardous materials generally include those materials which are flammable and/or explosive by their very nature, or are otherwise regulated by the NYS fire code. The specific types of hazardous materials which are restricted from use/storage in all living and working spaces on campus include the following:
- Fireworks;
- Firearm ammunition;
- Flammable/combustible liquids associated with cooking/painting/fuels, such as gasoline, kerosene, propane, aerosol paint cans, paint thinner, varnish, sterno, and camping fuels:
  - Any of these chemicals must be used/stored in designated areas, such as academic labs/studios or cooking areas;
  - **Exception**—Personal care products with flammable propellants (hair spray) are permissible.
- Propane/charcoal grills:
  - Regarding propane powered grills with attached propane tanks:
    - Such devices are forbidden from being used or stored within any living/working space, or upon covered porches/balconies/patios;
    - They should be both used and stored at least 10 feet away from any building structure, or upon uncovered decks external to a building.
  - Regarding charcoal fired grills:
- Small, portable charcoal grills (with legs less than 12 inches in length and a cooking surface no larger than 250 square inches) may be used external to buildings upon covered porches/balconies/patios so long as there is a non-combustible surface underneath (like a brick or stone catchment).
- For charcoal grills larger than the above, they are forbidden from use upon covered porches/balconies/patios, and should observe the same 10 foot building clearance that applies to propane powered grills during use.
- The use and possession of lighter fluid is prohibited. Only EZ-light type charcoal is permitted with a maximum of one bag allow to be stored by residents. Charcoal must always be kept dry to prevent spontaneous combustion, and should only be stored indoors or in a dry, enclosed area.
- All spent coals/embers must be thoroughly extinguished prior to disposal.
- Charcoal grills that are free of charcoal, coals, and ashes, may be stored indoors, upon covered porches/balconies/patios, or uncovered decks.

Smoking is prohibited inside all campus buildings/facilities by NYS law.

5. Responses to Fire Alarms (In General)
Although the college spends considerable time and resources to maintain and upgrade its fire detection and suppression equipment on campus, errant alarms will occur. They may be false alarms (where a detector or pull station is accidentally or purposefully activated), or they may be true alarms for errant reasons (where a smoke detector activates following exposure to steam). Further, the college is required to perform up to 4 fire drills every year, depending upon the building design and its occupancy type.
While the departments of Campus Safety and Physical Plant work very hard to minimize the number of false and errant alarms, it is very important for all students and employees to react to each and every fire alarm as if it’s the “real thing”. For fire alarms where the cause is not known, adhere to the guidance contained in this section. If the fire alarm is for a true fire or smoke condition, follow the guidance in the next section.

RA’s and Students
RA’s must communicate to the students they are advising as to where their respective “initial gathering points” are (building specific) so that a common muster point is identified for accountability purposes.

Building Coordinators and Employees
Similarly, Building Coordinators must communicate to the employees they represent as to where their respective “initial gathering points” are (building specific) so that a common muster point is identified for accountability purposes.

Students/Employees Occupying Spaces Other Than Where They Principally Live/Work
Faculty teaching classes of students, and faculty/administrators/staff supervising students or other employees, frequently perform such activities in buildings/facilities other than where all involved parties are principally accounted for as per the above. It is incumbent upon the employees in charge of the academic or administrative function to determine the building’s “initial gathering point” and communicate the location accordingly to those students/employees in their care/supervision.

6. Responses to True Fires or Smoke Conditions Indicative of a Fire
Immediately report the fire to Campus Safety—x4000 by on-campus phone, 859-4000 by cell phone—or activate a nearby fire alarm pull station if one is accessible.
Remain calm, turn lights on, and dress appropriately.
If your door is cool to the touch:
- First close any open windows in your room, then open door slowly.
- Evacuate the building via designated emergency egress routes. Do not use elevators!
- If there is smoke or heat, crawl on your hands and knees.
Proceed to the INITIAL GATHERING POINT to await further instructions.
If door is warm, DO NOT OPEN IT!
- Seal the space under the door with a towel.
- Open window, hang a sheet or towel out of the window, and close it.
- Open window at regular intervals to announce your location, and then close it.
7. Responsibility for Fire Safety, and Conclusions
As alluded to above, fire safety at Hamilton College is the responsibility of every student and employee. Adherence to no one single fire safety strategy is capable of eliminating every fire hazard. Only by a combination of design/engineering controls, safe working/learning/living practices, and appropriate student/employee behaviors, may the greater Hamilton College community minimize its collective risks to fire hazards in the first place.

Failure to follow the guidance contained in this document puts your lives and the lives of your fellow students and co-workers at risk. Additionally, non-conformance with the NYS Fire Code may result in formal violations/citations against the college. While the purpose of this document, again as noted, is to be educational and informative regarding fire safety considerations, every employee and student should realize that the college is legally and morally obligated to promote and manage fire safety accordingly. While “engineering and education” is the preferred methodology for achieving this goal, the college must take appropriate action against those who purposefully or willfully disregard fire safety, including but not limited to the following:
Disciplinary action up to and including expulsion for students and termination for employees who tamper with or otherwise disregard the fire safety equipment, policies and training they are afforded;
Departmental, professional, and personal financial responsibility for fire safety citations and penalties in certain situations where the violations in their living/working areas were easily correctable and communicated, but were not corrected within the time frames granted by NYS.

Smoking Policy
Smoking, defined as the burning of a lighted cigar, cigarette or pipe, is not permitted in any campus facility or entranceway. This policy applies to all student residences, including all rooms, lounges, and public spaces. By the NYS Indoor Air Quality Act, smoking is prohibited in all College buildings and facilities. As a further courtesy, smokers should stay at least 20 feet from any building entrance or air intake manifold.

Open Flame
Sources of open flame such as incense and candles are not permitted in residence hall rooms at any time.

Violence Against Women Act (VAWA)

Hamilton College does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, Hamilton College issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a College official. In this context, Hamilton College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the College community.

A. Definitions

There are numerous terms used by Hamilton College in our policy and procedures.

Affirmative Consent is defined in New York State as:

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, do not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or gender expression.

Lack of Consent is defined in New York as:

1. Whether or not specifically stated, it is an element of every offense defined in this article that the sexual act was committed without consent of the victim.

2. Lack of consent results from:
   - Forcible compulsion; or
   - Incapacity to consent; or
   - Where the offense charged is sexual abuse or forcible touching, any circumstances, in addition to forcible compulsion or incapacity to consent, in which the victim does not expressly or impliedly acquiesce in the actor's conduct; or

3. Where the offense charged is rape in the third degree as defined in the New York State Penal Law, subdivision three of section 130.25, or criminal sexual act in the third degree as defined in subdivision three of section 130.40, in addition to forcible compulsion, circumstances under which, at the time of the act of intercourse, oral sexual conduct or anal sexual conduct, the victim clearly expressed that he or she did not consent to engage in such act, and a reasonable person in the actor's situation would have understood such person's words and acts as an expression of lack of consent to such act under all the circumstances.

4. A person is deemed incapable of consent when he or she is:
   - less than seventeen years old;
   - or mentally disabled; or
   - mentally incapacitated; or
   - physically helpless; or
committed to the care and custody or supervision of the state department of corrections and community supervision or a hospital, as such term is defined in subdivision two of section four hundred of the correction law, and the actor is an employee who knows or reasonably should know that such person is committed to the care and custody or supervision of such department or hospital. For purposes of this paragraph, "employee" means (i) an employee of the state department of corrections and community supervision who, as part of his or her employment, performs duties: (A) in a state correctional facility in which the victim is confined at the time of the offense consisting of providing custody, medical or mental health services, counseling services, educational programs, vocational training, institutional parole services or direct supervision to inmates; or (B) of supervising persons released on community supervision and supervises the victim at the time of the offense or has supervised the victim and the victim is still under community supervision at the time of the offense; or (ii) an employee of the office of mental health who, as part of his or her employment, performs duties in a state correctional facility or hospital, as such term is defined in subdivision two of section four hundred of the correction law in which the inmate is confined at the time of the offense, consisting of providing custody, medical or mental health services, or direct supervision to such inmates; or (iii) a person, including a volunteer, providing direct services to inmates in a state correctional facility in which the victim is confined at the time of the offense pursuant to a contractual arrangement with the state department of corrections and community supervision or, in the case of a volunteer, a written agreement with such department, provided that the person received written notice concerning the provisions of this paragraph; or

