

Racial Attitudes of 18-29 Year Olds

Appendix

Question #1a:

Some people feel that if women are not getting fair treatment in jobs, the government in Washington should see to it that they do. Others feel that this is not the government's business. How do you feel? Should the government in Washington see to it that women get fair treatment in jobs or is this not the government's business?

Question #1b:

Some people feel that if blacks are not getting fair treatment in jobs, the government in Washington should see to it that they do. Others feel that this is not the government's business. How do you feel? Should the government in Washington see to it that black people get fair treatment in jobs or is this not the government's business?

	Women						Blacks

For the following questions I'm going to give you statements on both sides of an issue and then I will ask you to place yourself on scale from 1 to 7, depending upon which statement comes closest to your own feelings.

Question #8a:

Some people feel that the government in Washington should make every effort to improve the social and economic position of women. Suppose these people are at one end of the scale at point number 1. Others feel that the government should not make any special effort to help women because they should help themselves. Suppose these

Women	249	4.4
18-23	269	4.1
24-29	209	4.1
<HS to HS	177	4.1
Some college to college +	303	4.1

Question #10:

Some people believe that their racial group has been hurt a lot by affirmative action programs. Suppose these people are at one end of the scale at point number 1. Others feel that their racial group has been helped a lot by affirmative action programs. Suppose these people are at the other end, at point 7. And of course, some other people believe that their racial group has not been affected by affirmative action programs one way or another. These people would be in the middle, at point 4. Where would you place your racial group on this scale?

1 2 3 4 5 6 7
Hurt a lot Not affected Helped a lot

	#	Average Score
Total	499	4.2
Whites	362	4.1
Blacks	53	4.8

Question #11a:

Some people say that affirmative action is a form of reverse discrimination. Suppose these people are at one end of the scale at point number 1. Others feel that affirmative action is necessary to level the playing field for women and racial and ethnic minorities. Suppose these people are at the other end, at point 7. And of course, some other people have opinions in between at points 2, 3, 4, 5, or 6. Where would you place yourself on this scale?

Question #11b:

Some people say that affirmative action is a form of reverse discrimination. Suppose these people are at one end of the scale at point number 1. Others feel that affirmative action is necessary to level the playing field for blacks. Suppose these people are at the other end, at point 7. And of course, some other people have opinions in between at points 2, 3, 4, 5, or 6. Where would you place yourself on this scale?

1 2 3 4 5 6 7
Reverse Level the playing field
Discrimination

point 7. And of course, some other people have opinions in between at points 2, 3, 4, 5, or 6. Where would you place yourself on this scale?

1 2 3 4 5 6 7
 Big problem Not a big problem

Some college to college +	129	20.2	223	34.9	265	41.5	22	3.4

Question #39

Imagine an election between candidates for President of the United States. Candidate A says that the U.S. should do much more than it is doing now to help blacks and other racial and ethnic minorities overcome decades of inequality and discrimination. Candidate B says that racial discrimination is largely a thing of the past, and that it is necessary to end programs like affirmative action and to begin treating everyone equally. Which candidate would you be most likely to vote for?

	Candidate A		Candidate B		NS	
	#	%	#	%	#	%
Total	468	46.7	480	48.0	53	5.3
Whites	322	42.3	397	52.1	43	5.6
