*Evergreen Desolation* was composed by  
Laura Owens, '75, as part of her Senior Project,  
under the direction of Alan Heard, Associate  
Professor of Music. It is based on the following  
stanzas from a poem\* by Federico Garcia Lorca,  
Spanish poet and dramatist, 1899–1936.

*Nobody understood the perfume  
of your belly's dark magnolia  
Nobody knew how you tormented  
a hummingbird of love between your teeth*

*Always, always, garden of my agony  
Your blood flowing forever  
blood of your veins in my mouth  
your mouth now unlit for my death*