committed to the care and custody of a local correctional facility, as such term is defined in subdivision two of section forty of the correction law, and the actor is an employee, not married to such person, who knows or reasonably should know that such person is committed to the care and custody of such facility. For purposes of this paragraph, "employee" means an employee of the local correctional facility where the person is committed who performs professional duties consisting of providing custody, medical or mental health services, counseling services, educational services, or vocational training for inmates. For purposes of this paragraph, "employee" shall also mean a person, including a volunteer or a government employee of the state department of corrections and community supervision or a local health, education or probation agency, providing direct services to inmates in the local correctional facility in which the victim is confined at the time of the offense pursuant to a contractual arrangement with the local correctional department or, in the case of such a volunteer or government employee, a written agreement with such department, provided that such person received written notice concerning the provisions of this paragraph; or

committed to or placed with the office of children and family services and in residential care, and the actor is an employee, not married to such person, who knows or reasonably should know that such person is committed to or placed with such office of children and family services and in residential care. For purposes of this paragraph, "employee" means an employee of the office of children and family services or of a residential facility in which such person is committed to or placed at the time of the offense who, as part of his or her employment, performs duties consisting of providing custody, medical or mental health services, counseling services, educational services, vocational training, or direct supervision to persons committed to or placed in a residential facility operated by the office of children and family services; or

a client or patient and the actor is a health care provider or mental health care provider charged with rape in the third degree as defined in the New York State Penal Law, section 130.25, criminal sexual act in the third degree as defined in section 130.40, aggravated sexual abuse in the fourth degree as defined in the New York State Penal Law, section 130.65-a, or sexual abuse in the third degree as defined in section 130.55, and the act of sexual conduct occurs during a treatment session, consultation, interview, or examination; or a resident or inpatient of a residential facility operated, licensed or certified by (i) the office of mental health; (ii) the office for people with developmental disabilities; or (iii) the office of alcoholism and substance abuse services, and the actor is an employee of the facility not married to such resident or inpatient. For purposes of this paragraph, "employee" means either: an employee of the agency operating the residential facility, who knows or reasonably should know that such person is a resident or inpatient of such facility and who provides direct care services, case management services, medical or other clinical services, rehabilitative services or direct supervision of the residents in the facility in which the resident resides; or an officer or other employee, consultant, contractor or volunteer of the residential facility, who knows or reasonably should know that the person is a resident of such facility and who is in direct contact with residents or inpatients; provided,
however, that the provisions of this paragraph shall only apply to a consultant, contractor or volunteer providing services pursuant to a contractual arrangement with the agency operating the residential facility or, in the case of a volunteer, a written agreement with such facility, provided that the person received written notice concerning the provisions of this paragraph; provided further, however, "employee" shall not include a person with a developmental disability who is or was receiving services and is also an employee of a service provider and who has sexual contact with another service recipient who is a consenting adult who has consented to such contact.

Affirmative Consent is defined in the Hamilton College Sexual Misconduct Policy as:

Affirmative Consent: Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

a) Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.

b) Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.

c) Consent may be initially given but withdrawn at any time.

d) Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.

e) When consent is withdrawn or can no longer be given, sexual activity must stop.

f) Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.

Coercion: For purposes of this Policy, coercion is the use of pressure to compel another individual to initiate or continue sexual activity against an individual’s will. Coercion can include a wide range of behaviors, including intimidation, manipulation, threats, and blackmail. A person’s words or conduct are sufficient to constitute coercion if they impair another individual’s ability to choose whether or not to engage in sexual activity. Examples of coercion include threatening to “out” someone based on sexual orientation, gender identity or gender expression and threatening to harm oneself if the other party does not engage in the sexual activity. Coercing an individual into engaging in sexual activity violates this Policy in the same way as physically forcing someone into engaging in sexual activity.

Capacity to give consent: Incapacitation is a state where an individual cannot make an informed and rational decision to engage in sexual activity because the individual lacks the ability to knowingly make that decision. In assessing capacity, the college will consider whether the individual had the ability to understand the nature of the act (e.g., to understand the who, what, when, where, why or how of the sexual interaction) and/or is physically helpless. Incapacitation may result from the use of alcohol and/or drug, but consumption of alcohol or other drugs alone is insufficient to establish incapacitation. The impact of alcohol and drugs varies from person to person, and evaluating incapacitation requires an assessment of how the consumption of alcohol and/or drugs impact an individual’s:

- decision-making ability;
- awareness of consequences;
- ability to make informed judgments; and
• capacity to appreciate the nature and the quality of the act.  

Persons who have sexual activity with someone who lacks the mental or physical capacity to consent (including being substantially impaired by alcohol or other drug use or unconscious) are in violation of this Policy, and any consent perceived to have been obtained is presumptively invalid. Possession, use and/or distribution of any of the so-called “date rape” drugs (including Rohypnol, Ketamine, GHB, Burundanga and others) is prohibited, and administering any of these drugs to another is a violation of this Policy. 

**Individuals and Processes**

**Complainant:** This term refers generally to an individual who has allegedly been subjected to Sexual Misconduct in violation of this Policy, whether a formal complaint has been filed or not. However, by their very nature, some aspects of this Policy only apply once the College has been put on notice of a possible violation and references to “Complainant” in that context should be read (and will be applied by the Title IX Coordinator) accordingly. In the case of complaints that are pursued by the College when the impacted individual does not want to participate in the process, Hamilton may pursue a complaint without such individual’s participation, in which case Hamilton may stand in the place of the Complainant for procedural purposes.

**Respondent:** This term refers to an individual whose conduct is alleged to have violated this Policy, whether a formal complaint has been filed or not. However, by their very nature, some aspects of this Policy only apply once the College has been put on notice of a possible violation and references to “Respondent” in that context should be read (and will be applied by the Title IX Coordinator) accordingly.

**Responsible Employees:** The U.S. Department of Education’s Office for Civil Rights defines Responsible Employees as employees who have the authority to take action to redress sexual violence, who have been given the duty of reporting incidents of sexual violence or any other misconduct by students to the Title IX Coordinator or other appropriate school designee, or whom a student could reasonably believe have this authority or duty. Responsible Employees who receive information or a report about any act that potentially constitutes Sexual Misconduct must further report that information to the Title IX Coordinator. The following employees of the College are Responsible Employees: faculty, staff (except staff in the Counseling Center, the Health Center, and the Chaplaincy), and Resident Advisors. In addition, Responsible Employees are expected to make every effort to explain their duty to report to anyone disclosing, or about to disclose, information to them.

**Title IX Coordinator:** The individual who oversees the College’s centralized review, investigation, and resolution of reports of Sexual Misconduct pursuant to this Policy. The Title IX Coordinator also coordinates the College’s compliance with Title IX, including equitable, timely, and effective processing of complaints regarding violations of rights protected by Title IX. The Title IX Coordinator is:

- responsible for oversight of the investigation and resolution of all reports of Sexual Misconduct;
- knowledgeable and trained in relevant state and federal laws and College’s Policy and procedure;
- available to advise any individual, including a Complainant, a Respondent, or a third party, about the courses of action available at the College, both informally and formally, and the courses of action available externally, including reports to law enforcement;
- available to provide assistance to any Hamilton community member regarding how to respond appropriately to reports of Sexual Misconduct;
- responsible for monitoring full compliance with all requirements and timelines specified in the complaint procedures; and
- responsible for compiling required reports.

**Harassment and Sexual Misconduct Board:** The Harassment and Sexual Misconduct Board (HSMB or the Board) shall be composed of eight members (one of whom shall be designated Chair), appointed by the Title IX Coordinator to staggered terms of four years beginning in the Fall semester. Each year, the current Board will solicit applications and nominations for any open seat(s), and will recommend individuals to serve for the following year. Members of the
Hamilton community may also nominate individuals for Board membership, provided the nominees are willing to serve if appointed. The Title IX Coordinator, in consultation with the Chair, will ultimately be responsible for appointing new members and designating a new Chair. Normally, the Chair will be a tenured member of the faculty and serve for two years as Chair. Every effort will be made to maintain a diverse Board, and membership normally will be limited to members of the faculty who have attained the rank of associate or full professor, and full-time staff members. The Title IX Coordinator shall arrange for the Board members to receive annual training. Members of the HSMB are required to maintain the privacy of all information they acquire in this role, unless disclosure is authorized by the Title IX Coordinator. A member of the HSMB can be removed prior to the end of his/her term by the Title IX Coordinator, with the agreement of the Chair of the HSMB, for good reason (e.g., dereliction of duty, failure to abide by the provisions of the Policy, etc.).

