

**If a Semester Abroad is in YOUR Future...
....Make it the FALL!**

Top 10 Reasons to Study Abroad in the

FEWER HASSLES

- More time (the whole summer!) to get your visa, immunizations, and all the other stuff done
- No worries that your paperwork won't arrive in time for your travel

BETTER PREPARATION

- Get the most from your study abroad by learning about your country or brushing up on language
- Plan your extra travel and look for special deals like rail passes and cheap flights

YOUR FIRST CHOICE PROGRAM

- Fall programs fill less quickly and are more likely to be flexible on requirements
- Fall is your best bet for popular, highly selective and limited enrollment programs

FEWER CROWDS

- Nationally, more people go abroad in the spring—beat the crowds!
- Fewer people on your program means more attention and assistance when you need it

KEEP YOUR CAREER PLANS ON TRACK

- Be back in spring to apply for internships or summer jobs
- Many fall programs won't cut into the summer before you go, either

Plus a few more....

- Don't miss graduation!
- The weather's better in northern Europe
- If you're going south, you're heading into summer!

You can apply for many Fall programs as early as January 2. Start planning now! Call x4022 for an appointment to discuss your plans for 2008-09.
