

- 3) Describe your ideal living environment.

- 4) What experiences have prepared you for the challenges of study abroad?

- 5) What would be your greatest challenges living in another culture, and how would you prepare yourself for these challenges? For example, how adaptable are you to unfamiliar places, routines, foods, etc? How flexible are you about disruptions and delays to schedules and plans?

- 6) What personal needs, preferences, interests, and habits do you have that you will need to consider when choosing a location and a program for study abroad? (Examples could include allergies, food preferences, low tolerance for noise/pollution, need for privacy, interest in music/art....)

- 7) What anxiety or concerns do you have about living in another country? Are there any special needs or accommodations you would want a study abroad program to be able to meet?

- 8) Which top three locations and/or study abroad programs are you currently considering? Why?