**Investigation Team:** Individual(s) assigned by the Title IX Coordinator to conduct investigations (“Investigation Team”) following notice of alleged Misconduct. The Team will normally be comprised of members of the HSMB (who are not members of the Harassment and Sexual Misconduct Review Panel, defined below), but the Title IX Coordinator may decide to use one or more appropriately trained College employees who are not members of the HSMB or external investigators in addition to, or instead of, members of the HSMB when he/she considers it appropriate to do so. However, in cases involving Non-consensual Sexual Penetration, so long as at least one qualified HSMB member is available, the Investigation Team will include an HSMB member, and an external investigator. Normally, in order for a member of the HSMB to be eligible to serve on the Investigation Team, the HSMB member must have served for at least one year on the Board. Upon receipt of a complaint, the Title IX Coordinator will assign the investigator(s) to begin the investigation. If the Title IX Coordinator determines that a legitimate conflict of interest exists between an Investigation Team member and a party to a complaint, the Title IX Coordinator, in consultation with the Chair of the HSMB, will appoint a replacement. The Investigation Team issues a report of its investigation to the Harassment and Sexual Misconduct Review Panel, which can include assessments of credibility, but does not make a recommendation with respect to responsibility for violating the Policy.

**Harassment and Sexual Misconduct Review Panel (HSMRP):** The Title IX Coordinator will annually appoint a three person review panel (HSMRP) from the HSMB to review (as provided in this Policy) investigative reports, determine whether this Policy was violated, and, if so, recommend a sanction to the Senior Staff Member. The HSMRP Chair serves as a non-voting fourth member of the HSMRP and presides over the review process. The term of appointment to the panel shall be one year. If any vacancy on the HSMRP occurs during the academic year, or if the Title IX Coordinator determines that a legitimate conflict of interest exists between a member of the panel and a party to a complaint, the Title IX Coordinator, in consultation with the Chair of the HSMB, will appoint a replacement from those members of the Board eligible to serve.

**Senior Staff Member:** The Vice President who has supervisory authority over the area of the College with which the Respondent is affiliated, and who will (as outlined in this Policy) make a final decision following the HSMRP’s recommendation. The Vice President and Dean of Students is the Senior Staff Member with respect to complaints brought against a student. In the case of complaints brought against members of the faculty, staff, or administration, the Vice President of the area in which the Respondent is employed is the Senior Staff Member. For example, the Vice President for Academic Affairs and Dean of Faculty is the Senior Staff Member with respect to complaints brought against a faculty member.

**Appeals Board:** This is the group of individuals, defined in Hamilton’s Code of Student Conduct, that considers appeals of findings and sanctions in appropriate cases under this Policy. For appeals under this Policy, a subset of the Appeals Board which does not include students will be utilized. This subset of the Appeals Board will receive annual training on relevant state and federal law (including Title IX) and this Policy.

**Sexual Assault:** “Sexual assault” means an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.
Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest is defined as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape is defined a non-forcible sexual intercourse with a person who is under the statutory age of consent.

**Sexual Assault** is defined in New York as:

An offense classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation. New York State Penal Law Article 130 denotes the following as sexual offenses:

- Sexual misconduct
- Rape in the third degree.
- Rape in the second degree.
- Rape in the first degree.
- Criminal sexual act in the third degree.
- Criminal sexual act in the second degree.
- Criminal sexual act in the first degree.

- Persistent sexual abuse.
- Sexual abuse in the third degree.
- Sexual abuse in the second degree.
- Sexual abuse in the first degree.
- Aggravated sexual abuse in the fourth degree.
- Aggravated sexual abuse in the third degree.
- Aggravated sexual abuse in the second degree.
- Aggravated sexual abuse in the first degree.
- Course of sexual conduct against a child in the first degree.
- Course of sexual conduct against a child in the second degree.
- Female genital mutilation.
- Facilitating a sex offense with a controlled substance.
- Sexually motivated felony.
- Predatory sexual assault.
- Predatory sexual assault against a child.

The Hamilton College Harassment and Sexual Misconduct policy prohibit the following behaviors:

**Sexual harassment** is defined as unwelcome action, language or visual representation of a sexual nature that has the effect of unreasonably interfering with an individual’s work or academic performance or that creates a hostile working, educational, or living environment. A form of quid pro quo (this for that) sexual harassment exists when submission to or rejection of unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature results in adverse educational or employment action, or the threat of such adverse action, or limits or denies an individual’s educational or employment access, benefits, or opportunities.

Sexual harassment:
may be blatant and intentional and involve an overt action, a threat or reprisal, or may be subtle and indirect, with a coercive aspect that is unstated;

- does NOT have to include intent to harm, be directed at a specific target or involve repeated incidents;

- may be committed by anyone, regardless of gender, age, position, or authority. While there is often a power differential between two persons, perhaps due to differences in age, social, educational or employment relationships, harassment can occur in any context;

- may be committed by a stranger, an acquaintance or someone with whom the individual has an intimate or sexual relationship;

- may be committed by or against an individual or may be a result of the actions of an organization or group;

- may occur by or against an individual of any sex, gender identity, gender expression, or sexual orientation;

- may occur in the classroom, in the workplace, in residential settings, or in any other setting;

- may be a one-time event or can be part of a pattern of behavior;

- may be committed in the presence of others or when the parties are alone;

- may affect the subject of the harassment and/or third parties who witness or observe harassment and are affected by it.

Sexual harassment also includes gender-based harassment, which may include acts of verbal, nonverbal or physical aggression or hostility based on gender, sexuality or sex- or genderstereotyping, even if those acts do not involve conduct of a sexual nature.

Examples of conduct that may constitute sexual harassment include:

- Physical conduct:
  - unwelcome touching, sexual/physical assault, impeding, restraining or blocking movements
  - unwanted sexual advances

- Verbal conduct:
  - making or using derogatory comments, epithets, slurs or humor, not pedagogically appropriate
  - verbal abuse of a sexual nature, graphic verbal commentaries about an individual’s body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes or invitations, not pedagogically appropriate
  - objectively offensive comments of a sexual nature, including persistent or pervasive sexually explicit statements, questions, jokes, or anecdotes, which a reasonable peer would find offensive and which are not pedagogically appropriate

- Visual conduct:
  - leering, making sexual gestures, displaying of suggestive objects or pictures, cartoon or posters in a public space or forum, not pedagogically appropriate
  - severe, persistent or pervasive visual displays of suggestive, erotic or degrading sexually oriented images, not pedagogically appropriate

- Written conduct:
  - letters, notes or electronic communications containing comments, words or images described above, not pedagogically appropriate

- Quid pro quo conduct:
  - direct propositions of a sexual nature between those for whom a power imbalance or supervisory or other authority relationship exists
  - offering employment benefits in exchange for sexual favors
making submission to sexual advances an actual or implied condition of employment, work status, promotion, grades or letters of recommendation, including subtle pressure for sexual activity, an element of which may be repeated, requests for private meetings with no academic or work purpose
making or threatening reprisals after a negative response to sexual advances

The determination of whether an environment is “hostile” is based on a reasonable person standard, considering all the circumstances. These circumstances could include, but are not limited to:

- the frequency or pervasiveness of the speech or conduct;
- the nature and severity of the speech or conduct;
- whether the conduct was physically threatening;
- whether the speech or conduct was humiliating;
- the effect of the speech or conduct on the recipient’s mental and/or emotional state;
- whether the speech or conduct was directed at more than one person;
- whether the speech or conduct arose in the context of other discriminatory conduct;
- whether the speech or conduct unreasonably interfered with the recipient’s educational opportunities or performance (including study abroad), college-controlled living environment, work opportunities or performance;
- whether a statement is a mere utterance of an epithet which engenders offense in an employee or a student or offends by mere discourtesy or rudeness; and/or
- whether the speech or conduct deserves the protections of academic freedom.

