

# ASSEMBLY POINTS FOR BUILDING EVACUATIONS

Generally speaking, the Hamilton College campus is divided into two different Campus Safety patrol zones based largely on geography. All buildings north of College Hill Road (with the exception of the Griffin Road Apartments and Facilities Management buildings on Miller Road) comprise “North Campus”, and all buildings south of College Hill Road (plus the Griffin Road apartments and Facilities Management buildings on Miller Road) comprise “South Campus”. It is important to note, however, that the selection of primary assembly points below is more practically based upon proximity to a nearby place of temporary relocation, assembly and shelter. In the event of a real emergency necessitating temporary relocation, assembly and shelter, very specific directions from Campus Safety and/or HERT regarding where evacuees should go will be communicated, which may or may not be based upon the north/south/east vernacular used below.
