

Connecting to the Hamilton Guest Wireless Network for Reunions 2018

Guest Username and Password (EXPIRES 06/11/2018)

- Username: **hamevent**
- Password: **Hamilton.2018**

NOTE: This username and password are case sensitive

Connecting With Mac OS

1. Click on the airport/wireless icon at the top of the screen near the clock and click on **Hamilton Guest Wi-Fi** in the drop-down list.
2. Open a web browser (Firefox, Safari, etc.) and it will open the guest wireless access webpage. NOTE: You'll likely get a certificate error message and will need to accept the certificate or continue to the webpage.
3. Enter the guest username and password provided above, then click **Agree and login**. You'll now have Internet access.

Connecting With Windows 7, 8, 10:

1. Right-click on the wireless icon at the bottom of the screen and select **Hamilton Guest Wi-Fi** and click Connect.
2. Open a web browser (Firefox, Internet Explorer, etc.) and it will open the guest wireless access webpage. NOTE: You'll likely get a certificate error message and will need to accept the certificate or continue to the webpage.
3. Enter the guest username and password provided and click Agree and login. You'll now have internet access.

Please note: Guest wireless access is available campus-wide. Most outdoor areas also have wireless coverage when in close proximity to a building. In the event that there is a high concentration of people in one area, your connection may be slow.

Logging on to a Hamilton Barcoded computer to print

1. Use the same username and password to sign on to a Hamilton computer. In most cases, you will also need to precede the username with hamilton-d\
 - a. **hamilton-d\hamevent**

How to Get Support

If you have trouble connecting to or using the guest wireless network, please contact the LITS office at 315-859-4120.