**Sexual Assault** is prohibited under Hamilton College Policy. Sexual Assaults can take a number of forms:

**Non-Consensual Sexual Contact** is defined as any intentional sexual touching, however slight, with any body part or object, by a man or a woman upon a man or a woman, without effective consent.

**Non-Consensual Sexual Penetration** is defined as any sexual penetration (anal, oral, or vaginal), however slight, with any body part or object by a man or woman upon a man or woman, without effective consent.

**Sexual Exploitation** occurs when a person takes non-consensual or abusive sexual advantage of another, and that behavior does not otherwise constitute another form of sexual misconduct. Examples of sexual exploitation include, but are not limited to, prostitution, non-consensual video or audio-taping of sexual or other private activity, exceeding the boundaries of consent (e.g., permitting others to hide in a closet and observe consensual sexual activity, videotaping of a person using a bathroom), engaging in voyeurism, or engaging in consensual sexual activity with another person while knowingly infected with human immunodeficiency virus (HIV) or other sexually transmitted diseases (STD) and without informing the other person of such infection.

**Domestic Violence:** The term “domestic violence” means

1) Felony or misdemeanor crimes of violence committed:

(i) By a current or former spouse or intimate partner of the victim;
(ii) By a person with whom the victim shares a child in common;
(iii) By a person who is cohabiting with or has cohabitated with the victim as a spouse or intimate partner;
(iv) By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
(v) By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
2) For the purposes of complying with the requirements of this section and section 668.41 of the CFR, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Domestic Violence** is defined in New York as:

1. "Victim of domestic violence" means any person over the age of sixteen, any married person or any parent accompanied by his or her minor child or children in situations in which such person or such person's child is a victim of an act which would constitute a violation of the penal law, including, but not limited to acts constituting disorderly conduct, harassment, aggravated harassment, sexual misconduct, forcible touching, sexual abuse, stalking, criminal mischief, menacing, reckless endangerment, kidnapping, assault, attempted assault, attempted murder, criminal obstruction of breathing or blood circulation, or strangulation; and (i) such act or acts have resulted in actual physical or emotional injury or have created a substantial risk of physical or emotional harm to such person or such person's child; and (ii) such act or acts are or are alleged to have been committed by a family or household member.

2. "Family or household members" mean the following individuals:
   - persons related by consanguinity or affinity;
   - persons legally married to one another;
   - persons formerly married to one another regardless of whether they still reside in the same household;
   - persons who have a child in common regardless of whether such persons are married or have lived together at any time;
   - unrelated persons who are continually or at regular intervals living in the same household or who have in the past continually or at regular intervals lived in the same household;
   - persons who are not related by consanguinity or affinity and who are or have been in an intimate relationship regardless of whether such persons have lived together at any time. Factors that may be considered in determining whether a relationship is an "intimate relationship" include, but are not limited to: the nature or type of relationship, regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an "intimate relationship"; or
   - any other category of individuals deemed to be a victim of domestic violence as defined by the office of children and family services in regulation.

3. "Parent" means a natural or adoptive parent or any individual lawfully charged with a minor child's care or custody.

**Dating Violence**: The term "dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

1) The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

2) For the purposes of this definition—
   (i) Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
   (ii) Dating violence does not include acts covered under the definition of domestic violence and section 668.41 of the CFR, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

New York State Law includes incidents of dating violence within its domestic violence laws. They are not categorized separately under New York State Law.

**Stalking**: The term “stalking” means

1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

Education and Prevention Programs
The College is committed to educating and promoting community awareness about the prevention of sex discrimination and harassment, sexual harassment, sexual violence, stalking, domestic violence, dating violence, and sex- and gender-based harassment that does not involve conduct of a sexual nature. The College will offer programs to promote awareness and prevention of such issues throughout the year, including an overview of the College’s policies and procedures, relevant definitions (including prohibited conduct, discussion of the impact of alcohol and illegal drug use, and effective consent), the severity of sanctions for violations (including suspension and expulsion) and information about bystander information and risk reduction.

The Title IX Coordinator and others designated by the Title IX Coordinator oversee the development and implementation of the College’s education and prevention programs, which are based on campus needs and climate. Incoming first-year students and new employees will receive primary prevention and awareness programming as part of their orientation. Returning students and employees will receive ongoing training on a periodic basis. All educational programs include a review of resources and reporting options.

The College offered the following primary prevention and awareness programs for all incoming students in 2014:

**Complaint Response Procedures**
The following steps outline Hamilton’s process for addressing notice of Sexual Misconduct:

**Notice of Complaint**

Complaints of Sexual Misconduct may be made orally or in writing, and may come from the report of a Responsible Employee or directly from a Complainant. This will be considered “notice” that an act of Sexual Misconduct is alleged to have occurred. This notice must ultimately be recorded in written form by the Complainant, Responsible Employee, or Title IX Coordinator, and must include, at a minimum, the time, place, and nature of the alleged offense and the name of the Respondent. In addition, the College may also receive notice of a possible incident of Sexual Misconduct without any actual complaint or report and it recognizes that it may have an obligation to act in those instances as well. After receiving notice, the Title IX Coordinator will determine if the conduct alleged by the Complainant falls within this Policy.

**Evaluation of Response Options**

After receiving notice, the Title IX Coordinator will determine if the conduct alleged by the Complainant falls within this Policy.

In cases where action against an alleged Respondent cannot be taken because that individual is not a member of the College community, the Title IX Coordinator will assess the information given and provide appropriate recommendations and resources to the Complainant, including the procedure available under Article XIV.

In cases where it is determined that the act, if proven, does not fall within this Policy, no further action will be pursued and the Complainant will be advised by the Title IX Coordinator of other avenues of recourse and support as appropriate.

**Informal Resolution: Mediation**

In cases where the Title IX Coordinator and HSMB Chair determine that mediation may be appropriate, the Title IX Coordinator will first speak with the Complainant about the option to pursue mediation. If the Complainant is agreeable, then the Title IX Coordinator will meet with the Respondent to discuss the mediation process. If both parties are agreeable to mediation, mediation will be coordinated by the Title IX Coordinator. Either party may discontinue mediation at any time. The mediator will report to the Title IX Coordinator and the HSMB Chair the results of the mediation, and is subject to the acceptance of the Title IX Coordinator.

Mediation, even if voluntary, may not be used in cases involving sexual assault. The College will not compel a Complainant to engage in mediation, to directly confront the Respondent or to participate in any particular form of a response, and a Complainant who initially requests mediation can later request, at any time, to terminate mediation in favor of review by the HSMRP.

**Formal Resolution**

In cases of alleged Sexual Misconduct under this Policy, where informal resolution is not used or if used is not successful, the following process will apply. This process may involve the Chair of the HSMB, the appropriate Senior Staff Member, the Title IX Coordinator, an Investigation Team, and the HSMRP. In the event the Complainant, Respondent, Chair of the HSMB, or Title IX Coordinator identifies a conflict of interest involving the Chair or the Title IX Coordinator, the appropriate Senior Staff Member will appoint another member of the HSMB to oversee the
process. If there is a conflict of interest involving the Senior Staff Member, the President of the College will take the place of the Senior Staff Member.

The Title IX Coordinator will meet with the Complainant and explain the investigation procedures that will be followed. The Title IX Coordinator will meet separately with the Respondent to provide written notification that Hamilton is investigating the possibility that the Respondent may have violated this Policy. Both parties will be provided a copy of this Policy.

**Respondent Acceptance of Responsibility**

The Respondent, with the Senior Staff Member’s agreement, may accept responsibility for alleged conduct. A Respondent choosing this path must provide the Senior Staff Member and the Chair a written statement accepting responsibility for the alleged conduct and waiving any further process under this Policy. In such cases, the appropriate Senior Staff Member – in consultation with the Chair and Title IX Coordinator – will determine a sanction, which may range from a warning to permanent separation from the College. By accepting responsibility, the Respondent accepts the Senior Staff Member’s decision as final. If the Respondent does not agree to accept responsibility and disputes the description of alleged conduct, the process below will proceed.

