

# Arcadia Freshman Fall in London Program

## Congratulations on your admission to Hamilton College!

Experience all the culture and excitement London has to offer. With thought-provoking lectures, engaging field study, and inspiring excursions and cross-cultural activities, this exclusive program is offered as an option for students admitted to Hamilton in collaboration with The College of Global Studies at Arcadia University.

- Arcadia's experienced, knowledgeable staff offer complete student support in both the U.S. and London.
- Courses in which you receive a B- or better will provide you credit towards your undergraduate degree at Hamilton College.
- Students will take classes on a university campus and have access to all university facilities, activities and clubs.
- A selection of classes is pre-approved for transfer credit so you can begin your experience at Hamilton as a second-semester freshman and graduate with your class. A required writing course reserved for Hamilton's "Jans" will satisfy one of Hamilton's "writing-intensive" requirements.
- Orientation programs (both prior to departure and in-country) are designed to prepare students for their college experience, and to provide them with the confidence to successfully navigate London.
- Students can take advantage of excursions and activities in and around London.
- Hamilton students are eligible for Arcadia scholarships.
- Students have the opportunity to attend Hamilton alumni receptions in London.
