Driver's License Number:		Today's Date:	
Driver's License Expiration Date:		State:	
Any Moving Violations?: No <input type="checkbox"/> Yes (Explain Below) <input type="checkbox"/>			
**Relevant Details on Moving Violations:			

In order to evaluate your eligibility for insurance products provided by our insurance company, Hamilton College is required to order one or more reports provided by independent consumer reporting agencies. These reports are a necessary part of our review of your application and are used to verify or supplement information that you may have already provided to us. Examples of the type of consumer reports we may order include Motor Vehicle Report (MVR), and/or Insurance Claim Report. These reports are described below.

All reports that are ordered are impartial and will be kept strictly confidential. Our sole interest in the reports is to be sure that each applicant is evaluated fairly. Hamilton College will only use the information we obtain for business purposes, or by the insurance company(ies) to which we submit your applications(s). If you wish, we will provide you with the name, address, and phone number of any consumer-reporting agency from whom we request a report. At your request, the consumer-reporting agency will provide you with a copy of the report.

Motor Vehicle Report (MVR): A MVR is obtained from any state Motor Vehicles Department that has licensed you or other operators under your policy. This report reflects the driving record information they have on file for you including accidents and motor violations.

Insurance Claim Reports: Insurance claim reports, such as C.L.U.E. (Comprehensive Loss Underwriting Exchange) and others, are provided by independent consumer reporting agencies that collect claim information from many insurance companies. The claim information that is collected is retained and shared with other subscribing insurance companies.

**In order to evaluate your eligibility to drive a College vehicle, and to ensure your coverage under Hamilton College's insurance while you are operating a College vehicle, we will obtain a motor vehicle report on your driver's license from the state motor vehicle department that issued your license. This report will include all of your driver information including any traffic violations. Your approval to drive a College vehicle will be authorized once this report is received and approved by our insurance company.*

The below can be left blank if submitting for a renewal.