**Investigation of Complaint**

**General**

Hamilton College uses an investigation model to resolve complaints of Sexual Misconduct that are not appropriate for voluntary mediation, or that a Complainant does not wish to mediate even if mediation could be pursued.

A trained Investigation Team will interview all parties and witnesses and collect relevant information. The Investigation Team is authorized to contact any relevant people and to access any relevant records not otherwise prohibited by legal protections of privilege or confidentiality. It is the responsibility of the Investigation Team to take custody of, and arrange safekeeping for, any physical or electronic records, documents, or other tangible items to be used in making a finding.

The Investigation Team will make every effort to conclude a thorough investigation, including submission of its written report, within 30 business days of the receipt of a complaint. Should a Respondent choose not to participate in the investigative process, the investigation may proceed, a decision will be made, and, if appropriate, a sanction may be imposed based on available information.

The Complainant and Respondent may have an advisor of choice present at any meeting related to the investigation and resolution process if the matter involves sexual assault or violence, dating or domestic violence, or stalking, or when otherwise required by law. In all other cases, an advisor may be used but the advisor must be an active member of the campus community, who is not a lawyer. In all cases, advisors can only advise the Complainant or Respondent privately and cannot act as speaking advocates. If an advisor is going to accompany a party, that party must advise the Title IX Coordinator of the identity of his/her advisor upon making that decision. Neither members of the HSMB nor the Appeals Board may serve as advisors.

In matters involving students, the College will typically issue “no contact” orders for the duration of the investigation and resolution process. In all other matters, the College will evaluate and implement measures intended to reduce the burden on the Complainant; the
College’s evaluation of the appropriateness of such measures will be ongoing.

Rights of the Respondent and Complainant

Common Rights

Each party has the right to:

- preservation of privacy, to the extent possible and allowed by law;
- a timely investigation and appropriate resolution of all complaints of sexual misconduct through the processes described in this Policy;
- be informed of campus judicial rules and procedures as well as the nature and extent of all alleged violations contained within the complaint;
- be informed in advance of any meeting they are required or eligible to attend, the purpose of the meeting and the rules allegedly violated and potential sanctions (if not previously advised);
- (in the case of students) medical and emotional support from the Student Health Service, the Counseling Center, and/or trained advocates;
- (in the case of employees) medical and emotional support through the College’s Employee Assistance Program (1-888-293-6948);
- receive the counsel and support of an advisor (as more fully described above) throughout the investigation and resolution processes. The advisor may consult with the advisee but may not speak on behalf of the advisee unless directed to answer questions raised by the Investigation Team or HSMRP, or to assist the advisee with questioning;
- provide information at any step of the procedures outlined in this Policy outside the presence of the other party.
- have their own past sexual history with persons other than the other party precluded at the responsibility stage and to have any other irrelevant information concerning sexual history, character, or incidents not directly related to the complaint excluded from the investigation and resolution proceedings (the HSMB Chair, Title IX Coordinator or other appropriate person may determine that information demonstrating a pattern of behavior directly related to the alleged violation is admissible information);
  - any party seeking to introduce information about prior sexual history or pattern evidence should bring this information to the attention of the Title IX Coordinator at the earliest opportunity. A party who provides this information and wishes to seek its consideration must submit a written request to the Title IX Coordinator no later than seven (7) days after the notice of complaint has been provided:
    - a written statement and/or description of the proposed information, if not already provided and
    - a summary of the relevance of this information to making a decision of responsibility Where sufficient foundation exists, the Title IX Coordinator, in consultation with the HSMB Chair or other appropriate person, will assess the relevance, form, and reliability of the information and determine if it is appropriate for consideration by the Investigation Team. If the information is approved, the Respondent and Complainant will be provided with a brief description of the approved information before the close of the investigation;
- have their own mental health diagnosis and/or treatment excluded in the responsibility stage of any proceeding;
- be informed of the names of any additional individuals who may be called to provide information;
- have the College request the presence of individuals at investigative and resolution proceedings (as appropriate);
- review all relevant documentary information available regarding the complaint and investigation, subject to the confidentiality limitations imposed by state and federal law and College policy, and the ability of the Title IX Coordinator and the HSMB Chair to exercise discretion to redact or remove information deemed to be irrelevant, moreprejudicial to a party or witness than probative, an unwarranted invasion of an individual’s privacy or immaterial;
- submit a personal impact statement prior to the consideration of any sanction;
- be notified of the HSMRP’s finding and recommended sanction (as it relates to Complainant) following the HSMRP review (where applicable), as well as the SeniorStaff Member’s decision;
- petition the Chair of the HSMB for removal of any member of the Investigation Team or HSMRP (where applicable) on the basis of demonstrated bias or conflict of interest;
- appeal the Senior Staff Member’s decision and sanction, in accordance with the standards for appeal established by this Policy;
- have complaints investigated and reviewed in a timely, impartial and thorough manner, by individuals who have received annual training in conducting investigations of sexual violence, the effects of trauma, impartiality, the rights of respondent (including the right to a presumption that the respondent is “not responsible” until a responsibility determination has been made), and other issues relating to sexual assault, domestic/dating violence and stalking;
- to an outcome based solely on information obtained by the Investigation Team and during the HSMRP or other applicable proceeding;
- have College policies and procedures followed without material deviation; and/or
- be informed in advance of any public release of information regarding the complaint;
- receive appropriate, reasonably available measures to reduce the burden on either the Complainant and/or Respondent, which may include (but may not be applicable to all depending on their status as a student or an employee):
  - placement of limitations on one party regarding contact with the other during the investigation and while the complaint is being reviewed;
  - separation or modification of the working, living, and/or academic arrangements of the Complainant and the Respondent and the College’s assistance in effecting such change;
  - rescheduling of exams, papers, or other assignments;
  - taking an incomplete in a class;
  - changing class sections;
  - temporary withdrawal; or
  - alternative course completion options;

Additional Rights of the Complainant

- To be informed by College officials of options to notify appropriate law enforcement authorities and the option to be assisted by campus officials in notifying such authorities whether or not the individual intends to pursue on-campus complaint resolution procedures.

Additional Rights of the Respondent

- To be advised on the date, time, location and factual allegations made against him or her, the specific provisions of the Policy allegedly violated, the possible sanctions, to review the complaint made against him or her (subject to the confidentiality and privacy provisions of this Policy), and timely notice of any HSMRP proceedings in which the Respondent could participate;
- To waive HSMRP or other proceedings by admitting responsibility (in which case, the Senior Staff Member, in consultation with the Title IX Coordinator and Chair of the HSMB, will determine a sanction, with no right of appeal); and ☐ To withdraw from the College, subject to Article XI. A. 2 of this Policy.

Procedures for Submitting and Accessing Information Collected During College’s Investigation

The Complainant and Respondent will be asked to identify all information they would like the Investigation Team to review, and as such both may recommend witnesses and submit information for consideration. Decisions about interviews and collection and evaluation of relevant information, physical or electronic documents, and other tangible items, however, are ultimately at the sole discretion of the Investigation Team in the context of impartial treatment of both parties. In the course of conducting interviews, the Investigation Team will ask any participant in the investigation to sign a statement attesting to the veracity of the information provided. The Investigation Team will also encourage participants to keep the substance of an interview confidential.
At the conclusion of the investigation, the Complainant and Respondent will have the opportunity to review the other party’s statement, relevant witness statements and other relevant materials gathered during the course of the investigation. Prior to this review, however, the Title IX Coordinator and HSMB Chair will review those materials to determine whether the information contained therein is relevant and material to the determination of the charged violation(s) of this Policy given the nature of the allegation(s). In general, the Title IX Coordinator and the HSMB Chair may redact information that is irrelevant, more prejudicial to a party or witness than probative, an unwarranted invasion of an individual’s privacy, or immaterial.

After such review and redaction, the Title IX Coordinator will facilitate the opportunity for each party to access the information separately in a private setting. Both parties will have an opportunity to respond to this information, in writing, within 7 days. If at any stage following the submission of these responses new and relevant information is gathered, it will be shared with the Complainant and Respondent, who will again have the opportunity to submit a written response within a time frame determined by the Title IX Coordinator. The Complainant and Respondent may request to see the other party’s written responses.

