

*Sample Table:*

Table 1. Frequency of ABO blood types in Biology 210. The results are given as both the number and percentage of students with different blood types, and they are reported for both Monday's lab and for the entire course. The data are from 1981.

<u>Blood type</u>	<u>Monday Lab</u>		<u>All Sections</u>	
	<u>number</u>	<u>percentage</u>	<u>number</u>	<u>percentage</u>
A	6	23.1	47	32.9
B	4	15.4	26	18.2
AB	0	0.0	7	4.9
O	16	61.5	63	44.0
Totals	26	100.0	143	100.0

*Sample Figure:*

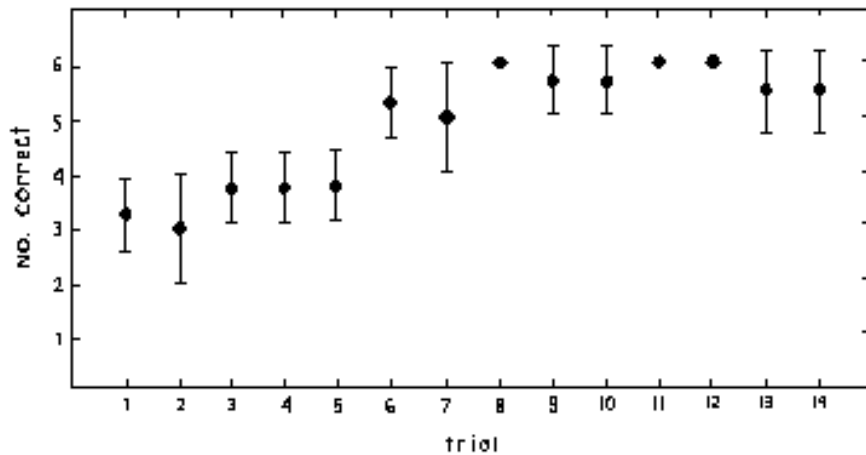

Fig. 1. Mean scores of all squirrels in the training trials. The scores represent the number of correct (rewarded) choices in the first six artificial caches visited. The trials took place over a 3-4 week period.
