

Printing and Quotas

Papercut™ has been recently implemented for managing laser printing on campus. Students have been assigned a quota for free printing ranging from approximately 850/sides/semester for first year students to 2000/sides/semester for seniors. Quotas will be restarted at the beginning of each semester.

You will not be charged if you go over your fall 2010 quota. At the end of the semester quotas will be studied to see where adjustments need to be made. You will be alerted when you approach your quota and will be allowed an overdraft of \$2.00 before you need to add additional money to your account. If you go over your quota, you can purchase a “top-up” card at the Circulation Desk in the Burke Library. These ‘top up’ cards will not cost anything until the spring 2011 semester.

If you have questions, please contact Dave Smallen (dsmallen@hamilton.edu).

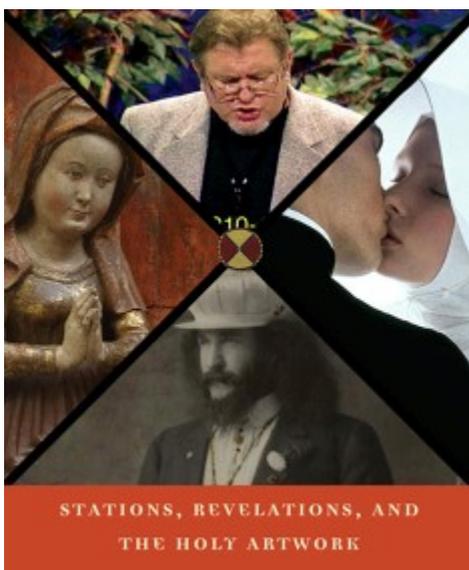

Library Research Skills Survey

The Hamilton College Library surveyed first-year students about their research skills using the Research Practices Survey, a standardized research skills test used by many of our peer schools. We'll share more complete results as soon as we have our report. Thank you to everyone who completed the survey and to the OL's for helping us get the response rate we did. We really appreciate it.

First Year student Justin Brown won the grand prize, an iPad. Orientation Leader Kayla Winters also won an iPad for having the most students in her orientation group fill out the survey. The following students won iTunes gift cards: Shaquan Phillip, Mackenzie Theobald, Emma Laperruque, Emily Grace and Amelia Kwiatkowski. The following students won gift certificates from Tony's Pizza: Ying Lin, Shannon Finner, Rachel Green, Kim Wang, Katherine Tomalonis, Kristine Oren, Jenna Durkee, Jason Driscoll, Daniel O'Kelly and Bradley Michaels.

Special Collections Materials Exhibited in Emerson Gallery

Currently on exhibit through January 2, 2011 at the Emerson Gallery is “Revelations: Images from The House of David and Mary’s City of David Collection at Hamilton College.” Believing that he was the seventh (and final) messenger foretold by St. John in his Revelation, itinerate minister Benjamin Purnell and his wife Mary established the Israelite House of David in 1903. Located in Benton Harbor, Michigan, the House of David was a communal society organized around the Purnells’ religious credo and belief that through abstinence and personal self-denial one would prepare the body for everlasting life. At its peak, the House of David had nearly one thousand members, owned several successful business enterprises and was famous for its barnstorming baseball team. This exhibition features archival materials from the House of David and its splinter community, Mary’s City of David, and examines whether objects produced for communal or spiritual benefit can change in meaning when their context changes. Library Web Pages

We are working hard to bring all of our web pages up on the new campus web site. The web site is almost fully functional, but we are still waiting for a few pages to be tweaked by the campus web team. Thank you for your patience, and we should have all of our pages up and running soon.

Quiet Study Area

The Third Floor of Burke Library is reserved for quiet study. Please be considerate of others working on the Third Floor. Turn cell phones off and keep conversations to a minimum. Thank you for your cooperation!