Following the initial 7 day review period by the Complainant and Respondent and any subsequent responses and gathering of new information, the Investigation Team will complete their final written report and, within 7 days, meet with the Chair and Title IX Coordinator to deliver that final written report, which will include relevant facts, all relevant investigation materials, Complainant and Respondent statements and responses to the other’s statement, and any additional information gathered. The Title IX Coordinator will notify the Complainant and Respondent of the completion of the final Investigation Team report and make arrangements for each to review.

**Simultaneous College and Law Enforcement Investigations**

When a Complainant reports to both local law enforcement and the College, there will be some coordination of the simultaneous investigations.

At the request of law enforcement, the College may agree to defer its fact-gathering until after the initial stages of a criminal investigation. During that time, the College will continue to offer support to the Complainant, including discussing Title IX rights, procedural options, and needed interim measures to ensure safety and well-being. The College will promptly resume its fact-gathering as soon as law enforcement has completed its evidence gathering.

The College will timely share information in simultaneous investigations except that local law enforcement may manage sharing of information so as not to impede its ongoing investigation. In addition, the College’s ability to share information related to its own investigation and/or adjudication of certain offenses involving a student or students will be governed by the Family Educational Rights and Privacy Act, which prohibits disclosure of student education records containing personally identifiable information except under certain circumstances.

The College’s Policy, definitions, and standard of review differ from New York criminal law. Neither law enforcement’s determination whether to prosecute a Respondent nor the outcome of any criminal prosecution is determinative of whether Sexual Misconduct has occurred under this Policy. Proceedings under this Policy may be carried out prior to, simultaneously with or following civil or criminal proceedings off campus.

**Resolution Procedures**
When the Respondent Is a Student

HSMRP Procedures and Guidelines

Unless the Title IX Coordinator and the HSMB Chair determine that mediation is appropriate and the parties agree to proceed with mediation as described above, the Title IX Coordinator will convene the HSMRP upon receipt of the final report from the Investigation Team. The HSMRP will review the final Investigation Team report and may request any additional relevant information from the investigators and/or to meet individually with any person(s). The Complainant or Respondent also has the right to meet separately with the HSMRP. The focus of any such meeting will only be to clarify information presented in the Investigation Team’s final report. Utilizing this information, the HSMRP is responsible for arriving at a determination of whether this Policy was violated and, if so, which specific portion(s). The HSMRP will apply a preponderance of evidence standard when arriving at a determination of whether this Policy was violated.

If the HSMRP determines that this College Policy has been violated, the HSMRP will additionally recommend a sanction to the Senior Staff Member for the Respondent based on the nature of the violation and available precedent. Possible sanctions include:

- **Warning:** Notice, orally or in writing, that continuation or repetition of prohibited conduct may be cause for additional disciplinary action.
- **Restitution:** Charges for damages, including replacement of goods, payment of services, and/or assignment of unpaid service to the College community.
- **Mandatory educational workshop** for alcohol or drug-related misconduct.
- **Loss of status in housing lottery.**
- **Status of Probation:** To be assigned for a specified period of time. Terms of the probation shall be specified, and may include denial of specified social privileges, exclusion from extracurricular activities and other measures deemed appropriate. Violation of this Policy or the College’s Code of Conduct during the period of probation will normally result in suspension or expulsion from the College.
- **Suspension:** Separation from the College, and exclusion from College premises, and from other privileges and activities. Readmission to the College after the term of suspension is not automatic, but requires application to the Dean of Students. “Suspended after a finding of responsibility” will be recorded on the official College transcript, as noted below.
- **Expulsion:** Permanent termination of student status, and exclusion from College premises, privileges, and activities. An application for readmission shall not be considered. Students who have been expelled are expected to leave the campus within 48 hours unless the Dean of Students grants a special extension. “Expelled after a finding of responsibility” will be recorded on the official College transcript, as noted below.
- **Other Actions:** In addition to or in place of the above actions, the Senior Staff Member may assign such other penalties, as it deems appropriate.

Individuals found responsible for Non-consensual Sexual Penetration should expect suspension or expulsion from the College.

**Transcript Notation:** In the event any student is found responsible for conduct which constitutes a crime of violence that must be reported under the Clery Act (including but not limited to aggravated assault and sexual assault) and is suspended or expelled as a result, the notation “Suspended/Expelled after a finding of responsibility for a code of conduct violation” will appear on the transcript. A student who has been suspended may request to have the notation removed no sooner than one year after the conclusion of the suspension and prior to graduation. Requests should be submitted in writing to the Dean of Students. Notations for expulsions shall not be removed. In pending cases that could result in suspension or expulsion, the Dean of Students will normally place a temporary encumbrance on a student's transcript. If a student withdraws with such charges pending and does not participate through completion in any College process, the notation "Withdrew with code of conduct violation pending” will appear on
his/her transcript.

If the HSMRP determines that College Policy was not violated, no sanction will be recommended.

The HSMRP will prepare a brief written summary of its determination, including findings of fact and a rationale for its determination and recommended sanction (if applicable) and submit it to the Senior Staff Member. The HSMRP will make every effort to conclude this process within fourteen (14) days of the receipt of the Investigation Team’s final report.

The Senior Staff Member will make the final decision based on the HSMRP’s determination and recommendation and the final Investigation Team report, subject to the Senior Staff Member’s right to meet individually with any person. The Senior Staff Member and Chair will meet separately with the Complainant and Respondent to inform them of the HSMRP’s determination and recommendation and the Senior Staff Member’s decision, which will be based on a preponderance of evidence standard. Specifically, each party will be informed in writing of the HSMRP’s and the Senior Staff Member’s determination (including any policy violation(s) and any sanction(s) issued), and procedures to appeal the decision.

**Respondent Withdrawal**

Should a Respondent choose to withdraw from the College with knowledge that a formal or informal complaint against him or her has been made under this Policy and prior to the Senior Staff member’s final decision, the Respondent’s transcript will note that a complaint had been made at the time of withdrawal. The College reserves the right, notwithstanding a withdrawal, to proceed with consideration of any complaint to completion and, if appropriate, impose a sanction.

**When the Respondent is a Faculty Member**

When the Respondent is a Faculty Member, the Investigation Team’s final report will be presented to the Dean of the Faculty and the Chair of the HSMB. The Dean may meet individually with any person. If the Dean, after consultation with the Chair, believes that a violation of this Policy has occurred and a major change in the terms of employment or dismissal is appropriate, as provided in X.D. 1 (b) of the Faculty Handbook, the Dean will use the Investigation Team’s final report (or any relevant portions thereof) as the basis for a petition under X.E of the Faculty Handbook and those procedures will be followed, subject to the following modifications:

- tribunal members can only be drawn from those otherwise qualified individuals who have undergone or who in advance of the hearing undergo appropriate (as determined by the Title IX Coordinator) Title IX training;
- either the original Complainant or the Faculty Member Respondent may request to be separated from the other during the course of any proceeding, in which case the Tribunal will determine whether and how best to accomplish that separation (such as through use of a screen or partition, close circuit tv, or otherwise, to allow either party to provide information outside the presence of the other);
- both the Complainant and the Faculty Member Respondent may request to have all questions from the other (or questions to the other from them, as applicable) asked through, and in a substance and form determined by, the Tribunal, rather than through direct examination/cross examination;
- any determination will be based on a preponderance of evidence standard;
- the time periods provided for notice of hearings and/or decisions may be shortened as determined necessary by the Title IX Coordinator to permit completion of the process in a timely fashion, as provided in this Policy; and
- any other modifications that may be required to comply with Title IX or other law.
In cases where the Dean of the Faculty believes a major change or dismissal is not appropriate, and he/she finds a violation of College Policy, the Dean may impose a penalty as provided for in X.D. 1 (b) of the Faculty Handbook. The Dean’s determination will include findings of fact and a rationale for the responsibility determination and sanction, if any.

