Tindall Corners Water District (Town of Westmoreland) - PWS ID# NY3203514

To comply with State regulations, public water systems such as those listed above are required to issue a report describing the quality of your drinking water. The purpose of this report is to raise your understanding of drinking water and awareness of the need to protect our drinking water sources. These reports provide an overview of last year’s water quality. Included are details about where your water comes from, what it contains, and how it compares to State standards.

The Mohawk Valley Water Authority (MVWA) sells water to the systems listed above. The MVWA report includes all general information, required notification language and definitions. All purchase system reports include only the information specific to each system. Therefore, both the MVWA and Purchase System reports must be distributed together to the appropriate customers.

Please contact the Oneida County Health Department at 315-798-5064 if you have any questions regarding these reports.