When the Respondent is a Staff Member

When the Respondent is a Staff member (i.e., for purposes of this Policy, any non-faculty employee), the Investigation Team’s final report will be provided to the Director of Human Resources and the Senior Staff Member (who must both be appropriately trained, as determined by the Title IX Coordinator), who together are responsible for arriving at a determination of whether this Policy was violated and, if so, which specific portion(s). The Director of Human Resources and/or the Senior Staff Member may meet individually with any person. If it is determined that a violation of this Policy has occurred, or if it is determined that no violation of this Policy has occurred but a violation of some other College policy, rule, or requirement has occurred, the Director of Human Resources and Senior Staff Member, after consultation with the Chair or other member of the HSMB, may impose an appropriate sanction, up to and including termination of employment.

The Director of Human Resources and the Senior Staff Member determination will include findings of fact and a rationale for the responsibility determination and sanction, if any. A preponderance of the evidence standard will apply to this determination. In the event the Director of Human Resources and the Senior Staff Member are unable to agree, they shall advise the President, who will appoint a third person to act as a tie-breaker.

Overall Time Frame for Investigation and Complaint Resolution

The College has established time frames with the goal of addressing and reaching a determination about all complaints in a timely and efficient manner. In general, parties can expect that the College will conclude all reports of Sexual Misconduct within sixty (60) days (exclusive of any appeal) and, in general, parties can expect that the process will proceed according to the time frames provided in this Policy. However, because circumstances may arise that require the extension of time frames—possibly beyond the overall sixty (60) day timeline—all time frames expressed in this Policy are meant to be guidelines rather than rigid requirements. Such circumstances may include the complexity of the allegations, the number of witnesses involved, the availability of the parties or witnesses, the effect of a concurrent criminal investigation, any intervening school break or vacation or other unforeseen circumstances. The College will provide written notice to all parties of the reason for any delay and the expected adjustment in time frames. The College will make its best efforts to complete the process in a timely manner by balancing principles of thoroughness and fundamental fairness with promptness.

If you are the Victim of Sexual or Domestic Abuse

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at Oneida Healthcare Center, 321 Genesee St. Oneida, NY 13421. In the State of New York, evidence may be collected even if you chose not to make a report to law enforcement. Minors (persons under the age of 18) will be treated, but the hospital must alert law enforcement due to state law requirements involving the protection of children.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault,
domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to College hearing boards/investigators or police.

Although the College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. The College will assist any victim with notifying local police if they so desire. The Kirkland Police Department may also be reached directly by visiting in person at 2 New Street, Clark Mills, NY 13321 or by calling 315-853-2924. The complainant may also choose to contact the New York State Police’s Bureau of Criminal Investigation, who routinely are the law enforcement agency that would investigate sexual and domestic abuse cases. Both agencies work closely with the College to support the victim. The New York State Police may be reached by dialing 315-366-6000. More information regarding contacting New York State Police can be found here: https://www.troopers.ny.gov/Contact_Us/Troop_Information/Troop_D/

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, Lisa Magnarelli, the Senior Associate Dean of Students/Title IX Coordinator via telephone at 315-859-4020 or email at lmagnare@hamilton.edu by calling, writing or coming into the office to report in person to the Dean of Students Office, which is located in the Elihu Root House, #25 on map and Campus Safety (if the victim so desires.) The College will provide resources, on campus off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Safety or law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the College, the below are the procedures that the College will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

**Assistance for Victims: Rights & Options**

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will
provide each victim with a written explanation of their rights and options. The College complies with New York law in recognizing orders of protection from Family Court, Criminal Court or the NY Supreme Court. Any person who obtains an order of protection should provide a copy to Campus Safety and the Office of the Title IX Coordinator. A complainant may then meet with Campus Safety to develop a Safety Action Plan, which is a plan for campus safety and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but in not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom location or allowing a student to complete assignments from home, etc.) The College cannot apply for a legal order of protection, no contact order, or restraining order for a victim from the appropriate jurisdiction. The victim is required to apply directly for these services. More information on how to obtain an order of protection, which order is appropriate, and which court to obtain the order from can be found here: [http://www.nycourts.gov/faq/orderofprotection.shtml](http://www.nycourts.gov/faq/orderofprotection.shtml) The College may issue an institutional “No Contact” order if deemed appropriate or at the request of the victim or accused party.

To the extent of the victim’s cooperation and consent, college offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal college investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20)). Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The College does not publish the name of crime victims nor house identifiable information regarding victims in the campus safety departments Daily Crime Log. Victims may request that directory information on file be removed from public sources by request by visiting your personal profile page on the College’s intranet and blocking identifying information. Requests may also be made to Campus Safety, Human Resources or the Dean of Students Office.

**Resources for victims of Domestic Violence, Dating Violence, Sexual Assault & Stalking**

**On Campus Support Resources**

The **Counseling Center** (315-859-4340) is a confidential resource for students whose staff can provide emotional support as well as information about reporting options. The Counseling Center also has a **Counselor on Call** available 24/7 (reached through Campus Safety at 315-859-4000).

The **Health Center** (315-859-4111) is a confidential resource for students whose staff provides medical assistance, and can share information about reporting options. After hours, **Emergency Medical Technicians** (EMTs) are available (reached through Campus Safety at 315-859-4000).

The **Chaplaincy** (315-859-4130) is a confidential resource for students and employees whose staff can provide pastoral counsel, emotional support, and information about reporting options. Visit the Chaplaincy site to learn how to contact individual staff in the Chaplaincy.

The **Campus Safety** (315-859-4000) is available to students and employees 24 hours a day, 7 days a week to respond to any community concern. Students who call Campus Safety after normal business hours may request to speak with the Dean on Call, who is a member of the Division of Student Affairs. Campus Safety and/or the Dean on Call will notify the Title IX Coordinator after responding to a call related to alleged Sexual Misconduct.

The **Employee Assistance Program (EAP)** (1-888-293-6948) through Besinger, DuPont & Associates is a confidential resource for employees regarding issues ranging from alcohol and
drug abuse to financial and legal concerns. The EAP also provides access to WorkLife services, which researches and provides referrals for a range of personal issues. For additional information visit https://www.advantageengagement.com/1120/login_company.php using username: standard, password: eap4u

The College’s Title IX Coordinator, Lisa Magnarelli, is also available to students and employees as an immediate resource. Talking with the Title IX Coordinator about a specific incident of sexual misconduct constitutes a report under this Policy to which the College must respond. However, general conversations or questions about Hamilton’s processes can remain private [see “Privacy of Resources”]. The Title IX Coordinator can provide information about all resources available to individuals who have experienced Sexual Misconduct, including where to obtain emergency mental health services and health care. The Title IX Coordinator can review and determine the immediate academic and administrative accommodations that can be made to protect a Hamilton community member who has experienced Sexual Misconduct. The Title IX Coordinator can also advise about options for reporting, including the option to report to local law enforcement, to initiate the on-campus resolution procedures, to do both, or to do neither. The Title IX Coordinator will provide guidance and assistance through the process of reporting on- and/or off-campus. She can be reached at 315-859-4020 or after hours through the Dean on Call (reached through Campus Safety at 315-859-4000).

Off Campus Support Resources

YWCA Rape Crisis Services (315-797-7740) is an anonymous hotline available to provide counsel as well as in-person assistance getting to a hospital or the police. If requested, YWCA Rape Crisis Service may also provide victim advocacy services.

Oneida Health Care (315-363-6000) is a hospital that provides a Sexual Assault Nurse Examiner (SANE) for medical attention (injuries from a sexual assault are not always immediately apparent) and collecting physical evidence (a “rape kit”). The College strongly encourages any individual who has experienced sexual violence to obtain a rape kit, which is critical: (1) to diagnose and treat the full extent of any injury or physical effect and (2) to properly collect and preserve evidence. There is a limited window of time (typically 72 to 96 hours) following an incident of sexual assault to preserve physical and other forms of evidence. Gathering such evidence does not commit an individual to pursuing legal action against the assailant, but does preserve that option. Although it may be difficult following a sexual assault, individuals who are considering or may consider legal action should try not to shower, rinse mouth, brush teeth or change clothes to allow for the maximum possible collection of evidence by a SANE nurse or other health care provider.

Hospitals are confidential resources and are not required to report any non-identifying information to the College or to anyone else. However, hospitals providing care to individuals reporting sexual assault are required to:

- collect and maintain the chain of custody of sexual assault evidence for not less than 30 days unless the patient signs a statement directing the hospital not to collect it;
- advise the individual seeking medical treatment related to sexual assault of the availability of the services of a local rape crisis or victim assistance organization to accompany the individual through the sexual offense examination;
- contact a rape crisis or victim assistance organization providing assistance to the geographic area served by that hospital to establish the coordination of non-medical services to individuals reporting sexual assault who request such coordination and services; and
- provide emergency contraception upon the patient’s request.

Even if an individual who has experienced sexual violence does not have injuries requiring
emergency attention, the College encourages that individual to seek medical care as soon as possible, whether at the Health Center or another health care provider or hospital. A medical evaluation is still important to check for physical injuries, reduce risk of complications from sexually transmitted diseases as a result of the assault, and/or (if appropriate) reduce risk of pregnancy.

In most instances, any health care provider will encourage an individual reporting Sexual Misconduct to authorize collection of evidence. For individuals who seek initial medical treatment at the Health Center and decide to proceed with evidence collection, the individual may be escorted to Oneida Health by Campus Safety or may choose to travel by taxi (the College will provide a voucher) to any chosen medical provider. A Complainant can receive follow-up health care at the Health Center or the chosen health care provider or hospital.

**Law Enforcement**

The College encourages anyone who is a victim of Sexual Misconduct to pursue criminal action for incidents that may also be crimes under applicable criminal statutes. The [New York State Police](tel:315-366-6000) or the Oneida County Sheriff (315-736-0141) can assist with pressing criminal charges following an incident in New York. The New York State Police also maintain a specific sexual assault crime reporting hotline (1-844-845-7269) which can be used.

**How to be an Active Bystander**
Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

The following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don’t know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
12. Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
   b. Be true to yourself. Don’t feel obligated to do anything you don’t want to do. "I don’t want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
   c. Have a code word with your friends or family so that if you don’t feel comfortable you can call

2 Bystander intervention strategies adapted from Stanford College’s Office of Sexual Assault & Relationship Abuse
them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

d. Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

**Appeals**

Either party may request an appeal of the Senior Staff Member’s final decision within five business days of being informed in writing of that decision. Acceptable grounds for an appeal are limited to:

- A sanction inconsistent with the severity of the violation or with stated community standards and precedents; and/or
- procedural error(s) that had a material impact on the fairness of the process (the Appeals Board is not to substitute its judgement on the merits for that of the Senior Staff member); and/or
- the discovery of previously unavailable relevant information that could significantly impact the result of the HSMRP’s determination

**Appeals Process: When the Respondent is a Student**

Either party may request an appeal of the Senior Staff Member’s final decision within five business days of being informed in writing of that decision. Acceptable grounds for an appeal are limited to:

- A sanction inconsistent with the severity of the violation or with stated community standards and precedents;
- procedural error(s) that had a material impact on the fairness of the process (the Appeals Board is not to substitute its judgment on the merits for that of the Senior Staff Member); and/or
- the discovery of previously unavailable relevant information that could significantly impact the result of the HSMRP’s determination

**Appeal Procedures**

Either party may submit a written request for an appeal to the Chair of the Appeals Board. In the request, the party must identify the specific grounds upon which the appeal is based and must provide all of the detail he or she wants considered in support of the appeal. (The Appeals Board will not consider submissions from anyone other than the parties themselves.) The Chair of the Appeals Board will inform the Senior Staff Member and Chair of the HSMB that an appeal request has been made and will invite them to review the appeal request and respond in writing within five days of that invitation.

Where an appeal is requested by the Respondent, the Complainant will be provided with a copy of the Respondent’s appeal and invited to respond. Where an appeal is requested by the Complainant, the Respondent will be provided a copy of the Complainant’s appeal and invited to respond. However, in either case, the Title IX Coordinator and HSMB Chair will review the appeal statement to determine whether the information contained therein is relevant and material to the determination of the appeal and, in general, the Title IX Coordinator and the HSMB Chair may redact information that is irrelevant, more prejudicial to a party or witness than probative, an unwarranted invasion of an individual’s privacy, or immaterial. The Title IX Coordinator may also redact statements of personal opinion rather than direct observations or reasonable inferences from the facts, and statements as to general reputation for any character trait, including honesty.
Within seven days of an appeal being filed, the Chair of the Appeals Board will schedule a meeting for consideration and disposition of the appeal. The Title IX Coordinator will provide the Appeals Panel access to the Investigation Report and any other written materials that were made available to the HSMRP. In considering the appeal, the Appeals Panel may request additional information from the Title IX Coordinator, the Senior Staff Member, or the Chair of the HSMB. Normally, the parties, Senior Staff Member, and Chair of the HSMB will not appear before the Appeals Panel, though they may be summoned at the discretion of the Chair of the Appeals Board.

The Appeals Panel may:

- uphold the original decision;
- remand the matter to the HSMRP. The Appeals Panel may (but is not required to) take this action when there is a procedural irregularity that could be corrected in a review or the presentation of previously unavailable relevant information that could significantly impact the result of the HSMRP’s determination;
- remand the matter to the appropriate Senior Staff Member with a recommendation that the penalty be modified, together with an explanation of why the original penalty is deemed inappropriate; or
- remand the matter to an ad hoc review panel composed of members of the HSMB not previously involved in the matter. This will be done only in extraordinary cases when, in the considered opinion of the Appeals Panel, the matter would be best addressed by a newly-constituted panel.

Any determination made following a remand of a matter is subject to appeal to the Appeals Board utilizing this same process. In that case, the Appeals Board may then issue a final determination on the matter.

In cases where the two members of the Appeals Panel do not agree, a third Appeals Board member will review the appeal and make a determination. If there is a conflict of interest, or a third member of the Appeals Board is unavailable, a member of the Faculty Appeals Board will be appointed by the Chair of the Faculty Appeals Board. The Appeals Panel will provide the parties, the Senior Staff Member, and the Chair of the Harassment and Sexual Misconduct Board written notice of its decision, including grounds for the decision, within 48 hours of its meeting. The record of the appeal will consist of the letter of appeal; any written statements from the parties, Senior Staff Member and/or Chair of the HSMB; and the written decision that acceptable grounds for an appeal were not asserted (if that is the case), and the outcome of the appeal. This record will be appended to the written record of the original decision and will be kept with it as part of the case file maintained by the Title IX Coordinator.

Decisions of the Appeals Panel are final.

**When the Respondent is a Faculty Member**

If the matter was processed under X.E of the Faculty Handbook, the faculty member shall have the rights provided therein and no others. For other matters, either party (but only parties themselves) shall have the right to appeal, in writing, to the President, within five days of receipt of the Dean’s determination. Grounds for appeal are limited to:

- a sanction inconsistent with the severity of the violation;
- procedural effort(s) that had a material impact on the fairness of the determination (the President is not to substitute his/her judgment on the merits for that of the Dean); or
- the discovery of previously unavailable relevant information that could significantly impact the Dean’s determination.

On appeal, the President may uphold the original determination, remand the matter for either further consideration by the Dean of Faculty and/or investigation, or modify or reject the determination. The President’s decision is final.

**When the Respondent is a Staff Member**

In those cases, either party (but only the parties themselves) may appeal the determination of the Director of Human Resources and the Senior Staff Member by submitting a request for an appeal in writing within five days of receiving notice of the determination to the President. Acceptable grounds for an appeal are limited to:
• a sanction inconsistent with the severity of the violation;
• procedural effort(s) that had a material impact on the fairness of the determination (the President is not to substitute his/her judgment on the merits for that of the Director of Human Resources and Senior Staff Members); or
• the discovery of previously unavailable relevant information that could significantly impact the result of the Director of Human Resources/Senior Staff Member’s determination.

On appeal, the President may uphold the original determination, remand the matter for either further consideration by the Director of Human Resources and Senior Staff Member and/or investigation, or modify or reject the determination. The President’s decision is final.

**Sex Offender Registration**

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

Informational questions about local laws or reports of civil crimes can be directed to the Town of Kirkland Police Department by telephone. KPD will not respond to a campus call without informing the Department of Campus Safety. Campus Safety officers may request additional support from KPD. As the local police authority, KPD is the contact agency for questions relating to our local sex offender registry. Community members may also access the New York State Sexual Offender Registry at the following web address:
